MUSEUMS OUTDOORS LIBRARIES LOCAL STUDIES ARTS

Inspired by Tameside's art collection, we have selected two of Lynne Chapman's illustrations from our collection to be the starting place for our crazy, mythical beast stick puppets!

You will find examples of Lynn's work on the next page. Do remember that you can get as creative as you want and make your own amazing beasts!

Instructions

1: We have provided templates for our 'beasts' but you can create your own illustrations.

2: If using the templates, please glue to the card before colouring in.

3: Using felt tip pens or coloured pencils, colour in and decorate.

4: Time to cut out your 'beasts'!

5: Next, glue each dragon onto the end of a lolly stick (or alternative) and allow to dry.

Your dragons are now ready to go on an Easter egg hunt!
Perhaps you could ask a friend to go on the hunt with you?

You will need:

- * Printable template *or you can design your own
- * Card
- * Lolly sticks or wooden skewers, paper straws or rolled up pieces of paper
- * Felt tip pens or Coloured pencils
- * Scissors
- * Glue

EXAMPLES: Lynne Chapman's illustrations from Tameside's art collection. To see more of Lynne's amazing book illustrations please visit: [Lynne Chapman – ILLUSTRATOR](#) where you will also find lots of amazing learning resources to inspire you further.

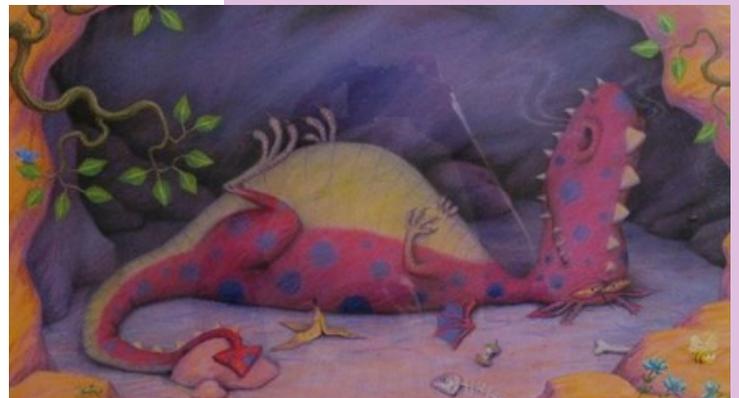

Dragon and Fox, by Lynne Chapman, pastel on paper

Could your illustrated stick puppets inspire a super story of your own? Perhaps your dragons could be going on a magical chocolate Easter egg hunt and the trouble is, they eat far too much chocolate and can't get home!

If you do create your own story we would love to hear all about it, why not share it with us at: [@tmbc_culture](#)
