## Community Hive Celebration Event

Community Hive and Partners event confirmed 16<sup>th</sup> March at St Barnabas Meeting Point Hattersley Thrive Partners to attend and share alignment. We would like to encourage partners to share alignment with Thrive Quadrants. CYP co-design group creating Thrive wall chart for event and would like partners to add service logo/info for visual.

Feedback from partners that allowing opportunity for young people and parents/carers to ask questions and find out info on services is needed, also opportunity for other local services to attend and share what we all do.

**Group would like as many services as possible contributing to the evening and representation from statutory services to provide families with a well-rounded view of local offer.**

## Childrens Mental Health Week 6<sup>th</sup> – 12<sup>th</sup> February 2023 'Let's Connect'

Youth Council planning talks & discussion sessions – worry tree and consultations.

Kooth daily discussions online around the topic "lets connect", also releasing support brochures and running parent workshop.

Community Hive Poetry competition Hattersley Hub launching 6<sup>th</sup> February

## Navigating the System

Discussed the importance of keeping up to date and relevant and circulating the CYP and Adult leaflet. Ongoing feedback encouraged on anything people think is missing/needs adding

## Training Opportunities

CYP training  
opportunities 22.23.

**Health Education England** - All of the training opportunities included within the brochure are either funded by HEE or are available via free online learning. There are no additional costs to services for learners to attend the training programmes. Available now and booking links have been included for those courses. There are a number of training courses that will become available between January - March 2023 and we will share information about this training via email as and when the training becomes available.

Please note that training opportunities are open to VCSE staff, however, priority is given to NHS staff.

## Themes & opportunities

All agreed that there has been an increase of young male access to services. Attendees also highlighted again the good work Tameside services are offering at present but feel more needs to be done to showcase this work both individually and collectively with support from stat services.

**Would like to see representation on meetings from school representatives, commissioners, and stats.**
