

CHALLENGE 6

Wrap a Christmas Gift

Every prospective Elf must be expert at wrapping presents of all shapes and sizes. Your class challenge is to wrap their present within a set time, complete with ribbon and a name tag!

You can group your class in teams or as individuals and the presents can be anything from an easy empty box to an inflated balloon or something even more complicated.

You could supply inexpensive wrapping paper, tissue or newspaper.

Points for the neatest, most creative, least recognisable etc!

Consumers in the UK will use **227,000 miles** of wrapping paper each year
over **83 square km** of this will end up in our bins!

This in turn means that the average household will get through four rolls of wrapping paper
