

Family fun at home from Tameside Culture

MAKE A rainbow cloud mobile

Cut out two cloud shapes from white card. Now make several rainbow stripes from either colouring in or using coloured paper. On one cloud draw a funny face and then on the other write something like 'Keep Safe!'. Stick your rainbow stripes on the back of the face cloud. Glue the back of each of your clouds together, trapping rainbow stripes within. The last thing you will need to do is make a hole near the top of your cloud and thread string, making a loop.

Yay! Your rainbow cloud is complete and ready to hang in your window!

Look out for more activities coming soon.
