To whom it may concern

We wish to object to building on our greenbelt due to the impact on the environment our wildlife flora and fauna and the impact on our towns and villages which are already congested and will have a detrimental impact.

We wish to object to Godley Green village and the lack of infrastructure and investment in the local area the roads are full of potholes there is traffic fumes which impacts the clean air and there are no decent facilities for those wanting to live there shortage of school places lack of doctors dentists and other health care with a truly dreadful hospital service.

We would ask you to consi4each town that has their own individual identity.

We consider you have ruined the markets in each town Denton has fountains that attract anti social behaviour Hyde has a giant parasol which is out of place Ashton looks like a war zone.

We would ask you to reconsider the options and look at

Brownfield sites only

Use of empty properties

Utilise unused office buildings

Re use dilapidated buildings such as Hyde Library.

Please think about the residents and people who use our towns and villages

Our town centres have a lack of investment all you seem to do is move the bus station

Where are the trees and garden areas it helps our mental health and well being.

We hope you will listen and reconsider but seriously doubt it.

Tameside has the worst elected members Brenda the Bulldozer Warrington

Team Denton South the vile WhatsApp messages

we have nothing and no one to represent us now.

We wish to comment on some of the proposals

Building on our greenbelt we object to this as nature needs a natural habitat We have bat's Foxes badgers voles birds insects all provide a valuable eco system we need clean fresh air to allow us to breathe and relax. We do not need any more badly designed houses and traffic causing congestion in Tameside. Also each town has its own identity.

Godley Green Village we object to this due to a lack of infrastructure not enough doctors dentists or school places available also more traffic there has been no investment in the area to encourage anyone to live there.

Brownfield first we feel Tameside should adopt this policy and any empty properties be renovated and used. Empty office buildings can be brought back to use we see Hyde Library will be not before time but it was gifted to the people of Hyde.

You demolished the conservatory in Stamford Park shameful a disgrace

Town Centre Markets now ruined fountains in Denton encourage anti social behaviour a giant parasol in Hyde useless Ashton looks like Beirut now.

Sadly you have never consulted local people properly, You have allowed a social housing company to develop the old Rectory site in Haughton Green to build flats on a road used as a bridle way it is used by horses not suited to cars and no footpath access for anyone.

We hope you will listen but doubt you will this is about money not people or the environment the local WhatsApp messages councillors are a disgrace they don't represent us and never did. Brenda the bulldozer Warrington is a disgrace locally has despised her constituents yet is still there and has pushed through the closure of our library we have nothing left now. All we can do is continue to campaign to protect our local community.

Anne Keighley
Haughton Green

Denton.
