

# Van and twin axle trailer permit

## Residents only, strictly no trade waste

**From 01 December 2021, you will require a permit to access the household waste recycling centre or transfer station if you drive a van (including pick ups) or twin axle trailer**

This is the next phase of the access restrictions policy which came into effect in February 2020 to deter trade waste abuse at the recycling centres and improve access for residents disposing of their household waste.
