

TAMESIDE SKILL CENTRE

Part of the Growth Company (formerly The Skills Company)

16 TO 18 YEARS—
UP TO 19 IF BORN AFTER 01/09/1999

Information about our courses from August 2018—running throughout the year

CSCS Card—8 week course for 16 to 18 years

Construction Level 1 & 2—Full time courses

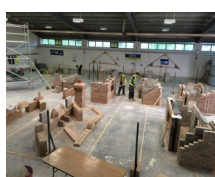

Get into Care—Level 1 Health & Social Care/ Childcare qualification

Business Admin, Customer Service & Employability

On site Construction workshop

Fully experienced and qualified Tutors. Students are given the opportunity to develop skills in Bricklaying, Joinery, Painting and Decorating in our custom workshop in Ashton.

They will also develop their Maths and English skills—up to GCSE and have the opportunity to take part in enrichment and employability activities to improve their personal skills and job readiness.

New CSCS Card Course

Free 8 week course for eligible students to enable them to take up employment in the Construction Industry. Level 1 Health and Safety Award in a Construction Environment and practice for the CSCS Health and Safety Green Card test. One test will be booked and paid for at the end of the course—subject to participation and attendance. We will also fund and help students apply for their CSCS card.

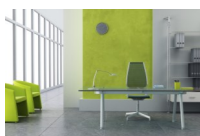

Courses starting in August then at different times throughout the year.

Get into Care

Level 1 Course with Health and Social Care or Childcare options. Students will also develop their Maths and English skills (up to GCSE). Also includes work experience, enrichment and employability activities to improve personal skills and job readiness.

Business Administration, Customer Service, GCSEs and Employability

We also offer courses in Business Admin and Customer Service. Employability with different vocational options for students who are unsure what they want to do.

GCSE in Maths and English retakes and functional skills Maths and English are also available.

We offer small class sizes with friendly, experienced and supportive staff. All students are allocated a key worker who can offer additional support. We have a breakfast club and all equipment (including PPE) is supplied.

Our courses run throughout the year and students do not need any experience or qualifications.

Students have the opportunity to study for recognised qualifications and take part in enrichment activities. All courses are free and don't affect any benefits students or their parents/carers are claiming.

All students receive a weekly bursary to cover travel and meals. We also offer bonus payments for attendance, progress and achievement.
