

Please put on the website and send to all EYS, childminders and OScs

As part of the Early Years Resource Pack, a childminder film has now been developed to sit alongside the nursery film. You can find this updated film on the Mental Health pages of the Health and Social Care Partnership website here: <https://hub.gmhsc.org.uk/mental-health/resources-for-early-years-settings/>

We have also added an FAQs page to our GMCA website and the resource pack aimed at helping parent/carers to support their child's social and emotional wellbeing. They have been developed by a number of professionals across Trafford Council and Clinical Commissioning Group, including Health Visitors, Early Help professionals, Clinical and Educational Psychologists and specialist early years teachers. <https://www.greatermanchester-ca.gov.uk/coronavirus/support-for-parents-families-and-young-people/frequently-asked-questions/>
