## My Job...

I work with children and young people like you to find out about how they learn, think and feel.

I try to find out what they are good at and what they would like more help with. Then we can think together about what they can do for themselves and what other people can do to help them.

I am an "Educational Psychologist" but you can call me Leanne.

## What people like about me...

I am caring.  
I can be silly and loud.  
I can work out how to fix things .

## What I would like to get better at...

Running  
Playing the piano  
Speaking French and Spanish

## What we might do...

When I come to meet you I will introduce myself and will talk to you about what we might do together.

We will have a chat about what is important to you. ...

We could also play games, draw pictures, make things or do some different activities or tests. Don't worry; we'll make it interesting and fun!

## What happens if you don't want to work with me...?

If you have any questions or worries, maybe you could talk to an adult that you know before we meet.

After we have worked together, I will ask you how it went so you can tell me what you think. If you really don't want to work with me, you don't have to!

See you soon, Leanne 😊
