

Hi All, Greater Manchester Combined Authorities (GMCA) have now produced a number of social media digital assets to support the Early Years resource pack we emailed you about recently which aims to support families through the current pandemic with the return to schools, nurseries and childminders. The aim of the assets is to remind parents and carers that feeling anxious or worried is normal under the current circumstances and that help and support is available. There is a range of assets included in this pack to support children who attended childminder and nursery settings.

Attached are some suggested social media posts to promote both the nursery film and childminder film and in the links below are the assets we have created for you to download and put with the social media post.

Everything can be downloaded here: <https://we.tl/t-u4pSG0yGMd>

They have also been uploaded to Dropbox here:
