

Rapid lateral flow tests Christmas and New Year

- Please continue to do regular home testing and ‘flow before you go’ to detect the virus and avoid passing it on over Christmas and New Year
- You can get home lateral flow test kits from:
 - **Your local pharmacy.** Get a collect code if you can from www.gov.uk/coronavirus , however pharmacies should not refuse anyone who doesn't have a collect code. Look up your nearest supplier here: Find where to get rapid lateral flow tests - NHS test-and-trace.nhs.uk/
 - **Tameside libraries** www.tameside.gov.uk/libraries/Covid19#OpenLibs
 - **Active Tameside leisure centres** activetameside.com/centres/
 - **Order online** at www.gov.uk/coronavirus for a kit to be posted to your home. If demand is high, you may be asked to try again the next day.
