

BIG GARDEN BIRDWATCH

The Big Garden Birdwatch is a simple bird survey that families can take part in and enjoy together.

This activity is about counting the number of birds in your garden or nearby greenspace grounds. It only takes an hour, so is a great way of getting outdoors and helping wildlife. The results also contribute to The Big Garden Birdwatch – the world's largest wildlife survey. The Big Garden Birdwatch is an annual event that takes place January to February each year.

How to take part.

Choose an hour time slot during 29 - 31 January.

During this hour, record the birds you see. Record the maximum number of birds you see at any one time.

Submit your results on the Big Garden Birdwatch website at: rspb.org.uk/birdwatch

Back home there are lots of other activities to take part in at: www.tameside.gov.uk/culturecrafts or on the RSPB website.

Did you know one of the RSPB's first and oldest reserves is in Tameside?

Eastwood Nature Reserve is next to Cheetham Park in Stalybridge.

During February 2021 we are focussing on our garden birds.

There will be a 'Design a Nest Box' competition so keep a look out on facebook for details.
