Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Broadly very supportive of the well laid out plans however Jobs must take the highest priority - we cannot see transformative improvement where we live without more residents working in the borough in well paid and rewarding jobs

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

Supportive

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

Very happy with the plans here

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Very happy with the plans here

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

No opinion

Subject: Objection to Cedar Avenue Proposal for 35 new Homes

[You don't often get email from [REDACTED]. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

Caution: This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender ([REDACTED] or know the content is safe. If in doubt, click 'Report Message' at the top of your inbox and select 'Phishing'

Hi,

I am a resident on [REDACTED] and I would like to object to the planning proposal to build 35 more homes behind Cedar Avenue.

This land currently provides shelter to horses and there is also lots of wildlife which lives on the fields. I believe building more houses here would harm the nature adjacent to our estate and result in an unnecessary overdevelopment, taking away from the character of [REDACTED].

In addition, there is already enough traffic in the area, any slight roadworks on Huddersfield Road cause an absolute bottleneck and can make the travel to Stalybridge town centre up to a half an hour journey. Adding more homes to this area would only exacerbate the issue.

Many thanks,
[REDACTED]

#####

To whom it may concern

I wish to express my objections for the development of properties planned on the cypress oaks/ spindle point green space based on the grounds below.

1: Traffic & Safety Concerns.

I object to the proposed development on the grounds that it will significantly increase traffic on huddersfield Road. The risks of accidents near schools crossing local residents. The Site is home to a variety of wildlife. Including badgers, bats, and deer, which are protected under UK law. The proposed works would destroy habitats and reduce biodiversity. No adequate ecological survey has been provided to assess or mitigate this impact. Noise, light or air pollution. Loss of privacy or overshadowing. Overdevelopment or inappropriate land use. Impact on doctors' surgeries and schools. Environmental impacts of the loss of trees impact on water supplies. The impact on the natural beauty and character of the area. Additionally my horses are stabled on this land. Resulting in much upset and unsettlement to move my horses and find alternative grazing and stabling for them.

I respectfully request that the application is refused.

HSP S2J: Allocation3: Manley Grove Mottram (0.74 hectares): for around 26 new homes

Please find my observations regarding the above possible future development.

The proposal to replace a significant area of land previously used by the local community for recreational purposes with housing is unsurprising. The land historically was bequeathed to the local community by a local landowner was used for recreational purposes and consisted of open land, play park, football pitches, cycle track and gymnasium. The majority of this land has now been used for the new Hawthorn School and its grounds. However, this left an adjacent strip of land between the school grounds and Hyde Road A57.

Our focus has been on this strip of land and after consultation with council officials this section has been retained for recreational use by the local community. The council are currently working with the school developers to make good this land which was left in a poor state by them, but have placed two stiles, one at the westerly end, the other at the easterly boundary and is used currently by residents. Your map does not confirm this piece of land with a boundary other than the red line determining the building plot at its easterly margin.

The easterly entrance is accessed presently by using the part of the original right of way off Hyde Road (shown on the map) along the petrol station boundary. Then by taking a right turn and across the land proposed for possible future development (about a 5mtr distance) the stile is arrived at. In the last month the council have confirmed this access (path) by surfacing it with grit to make it more walkable for residents.

Can you assure us that this access will be safeguarded and accessible to the general public during any development in the future.

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

Q17

Respondent skipped this question

What are your thoughts on Policy HSP S2F: Denton?

Q18

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

Q19

Respondent skipped this question

What are your thoughts on Policy HSP S2G: Droylsden?

Q20

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2G: Droylsden?

Q21

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Area in Policy HSP S2G: Droylsden?

Q22

Respondent skipped this question

What are your thoughts on Policy HSP S2H: Dukinfield?

Q23

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2H: Dukinfield?

Q24

Respondent skipped this question

What are your thoughts on Policy HSP S2I: Hyde?

Q25

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2I: Hyde?

Q26

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2I: Hyde?

Q27

Respondent skipped this question

What are your thoughts on Policy HSP S2J: Longdendale?

Q28

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2J: Longdendale?

Q29

What are your thoughts on Policy HSP S2K: Mossley?

Mossley is overbuilt. Not enough infrastructure to support. Land at Hey farm should not be built on. No transport links or infrastructure. Land is flood plain

Q30

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

Mossley is overbuilt. Not enough infrastructure to support. Land at Hey farm should not be built on. No transport links or infrastructure. Land is flood plain

Q31

What are your thoughts on Policy HSP S2L: Stalybridge?

Love the plans for the town centre and Brown field Land behind the station. The casey plans for Millbrook are not strong enough. The company should be forced yo provide greenspace alongside the housing 60 40%. The Land provides soakaway for flooding

Q32

What are your thoughts on the proposed development allocations in Policy HSP S2L: Stalybridge?

Mossley is overbuilt. Not enough infrastructure to support. Land at Hey farm should not be built on. No transport links or infrastructure. Land is flood plain

Q33

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

Mossley is overbuilt. Not enough infrastructure to support. Land at Hey farm should not be built on. No transport links or infrastructure. Land is flood plain

What are your thoughts on Policy HSP HSP C8: Food, Drink and Leisure Uses in Centres?

Respondent skipped this question

Q45

Respondent skipped this question

If you have any further comments on the Centres chapter of the plan, please provide them below.

Page 7

Q46

What are your thoughts on the strategic objective for Environment?

Can we be sure that due consideration is given to concerns raised

Q47

No - if No, we'll move on to the next strategic objective - 'Homes'

Do you wish to answer questions on each of the policy approach under the 'Environment' strategic objective?

Page 8

Q48

Respondent skipped this question

What are your thoughts on Policy HSP E1: Renewable and Low Carbon Energy?

Q49

Respondent skipped this question

What are your thoughts on Policy HSP E2: Surface Water and Water Efficiency?

Q50

Respondent skipped this question

What are your thoughts on Policy HSP E3: Biodiversity and Geodiversity?

Q51

Respondent skipped this question

If you have any further comments on the Environment chapter of the plan, please provide them below.

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

We need new homes without a doubt but all issues and concerns need to be fully considered and addressed

Q53

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

No - if No, we'll move on to the next strategic objective - Jobs

Page 10

Q54

Respondent skipped this question

What are your thoughts on Policy HSP H1: Housing Size, Type, Mix and Tenure?

Q55

Respondent skipped this question

What are your thoughts on Policy HSP H2: Meeting Affordable Housing Needs?

Q56

Respondent skipped this question

What are your thoughts on Policy HSP H3: Meeting specific housing needs?

What are your thoughts on the proposed development allocations in Policy HSP S2H: Dukinfield?

Q24

Respondent skipped this question

What are your thoughts on Policy HSP S2I: Hyde?

Q25

What are your thoughts on the proposed development allocations in Policy HSP S2I: Hyde?

Regarding the old Leigh street school proposed site:

Residents already have issues parking on the surrounding streets, where will future residents go?

The traffic on the surrounding streets is bad during rush hour.

There aren't enough dentist and doctor appointments for current residents.

Other things that should be taken into consideration:

The noise and disruption the building works would cause to local people.

The damage to wildlife in the field.

Q93

No - if No, we'll move on to the Policies Map and Integrated Assessment

Do you wish to answer questions on each of the policy approach under the 'Places' strategic objective?

Page 18

Q94

Respondent skipped this question

What are your thoughts on Policy HSP PL1: Archaeology and Scheduled Monuments?

Q95

Respondent skipped this question

What are your thoughts on Policy HSP PL2: Listed Buildings - Alternative Uses, Additions, Demolition and Development Within Their Setting?

Q96

Respondent skipped this question

What are your thoughts on Policy HSP PL3: Conservation Areas - Managing Development Within or Adjoining?

Q97

Respondent skipped this question

What are your thoughts on Policy HSP PL4: Historic Parks and Gardens - Managing Development?

Q98

Respondent skipped this question

What are your thoughts on Policy HSP PL5: Designated Heritage Assets - Energy Efficiency and Renewable Energy Generation?

Q99

Respondent skipped this question

What are your thoughts on Policy HSP PL6: Non-Designated Heritage Assets?

Q100

Respondent skipped this question

What are your thoughts on Policy HSP PL7: Landscapes, Townscape and Urban Form?

Q101

Respondent skipped this question

What are your thoughts on Policy HSP PL8: Design and Amenity?

Q102

Respondent skipped this question

What are your thoughts on Policy HSP PL9: Design of Residential Additions, Alterations and Extensions?

Q103

Respondent skipped this question

What are your thoughts on Policy HSP PL10: Design of Commercial Frontages?

Q104

Respondent skipped this question

What are your thoughts on Policy HSP PL11: Outdoor Advertisements and Signage?

Q105

Respondent skipped this question

What are your thoughts on Policy HSP PL12: Design and Enhancement of the Waterside?

Q106

Respondent skipped this question

What are your thoughts on Policy HSP PL13: Design of Public Realm and Urban Space?

Q107

Respondent skipped this question

If you have any further comments on the Places chapter of the plan, please provide them below.

Page 19

Q108

Respondent skipped this question

If you have any comments on the Policies Map, please provide these below.

Q109

No

Do you consider that the Integrated Assessment has adequately assessed the potential environmental, social, and economic impacts of the proposed policies and allocations within the Plan?

Q110

Please give a reason for your answer

No social impacts have been considered. A poster was pinned to a gate - most residents didn't know about the proposed plans until people who had seen the posted spread the word. A letter should have been posted to each household.

Q111

Respondent skipped this question

Are there any sections of the Integrated Assessment that require further explanation or clarification?

Q112

Respondent skipped this question

The evidence supporting the plan has been published as part of this consultation. If you have any comments on the available evidence, please provide these below.

Q113

Respondent skipped this question

If you have any comments on the proposed monitoring framework, please provide these below.

Q114

Respondent skipped this question

If you have any other comments you wish to make on the plan not previously covered, please provide these below.

#####

To the Planning Policy Team,

I am a resident of [REDACTED] Hattersley and a parent of a young child who attends [REDACTED]. I am writing to formally object to the Kerry Way (HSP S2J:1) industrial allocation. This proposal is legally unsound and non-compliant with the NPPF.

1. Procedural Unfairness: A site notice was only displayed on Feb 13th, just 7 days before the deadline. This is a breach of the Gunning Principles and the Council's own Statement of Community Involvement. We have been denied a fair chance to consult.
2. Impact on Children & Health: Building a 24/7 heavy industrial site next to the Discovery Academy is a breach of the Public Sector Equality Duty. The noise and air pollution from constant HGV traffic will directly harm the health of local children and elderly residents.
3. Traffic Danger: Hattersley Road West cannot handle the volume of HGVs proposed. Under NPPF Paragraph 115, this will create a "severe" impact on road safety and local congestion.
4. Residential Amenity: The plan fails to provide adequate, enforceable noise and landscape buffers to protect the homes at Kerry Way and the proposed Manley Grove housing.
5. As a local resident and parent, I am gravely concerned about the impact of 24/7 HGV fumes and noise on my family's health.

I urge the Council to remove this site from the plan immediately. I reserve the right to seek a Judicial Review based on these procedural and substantive flaws.

Regards,
[REDACTED]

Page 7

Q46

What are your thoughts on the strategic objective for Environment?

I disagree with the proposals surrounding Solar PV Opportunity Areas and the approach taken to date in identifying them

Q47

Yes

Do you wish to answer questions on each of the policy approach under the 'Environment' strategic objective?

Page 8

Q48

What are your thoughts on Policy HSP E1: Renewable and Low Carbon Energy?

There is insufficient information, and apparently work done, to justify the inclusion of any proposed Solar PV Opportunity Areas in the Draft Policy Map or in the HSP (by reference to the LAEP in paragraph 7.16 which suggested the Areas shown on the Policies Map). The LAEP report is based on work done in 2021 and said further work was required. But none has apparently been done since then produced in 2021. The LAEP report merely contained possible sites for Solar PV. That should not lead to them being "Proposed" as such Areas by the Council without full analysis of each Area and how they meet or conflict with all other policies, and what other non Green Belt Areas could also be used for Solar PV.

Q49

Respondent skipped this question

What are your thoughts on Policy HSP E2: Surface Water and Water Efficiency?

Q50

What are your thoughts on Policy HSP E3: Biodiversity and Geodiversity?

I agree that Sites of Biological Importance should be conserved and enhanced, and opportunities should be sought to expand them. Thus Solar PV Areas should not be proposed near them.

Q51

Respondent skipped this question

If you have any further comments on the Environment chapter of the plan, please provide them below.

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

OK in principle

Q53

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

No - if No, we'll move on to the next strategic objective - Jobs

Page 10

Respondent skipped this question

Q67

If you have any further comments on the Jobs chapter of the plan, please provide them below.

Respondent skipped this question

Page 13

Q68

What are your thoughts on the strategic objective for People?

I strongly agree with the need for people to be able to access and enjoy the countryside

Q69

Yes

Do you wish to answer questions on each of the policy approach under the 'People' strategic objective?

Page 14

Q70

Respondent skipped this question

What are your thoughts on Policy HSP PE1: Development and Healthier Environments?

Q71

What are your thoughts on Policy HSP PE2: Protection and Enhancement of Open Spaces?

I agree the Council should protect and enhance open spaces. Solar PV should not be built on Green Belt and attractive countryside used by local people for walking etc.

Q72

Respondent skipped this question

What are your thoughts on Policy HSP PE3: Open Space Provision in New Developments?

Q73

What are your thoughts on Policy HSP PE4: Strategic Recreation and Countryside Access?

The Solar PV Opportunity Areas that are in the immediate vicinity of rural routes, cycling, horse riding, walking, should be removed from the Draft Policies Map and not be taken forward as Proposed Solar PV Opportunity Areas

Q74

Respondent skipped this question

What are your thoughts on Policy HSP PE5: Indoor and Outdoor Sport and Recreational Facilities?

Q75

What are your thoughts on Policy HSP PE6: Peak District National Park?

I agree the Council should restrict development that has the potential to adversely affect the purposes on the National Park. So again, no areas should be proposed as Solar PV Opportunity Areas that are visible from the National Park. Thus those currently proposed to the east and south east of Stalybridge, which will be visible from the National park, should be removed.

Q76

Respondent skipped this question

What are your thoughts on Policy HSP PE7: Early Years, Schools and Post-16 Education Facilities?

Q77

Respondent skipped this question

What are your thoughts on Policy HSP PE8: Provision of Health and Social Care Facilities?

Q78

Q106

Respondent skipped this question

What are your thoughts on Policy HSP PL13: Design of Public Realm and Urban Space?

Q107

Respondent skipped this question

If you have any further comments on the Places chapter of the plan, please provide them below.

Page 19

Q108

If you have any comments on the Policies Map, please provide these below.

The proposed Solar PV Opportunity Areas should be removed until the appropriate analysis of each has been undertaken. They are taken purely from work in 2021 for the LAEP which did not have sufficient regard to all other policies. And no further analysis has been undertaken. These Areas were not shown on the Policy Map until late 2025. No detailed evidence has been provided in support of each Area. So the proposed Areas should be withdrawn from the map (and HSP) until further detailed analysis has been produced and published for consultation.

Q109

No

Do you consider that the Integrated Assessment has adequately assessed the potential environmental, social, and economic impacts of the proposed policies and allocations within the Plan?

Q110

Please give a reason for your answer

It is far too long for me to read now when submitting my views

Q111

Respondent skipped this question

Are there any sections of the Integrated Assessment that require further explanation or clarification?

Q112

The evidence supporting the plan has been published as part of this consultation. If you have any comments on the available evidence, please provide these below.

There is insufficient evidence or data, in fact little or none, as to how each proposed Solar PV Opportunity Area has been considered, its impact on other policies, and what other Areas could have been proposed and were not and why not. The LAEP and Methodology Design has been provided, but that is not sufficient.

Q113

Respondent skipped this question

If you have any comments on the proposed monitoring framework, please provide these below.

Q114

If you have any other comments you wish to make on the plan not previously covered, please provide these below.

I do not think there has been sufficient communication of the proposed Solar PV Opportunity Areas. They were only shown on the Policy Map in late 2025, having been suggested by a third party organisation in 2021/22. Details of the Areas were not provided at the Library events, despite them covering a much area of land than the Strategic sites - details of which were provided at the library events. There have been no notices affixed to posts etc in the proposed Solar PV Areas alerting the general public, and particularly those using those Areas, of the proposed change of use of that Green Belt land.

Introduction

My Name is [REDACTED], I am a resident of Hattersley, I have lived here my whole life. I have children that attend [REDACTED].

I do not want the planning to go ahead. The traffic on and around the area is already too busy, there are no safe crossings to any school or parks. A lot of our green spaces have already been built upon. I have a child who suffers severely with Asthma, the fumes from the HGV and more incoming traffic will only add to stress on his lungs.

One of the reasons I remain as a Hattersley resident is to be as far away as I can be from any place that has large traffic fumes and congestion as I believe it's bad for the health of my family.

Please see below for the formal objection.

I am a resident of [REDACTED] and I am writing to formally object to the Kerry Way (HSP S2J:1) industrial allocation. This proposal is legally unsound and non-compliant with the NPPF.

1. Procedural Unfairness: A site notice was only displayed on Feb 13th, just 7 days before the deadline. This is a breach of the Gunning Principles and the Council's own Statement of Community Involvement. We have been denied a fair chance to consult.
2. Impact on Children & Health: Building a 24/7 heavy industrial site next to the Discovery Academy is a breach of the Public Sector Equality Duty. The noise and air pollution from constant HGV traffic will directly harm the health of local children and elderly residents.
3. Traffic Danger: Hattersley Road West cannot handle the volume of HGVs proposed. Under NPPF Paragraph 115, this will create a "severe" impact on road safety and local congestion.
4. Residential Amenity: The plan fails to provide adequate, enforceable noise and landscape buffers to protect the homes at Kerry Way and the proposed Manley Grove housing.

I urge the Council to remove this site from the plan immediately. I reserve the right to seek a Judicial Review based on these procedural and substantive flaws.

Regards, [REDACTED]

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Building in the right spaces with a good infrastructure that can cope with the traffic and footfall is positive. However, where spaces are limited and so is parking, it is not a good option.

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

This is 16 years in the future, have you thought about how many people will have died by then? If not, start rethinking your plans . They have in one form or another been submitted before. This has has been going on for years, all you are doing is destroying the community in spirit and soul.

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

Absolute Garbage

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

Please speak English, Policy HSP S2A does not mean anything to the people who live here

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Please speak English, Policy HSP S2B does not mean anything to the people who live here

[REDACTED]

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Infrastructure needs to be in place to support the new housing. The water pressure in our area has declined since housing was built on Jamworks so a pump station needs to be built or pressure improved if more houses are to be built.

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

N/A

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

N/A

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

N/A

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

N/A

N/A

Q14

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

N/A

Q15

What are your thoughts on Policy HSP S2E: Audenshaw?

Ok as long as water pressure in the area doesn't decline further. Since housing was built on Jamworks and new builds on Slate Lane water pressure is poor, can a pump station be built to improve water pressure in the area?

Q16

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

Ok if water pressure improved as stated previously.

Q17

What are your thoughts on Policy HSP S2F: Denton?

N/A

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

N/A

Q30

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

Q31

What are your thoughts on Policy HSP S2L: Stalybridge?

I agree that the centre of Stalybridge has growth potential for affordable homes but transport has to improve around bus and train frequency. Also Stalybridge needs to consider adding a market offering several times a week including food produce. Parking needs really sorting out. Multi storey will help but needs suitable disabled spaces.

Q32

What are your thoughts on the proposed development allocations in Policy HSP S2L: Stalybridge?

I am commenting on Cedar Avenue allocation 6. This cannot proceed without more information around access and facilities. Schools are full. Gp's are overloaded, roads cannot cope already. Once the Casey development is completed behind crowswood, this will gridlock the area. Also on the cypress oaks estate, water pressure is poor so additional properties will impact this. The plus point of this area into millbrook and carrbrook is it's semi rural outlook. This will be spoilt and will certainly make us move away....

Q33

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

Q34

Respondent skipped this question

If you have any further comments on the Spatial Framework, please provide them below.

Q51

Respondent skipped this question

If you have any further comments on the Environment chapter of the plan, please provide them below.

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

Homes need to be affordable for the young ones. It is becoming harder to remain in the area. 5 bed houses suit no one other than bring in more council tax. This will not provide solutions for local people.

Q53

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

No - if No, we'll move on to the next strategic objective - Jobs

If you have any other comments you wish to make on the plan not previously covered, please provide these below.

This was delivered over a nice time of the year. Its contents have really upset my family and many others. This has tainted xmas. This information threatens to stop my daughters pending house purchase as she is on the border for stalybridge allocation 8. It also makes us consider whether to move out of area now rather than wait a few more years

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Sounds like a great idea, that will not be followed through. The council have unfortunately continued to let down residents and mismanage funds.

There is no community anymore, people don't feel safe, which makes the above pointless. Green spaces would be great, if people felt safe going to them

Page 4

If you are responding on behalf of a business, charity or other organisation, please state who you are responding on behalf of.

Q3

Email address*

[REDACTED]

Q4

Postal Address

[REDACTED]

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I believe your vision is flawed as you talk about a clean air environment thsts greener but you are wanting to build on every bit of available greenbelt instead using the brownfield sites first.

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

I like that it aims to be consultative , however from previous consultations I wonder how much weight will be given to the public view . Also you do not seem to know housing need and concentrate on luxury houses on precious greenbelt land instead of helping people get on the housing ladder

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

Need to u ddfstsnd what developments are being proposed and not food outlets or barbers . Too much growth being asked for in Hyde for housing developments a d wrong type of housing need.

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Waste of time and finances

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

Totally wrong on the use of greenbelt land . Plenty of brownfield sites could be used

Q12

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

Ashton is better situated for development with better ainfrastructure and access .however much more focus needs to be on improving the visual appearance of the area. Far too much litter and looking drab

Q13

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

Q14

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

Q15

Respondent skipped this question

What are your thoughts on Policy HSP S2E: Audenshaw?

Q16

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

Q17

Respondent skipped this question

What are your thoughts on Policy HSP S2F: Denton?

What are your thoughts on Policy HSP S2G: Droylsden?

Q20

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2G: Droylsden?

Q21

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Area in Policy HSP S2G: Droylsden?

Q22

Respondent skipped this question

What are your thoughts on Policy HSP S2H: Dukinfield?

Q23

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2H: Dukinfield?

Q24

Respondent skipped this question

What are your thoughts on Policy HSP S2I: Hyde?

Q25

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2I: Hyde?

Q26

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2I: Hyde?

Need to build within central Hyde where good access to public services and leave Godley Green as a natural soakaway. Any houses you build there will be subject to flooding

Q27

What are your thoughts on Policy HSP S2J: Longdendale?

Solar farms are not compatible in these locations and restrict farming activities

Q28

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2J: Longdendale?

Q29

Respondent skipped this question

What are your thoughts on Policy HSP S2K: Mossley?

Q30

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

Q31

Respondent skipped this question

What are your thoughts on Policy HSP S2L: Stalybridge?

Q32

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2L: Stalybridge?

Q33

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

Q34

Respondent skipped this question

If you have any further comments on the Spatial Framework, please provide them below.

Page 5

Q35

What are your thoughts on the strategic objective for Centres?

Ok

Q36

No - if No, we'll move on to the next strategic objective, 'Environment'

Do you wish to answer questions on each of the policy under the 'Centres' strategic objective?

Page 6

Q37

Respondent skipped this question

What are your thoughts on Policy HSP C1: Network, Hierarchy and Designation of Centres?

Q38

Respondent skipped this question

What are your thoughts on Policy HSP C2: Primary Shopping Areas?

Q39

Respondent skipped this question

What are your thoughts on Policy HSP C3: Development and Change of Use in Designated Centres?

Q40

Respondent skipped this question

Q44

Respondent skipped this question

What are your thoughts on Policy HSP C8: Food, Drink and Leisure Uses in Centres?

Q45

Respondent skipped this question

If you have any further comments on the Centres chapter of the plan, please provide them below.

Page 7

Q46

What are your thoughts on the strategic objective for Environment?

Concerned about using greenbelt land for housing as always been the jewel in the crown for Tameside and has free access

Q47

No - if No, we'll move on to the next strategic objective - 'Homes'

Do you wish to answer questions on each of the policy approach under the 'Environment' strategic objective?

Page 8

Q48

Respondent skipped this question

What are your thoughts on Policy HSP E1: Renewable and Low Carbon Energy?

Q49

Respondent skipped this question

What are your thoughts on Policy HSP E2: Surface Water and Water Efficiency?

Q50

Respondent skipped this question

What are your thoughts on Policy HSP E3: Biodiversity and Geodiversity?

Q51

Respondent skipped this question

If you have any further comments on the Environment chapter of the plan, please provide them below.

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

Need to be more centralised and where population growth is and meets housing need

Q53

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

No - if No, we'll move on to the next strategic objective - Jobs

Page 10

Page 19

Q108

Respondent skipped this question

If you have any comments on the Policies Map, please provide these below.

Q109

No

Do you consider that the Integrated Assessment has adequately assessed the potential environmental, social, and economic impacts of the proposed policies and allocations within the Plan?

Q110

Please give a reason for your answer

Paid lip service to environmental with land now classified as grey belt , never such a term and proposed solar farms.

Q111

Respondent skipped this question

Are there any sections of the Integrated Assessment that require further explanation or clarification?

Q112

Respondent skipped this question

The evidence supporting the plan has been published as part of this consultation. If you have any comments on the available evidence, please provide these below.

Q113

Respondent skipped this question

If you have any comments on the proposed monitoring framework, please provide these below.

Q114

If you have any other comments you wish to make on the plan not previously covered, please provide these below.

Over 4000 objections to Godley Green, more than turnout in most constituencies but not listened to. Now again with solar and the small profit of compulsory purchase

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I oppose more housing in this area. There already isnt enough school in the area, hyde road and the m60 is already a nightmare road and the wildlife in this area is very important. More housing will bring more pollution which is already a major problem this area. I see no good coming from building houses here other than the person profiting from it all. Who clearing doesn't care about the area we live in.

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

Opposing Comment on Policy HSP S1

I do not support Policy HSP S1 in its current form. While the wider Homes, Spaces, Places framework aims to guide sustainable development, this specific policy lacks the clarity, evidence base, and proportionality required for sound decision-making. Several issues undermine its effectiveness:

1. Insufficient justification and evidence

HSP S1 appears to introduce requirements without demonstrating why they are necessary, how they will be measured, or what evidence supports them. A sound planning policy must be:

- Positively prepared
- Justified
- Effective
- Consistent with national policy

HSP S1 does not clearly meet these tests, particularly around justification and deliverability.

2. Unclear definitions and ambiguous expectations

The policy relies on broad or subjective terminology that could lead to inconsistent interpretation by developers, planning officers, and inspectors. Without precise definitions, the policy risks:

- Delays in the planning process
- Conflicts during decision-making
- Reduced transparency for applicants and communities

A policy that cannot be applied consistently is not effectively

3. Potential to increase development costs without assessing viability

HSP S1 appears to introduce additional obligations but does not demonstrate that these requirements have been tested for viability across different site types. This could:

- Make some sites unviable
- Reduce the delivery of affordable housing
- Disproportionately impact smaller developers

A policy that undermines viability ultimately undermines housing delivery.

4. Lack of flexibility for site-specific circumstances

The policy seems overly prescriptive and does not allow for reasonable variation based on:

- Site constraints
- Local character
- Infrastructure capacity
- Environmental considerations

Rigid policies often fail in practice and can lead to appeals or stalled development.

5. Missed opportunity to align with wider strategic objectives

HSP S1 does not clearly demonstrate how it integrates with:

- The National Planning Policy Framework
- The Places for Everyone Joint Plan
- Local regeneration priorities
- Climate and sustainability commitments

Without clear alignment, the policy risks duplication, contradiction, or inefficiency.

Policy HSP S1 is not currently fit for purpose. It lacks clarity, justification, flexibility, and a robust evidence base. I request that the Council revises the policy to ensure it is:

- Clear and measurable
- Supported by evidence
- Viable and deliverable
- Flexible enough to reflect real-world development conditions
- Fully aligned with national and strategic planning frameworks

Until these issues are addressed, I cannot support HSP S1.

If you want, I can tailor this to:

- A specific development site
- A professional tone (teacher, resident, stakeholder, etc.)
- A more assertive or more diplomatic style
- A short version for a consultation form

Just tell me the vibe you want.

Q16

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

Q17

What are your thoughts on Policy HSP S2F: Denton?

I am a Denton resident and I do not support Policy HSP S2F. The proposal does not reflect the pressures our community already faces, and it raises serious concerns that have not been properly addressed.

Traffic in Denton is already at breaking point, especially around Crown Point North, Manchester Road and the M60 junctions. Adding more development without a realistic, funded transport plan will make congestion and daily travel significantly worse for existing residents.

Local services are also stretched. GP appointments, school places and community facilities are already difficult to access, yet the policy provides no clear explanation of how extra demand will be managed or funded.

I am also worried about the loss of green space and the impact on local character. These areas support wellbeing, wildlife and flood prevention, and once they are gone, they cannot be replaced.

Overall, HSP S2F lacks evidence, infrastructure planning and community consideration. I cannot support it in its current form.

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

As a Denton resident, I have serious concerns about the proposed development allocations in Policy HSP S2F. The plan feels disconnected from the day-to-day reality of living here, and it doesn't address the pressures our community already faces.

Traffic in Denton is already extremely heavy, especially around Crown Point North, Manchester Road and the M60 junctions. Adding more development without a clear, funded transport strategy will only make congestion worse and increase safety risks for pedestrians and cyclists.

Local services are also stretched. GP appointments, school places and community facilities are already difficult to access, yet the policy doesn't explain how additional demand will be supported. Without proper infrastructure planning, residents will feel the impact immediately.

I'm also worried about the loss of green space and the effect on local character. These areas are important for wellbeing, wildlife and flood prevention, and once they're built on, they're gone for good.

Overall, the proposed allocations feel rushed, under-evidenced and lacking in community consideration.

Dear Sir \ Madam

Homes, Spaces, Places Preferred Option Consultation Draft: Former Plevin Site, Cheshire Street, Mossley, OL5 9NG

We write on behalf of our client, R Plevin and Sons Ltd ("Plevin"), in response to consultation on the Homes, Spaces, Places Preferred Option Consultation Draft (December 2025).

Plevin own a large, vacant, brownfield site at Cheshire Street, Mossley (see Site Location Plan at **Appendix 1**).

The site is allocated for residential development in the Consultation Draft by Policy "HSP S2K: Allocation 4: Cheshire Street (3.74 hectares): for around 187 new homes".

Plevin supports the allocation of the Cheshire Street site in the Consultation Draft and we provide comments relating to the allocation in this response letter.

Comments Relating to Policy HSP S2K: Allocation 4: Cheshire Street (3.74 hectares): for around 187 new homes - SUPPORT

Plevin strongly supports the proposed allocation of the former Plevin site under Policy HSP S2K: Allocation 4 (Cheshire Street (3.74 hectares): for around 187 new homes).

The allocation follows extensive technical work commissioned by Plevin and ongoing engagement with officers at Tameside Council over the past two years, including a pre-application advice enquiry. A Schedule of Work and Evidence submitted to the Council in support of the site's allocation is contained at **Appendix 2**.

The proposed allocation of the Cheshire Street site recognises the evidence base work commissioned by Plevin including the employment land related analysis undertaken by [REDACTED] that concluded there is no prospect of future employment use at the site.

We request that it is made clear in the allocation, or elsewhere in the plan, that planning applications for residential development on residential allocations that were formerly in employment use are not required to address loss of employment land policy. This is to ensure policy requirements are clear, to avoid unnecessary duplication in the planning process and provide certainty to the policy allocation.

Comments Relating to Policy HSP J3: Assessing the Loss of Employment Land or Accommodation

Draft Policy “HSP J3: Assessing the Loss of Employment Land or Accommodation” is relevant for planning applications for non-employment proposals within existing employment areas or employment sites not shown on the policies map. The policy requires submission of detailed market appraisals to demonstrate the absence of current or future employment demand.

The policy should make clear that it does not apply to applications on land allocated for residential use, even where the land has previously been in employment use. This is because the Council has assessed such sites as suitable for residential development through the plan-making process and the sites form part of the overall spatial strategy to be delivered by the local plan. To require further employment land justification at the application stage would duplicate evidence already considered and undermine the certainty and effectiveness of the allocation.

In the case of the Plevin site, loss of employment land considerations covered by Policy HSP J3 have been comprehensively addressed in detailed submissions made during earlier stages of local plan consultation. This included a detailed Employment Use Viability Assessment prepared by [REDACTED] and submitted to the Call for Sites Consultation. This work included building surveys, costs analysis for repairs and refurbishment, viability appraisals for employment development options, market analysis and market testing. This work concluded that there is no realistic prospect of future employment use.

Requiring further evidence at the planning application stage would therefore result in unnecessary duplication, delay and cost, contrary to the objective of effective and efficient plan implementation.

Summary

We summarise our comments as follows:

- Plevin supports the allocation of the Cheshire Street, Mossley site (Allocation HSP S2K Allocation 4) for residential development for around 187 new homes.
- The landowner intends to bring the site forward for residential development at the earliest opportunity and we request that this clear delivery intention is noted for the purposes of the local plan examination with reference to the pre-application advice enquiry.
- We request that the plan makes explicit that Policy HSP J3 does not apply to planning applications for residential development on sites allocated for residential use and formerly in employment use.

- We seek to continue to work with the policy and development management teams to bring forward the site for redevelopment during this plan period to meet the strategic objectives of the plan and vision for Mossley.

Thank you for consulting us and we look forward to engaging with you further over the coming months. Should you have any queries or require any further information, please do not hesitate to contact us.

Yours faithfully

BA(Hons) MPlan MRTPI

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Solar panels should not be built on Werneth Low. This is such a popular area for people to enjoy nature in an area that feels very built up. Construction would be a nightmare and destroy the natural landscape and would ruin the aesthetic of the area. Also, that field is north facing, how effective would solar panels actually be?

[REDACTED]

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

A lot of gobbledegook

Page 4

Q8

Respondent skipped this question

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

Q9

Respondent skipped this question

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

Q10

Respondent skipped this question

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

Nothing will improve until you get rents lower, scrap carpark charges and get in shops and restaurants people want to go to.

Q12

Respondent skipped this question

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

Q13

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

Q14

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

Q15

Respondent skipped this question

What are your thoughts on Policy HSP S2E: Audenshaw?

Q16

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

Q17

Respondent skipped this question

What are your thoughts on Policy HSP S2F: Denton?

Q18

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

Q19

Respondent skipped this question

What are your thoughts on Policy HSP S2G: Droylsden?

Q20

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2G: Droylsden?

Q21

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Area in Policy HSP S2G: Droylsden?

Q22

What are your thoughts on Policy HSP S2H: Dukinfield?

Q23

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2H: Dukinfield?

Q24

What are your thoughts on Policy HSP S2I: Hyde?

Reducing cars will not help people go to the town centre.

Q25

What are your thoughts on the proposed development allocations in Policy HSP S2I: Hyde?

Finally doing something with the old library is fab as long as it preserves the existing aesthetic.

Q26

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2I: Hyde?

No comment

Q27

Respondent skipped this question

What are your thoughts on Policy HSP S2J: Longdendale?

Q28

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2J: Longdendale?

Q45	Respondent skipped this question
If you have any further comments on the Centres chapter of the plan, please provide them below.	

Page 7

Q46

What are your thoughts on the strategic objective for Environment?

Baffling

Q47

Yes

Do you wish to answer questions on each of the policy approach under the 'Environment' strategic objective?

Page 8

Q48

What are your thoughts on Policy HSP E1: Renewable and Low Carbon Energy?

What is the point of creating renewable and low carbon energy if you are proposing to develop it on green land? Destroying established ecology systems to lower carbon is backward thinking. The proposed sites near Higham Lane and off Old Mottram Road is a disgusting idea and shows a complete lack of care or understanding to those already upset by GGGV. Offsetting destruction of green belt by destroying more green land is devilish and narrow minded selfishness.

Q49

What are your thoughts on Policy HSP E2: Surface Water and Water Efficiency?

Encouraging

Q50

Respondent skipped this question

What are your thoughts on Policy HSP E3: Biodiversity and Geodiversity?

Q51

Respondent skipped this question

If you have any further comments on the Environment chapter of the plan, please provide them below.

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

That new builds are not sustainable built and nothing but for profit for huge conglomerate companies. If the council truly wished for a sustainable space for the future you would demand so much more than the current regulations. You should demand building guarantee of 100 years like brick terraces are. Solar power on the roofs. Ground source and air source heat. No gas at all. Retrofit is not sustainable. Cost should be on the developer. They are already making too much with so called affordable housing. Standards are not good enough.

Q53

No - if No, we'll move on to the next strategic objective
- Jobs

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

Page 10

[REDACTED]

Q4

Postal Address

[REDACTED]

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I'm against it, I feel the whole project will ruin what little bit of green scenery we have and hoses should be built on brown sites

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

It is unacceptable to keep building on green belt land. There is plenty of brown belt land. We don't need overpriced houses, we need schools, doctors, dentists, green play spaces & woodland area's

Cc: [REDACTED] Planning Mail
Subject: FORMAL OBJECTION - Site HSP S2J: Allocation 1 (Kerry Way)

You don't often get email from [REDACTED] [Learn why this is important](#)

Caution: This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender ([REDACTED]) or know the content is safe. If in doubt, click 'Report Message' at the top of your inbox and select 'Phishing'

To the Planning Policy Team,

I am a resident of [REDACTED] and I am writing to formally object to the Kerry Way (HSP S2J:1) industrial allocation. This proposal is legally unsound and non-compliant with the NPPF.

1. Procedural Unfairness: A site notice was only displayed on Feb 13th, just 7 days before the deadline. This is a breach of the Gunning Principles and the Council's own Statement of Community Involvement. We have been denied a fair chance to consult.
2. Impact on Children & Health: Building a 24/7 heavy industrial site next to the Discovery Academy is a breach of the Public Sector Equality Duty. The noise and air pollution from constant HGV traffic will directly harm the health of local children and elderly residents.
3. Traffic Danger: Hattersley Road West cannot handle the volume of HGVs proposed. Under NPPF Paragraph 115, this will create a "severe" impact on road safety and local congestion.
4. Residential Amenity: The plan fails to provide adequate, enforceable noise and landscape buffers to protect the homes at Kerry Way and the proposed Manley Grove housing.

I urge the Council to remove this site from the plan immediately. I reserve the right to seek a Judicial Review based on these procedural and substantive flaws.

Regards,

[REDACTED]

[REDACTED]

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Badly thought-out proposal, a map with lines drawn on it without the planners actually researching where those lines are located. Particularly the solar farm on land belonging to the Hyde War Memorial Trust, which is a war memorial. Land that was given to the people of Hyde in 1921 to remain open, forever.

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q12

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q13

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q14

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q15

What are your thoughts on Policy HSP S2E: Audenshaw?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q16

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q17

What are your thoughts on Policy HSP S2F: Denton?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q19

What are your thoughts on Policy HSP S2G: Droylsden?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q20

What are your thoughts on the proposed development allocations in Policy HSP S2G: Droylsden?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q21

What are your thoughts on the proposed Strategic Regeneration Area in Policy HSP S2G: Droylsden?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q22

What are your thoughts on Policy HSP S2H: Dukinfield?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q23

What are your thoughts on the proposed development allocations in Policy HSP S2H: Dukinfield?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q24

What are your thoughts on Policy HSP S2I: Hyde?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q25

What are your thoughts on the proposed development allocations in Policy HSP S2I: Hyde?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q26

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2I: Hyde?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q27

What are your thoughts on Policy HSP S2J: Longdendale?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q28

What are your thoughts on the proposed development allocations in Policy HSP S2J: Longdendale?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q29

What are your thoughts on Policy HSP S2K: Mossley?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q30

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q31

What are your thoughts on Policy HSP S2L: Stalybridge?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q32

What are your thoughts on the proposed development allocations in Policy HSP S2L: Stalybridge?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q33

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q34

If you have any further comments on the Spatial Framework, please provide them below.

All these proposals need to go back to the drawing board. Before any proposals are made the planners and researchers at TMBC need to look and find out where these proposals are to take place, finding out what and who will be affected. It's particularly disgusting that you have placed a proposal for a solar farm on land belonging to the Hyde War Memorial Trust. Land given to the people of Hyde in Memory of people who gave their lives for our freedom today. Or do they not matter because to TMBC all that matters is profit?

Q35

What are your thoughts on the strategic objective for Centres?

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q36

Do you wish to answer questions on each of the policy under the 'Centres' strategic objective?

No - if No, we'll move on to the next strategic objective, 'Environment'

If you have any further comments on the Places chapter of the plan, please provide them below.

Page 19

Q108

If you have any comments on the Policies Map, please provide these below.

Especially this! Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q109

No

Do you consider that the Integrated Assessment has adequately assessed the potential environmental, social, and economic impacts of the proposed policies and allocations within the Plan?

Q110

Please give a reason for your answer

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q111

Are there any sections of the Integrated Assessment that require further explanation or clarification?

Remove the proposal for a solar farm on Werneth Low being built in land owned by the Hyde War Memorial Trust.

Q112

The evidence supporting the plan has been published as part of this consultation. If you have any comments on the available evidence, please provide these below.

Consult historical maps, not what AI shows in 2025.

Q113

If you have any comments on the proposed monitoring framework, please provide these below.

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Q114

If you have any other comments you wish to make on the plan not previously covered, please provide these below.

Badly thought out, not properly researched and just a load of proposals thrown out with no consideration on who or what is being affected.

Postal Address

Q5

No

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

The new build houses are not attractive. They are small, tiny windows with plastic cladding. Who wants to live there? Where are the spacious rooms, tall ceilings and bay windows? Where is the pride in craftsmanship? Where is the individualism? New build houses look like council owned houses. Horrible render and cladding that weathers and stains within months. Get some inspiration from the older houses in the area that were built with pride. Town centres are not diverse. They are a collection of takeaways, barbers, vape shops, mini markets. No one needs more of this. Where are the florists? Craft shops? Independent clothes shops? Put some funds into promoting businesses like that. Who has allowed that junk shop currently inhabiting the old NatWest in Denton to put up ghastly adverts around the building? Why are corner shops and mini markets allowed to cover windows with massive adverts? It's an eye sore. Really makes the towns look tacky. Denton is not well connected regarding travel. Cars and bus. They are your options. Trams? Trains? Trams were present in Denton 100 years ago, why is this town going backwards? The culture, environment, green spaces, history of Denton / Haughton Green are not respected or inspiring and there is no effort to make the woodland and parks attractive. Make sculpture trails and maps, schools and businesses could participate. Put up information boards, celebrate the wildlife and history. Put decent equipment on the parks, the climbing frame and swings are donkeys years old. Take some pride in it and maybe the youths will too. Have more presence at peak times to prevent the unsociable behaviour. Denton carnival is one of the few collaborative events. Something to work towards and enjoy. Where was that last year? 'Homes, Spaces, Places' might be a catchy little slogan but try putting less thought into that and actually put time, effort, pride into Denton instead of slapping a load of tacky houses up all over the place.

Respondent skipped this question

What are your thoughts on Policy HSP S2L: Stalybridge?

Q32

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2L: Stalybridge?

Q33

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

Q34

Respondent skipped this question

If you have any further comments on the Spatial Framework, please provide them below.

Q35

What are your thoughts on the strategic objective for Centres?

People deserve flourishing and inspiring centres. Groups , activities, skills , lessons where they can thrive , learn and connect. This should not go hand in hand with development of new houses and growing population. Regenerating centres should be happening regardless. Find some talented individuals who have specific skills that they would like to share with others.

Q36

Do you wish to answer questions on each of the policy under the 'Centres' strategic objective?

No - if No, we'll move on to the next strategic objective, 'Environment'

Page 6

Q37

What are your thoughts on Policy HSP C1: Network, Hierarchy and Designation of Centres?

Respondent skipped this question

Q38

What are your thoughts on Policy HSP C2: Primary Shopping Areas?

Respondent skipped this question

Q39

What are your thoughts on Policy HSP C3: Development and Change of Use in Designated Centres?

Respondent skipped this question

Q40

What are your thoughts on Policy HSP C4: Local Shopping Areas and Parades?

Respondent skipped this question

Q41

What are your thoughts on Policy HSP C5: Development Involving Main Town Centre Uses?

Respondent skipped this question

Q42

Respondent skipped this question

Q43

What are your thoughts on Policy HSP C7: Healthier Food Environment?

Respondent skipped this question

Q44

Respondent skipped this question

What are your thoughts on Policy HSP C8: Food, Drink and Leisure Uses in Centres?

Q45

Respondent skipped this question

If you have any further comments on the Centres chapter of the plan, please provide them below.

Page 7

Q46

What are your thoughts on the strategic objective for Environment?

This goes without saying. Will the percentage of green space that is built on be replaced ?

Q47

No - if No, we'll move on to the next strategic objective - 'Homes'

Do you wish to answer questions on each of the policy approach under the 'Environment' strategic objective?

Page 8

Q48

Respondent skipped this question

What are your thoughts on Policy HSP E1: Renewable and Low Carbon Energy?

Q49

Respondent skipped this question

What are your thoughts on Policy HSP E2: Surface Water and Water Efficiency?

Q50

Respondent skipped this question

What are your thoughts on Policy HSP E3: Biodiversity and Geodiversity?

Q51

Respondent skipped this question

If you have any further comments on the Environment chapter of the plan, please provide them below.

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

New build houses such as the ones in Hyde on the old Clarendon collage site are a true eye sore. Orange boxes with tiny windows. A glorified council estate. Why don't you do some market research and just have a walk around some older streets and pay attention to the design and character? Denton doesn't need 300 new soulless houses carelessly thrown up. Marvellous idea, an invitation for a thousand people to descend and benefit from these newly 'regenerated centres' and all the while the residents who have been here and contributed for generations suffer from more traffic, more pollution, more competition for reliable healthcare and school places and over crowded limited public transport. Thank you very much, that really encourages everyone feel proud of where they live.

Q53

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

No - if No, we'll move on to the next strategic objective - Jobs

Page 10

Q54

Respondent skipped this question

What are your thoughts on Policy HSP H1: Housing Size, Type, Mix and Tenure?

Q55

Respondent skipped this question

What are your thoughts on Policy HSP H2: Meeting Affordable Housing Needs?

Respondent skipped this question

What are your thoughts on Policy HSP H6: Gypsy, Traveller and Travelling Showpeople?

Q60

Respondent skipped this question

If you have any further comments on the Homes chapter of the plan, please provide them below.

Page 11

Q61

What are your thoughts on the strategic objective for Jobs?

More structured rules around temp contracts should be considered. I've been a teacher for 5 years and my contract is still not permanent. Permanent teaching adverts particularly in primary schools are few and far between. Sometimes the adverts don't even state why the job is fixed term.

Q62

No - if No, we'll move on to the next strategic objective - People

Do you wish to answer questions on each of the policy approach under the 'Jobs' strategic objective?

Page 12

Q17

Respondent skipped this question

What are your thoughts on Policy HSP S2F: Denton?

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

Strong opposition to any development on the former school playing field, which should be retained as open space.

Strong opposition to the loss of the pocket park on Mill Lane, which is a valued community green space.

The scale of development would place unacceptable pressure on:

Local roads and junctions

Parking

School places

GP and health services

Q5

No

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Building on green spaces , prob for migrants

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

Load of council talk , rubbish to the ordinary person

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

Not a lot , more and more green spaces going , Mainly for migrants ,

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

More rubbish , jobs for the boys , do they ever have done a proper job ?

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

Same again most will be for migrants , what about white British born people ,?

Q12

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

Same again

Q13

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

All the green areas going , do any of these people live in Tameside

Q14

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

Not a lot

Q15

What are your thoughts on Policy HSP S2E: Audenshaw?

Same

Q16

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

Same

Q17

What are your thoughts on Policy HSP S2F: Denton?

Leave Denton alone , do not need more development

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

Rubbish , these people on a mission to justify there job

Q19

What are your thoughts on Policy HSP S2G: Droylsden?

Same

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

It's all nonsense, firstly you talk about homes, but every development in Mossley is rows of 300K plus executive houses with the odd affordable house put in to satisfy planning. All it is, is a developers cash fund, all private development and no social housing. Second item Jobs, again all talk, industrial sites are disappearing and being replaced by houses, businesses are dwindling every year and more people commute to work.

Travel..... all that's happening is the railway station is being relocated to accommodate the influx of Manchester workers living here, the roads are poor to say the least and we are one of the boroughs still with no tram link and probably never will have Places environment and people??

All the places and green spaces are being bulldozed to keep housing developers happy building houses no one in the town can afford and just bringing people from Manchester who want to live in the countryside and commute, no social housing on any scale, the infrastructure is a joke, one doctors, no NHS dentists nothing, just more houses for more council tax. Soon Mossley will be just like Ashton, overcrowded, very little green spaces and a dump.

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

It's box ticking and useless

It's only going to make developers richer and produce zero social housing

Q9

Respondent skipped this question

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

Q10

Respondent skipped this question

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Q11

Respondent skipped this question

Respondent skipped this question

What are your thoughts on Policy HSP S2J: Longdendale?

Q28

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2J: Longdendale?

Q29

What are your thoughts on Policy HSP S2K: Mossley?

Mossley is just a cash cow for the council and developers

Trying to cram as many executive houses on any plot of land till it goes from a village to a town

Q30

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

No affordable housing and the spaces you are allocating will drive the village to a standstill

Never any added infrastructure put in to support the thousands of people and houses your suggest, all of which are for the well off, not local people

Q31

Respondent skipped this question

Taylor Wimpey UK Limited: Representations to Homes, Spaces, Places Preferred Option Consultation Draft Local Plan

These representations have been prepared on behalf of our client Taylor Wimpey UK Limited [Taylor Wimpey], in relation to the Homes, Spaces, Places Preferred Option Consultation Draft Local Plan. Although Taylor Wimpey has a number of development interests in Tameside including live sites, the content of these representations predominantly relate to their land interest at Lumb Lane, Droylsden (the Site). A location plan is enclosed at **Appendix 1**.

The Site has previously been promoted by Taylor Wimpey through previous consultations undertaken by Tameside MBC, including in September 2024 to the Scoping Consultation and in June 2025 to the Options and Preferences Plan. A Call for Sites submission was also submitted alongside the Scoping Consultation representations. The submission was accompanied by a Delivery Statement which demonstrated the suitability of the site to provide a sustainable residential extension to Droylsden.

The site previously formed part of a wider allocation in the original Greater Manchester Spatial Framework [GMSF] (2016) (ref. EG1 Little Moss/Ashton Moss) for a sustainable mixed-use development for 1,980 homes. Taylor Wimpey has a committed interest in the Site and considers that the Site represents an excellent opportunity for an allocation for residential development through the emerging Local Plan.

As set out in paragraphs 1.22-1.25 of the Preferred Option Consultation Draft, Paragraph 235 of the 2024 NPPF requires that in a scenario where the transitional arrangements apply in paragraph 234, that the plan will be examined under the relevant previous version of the Framework. Applying NPPF paragraph 235, it is considered that the plan will be examined under the 2021 NPPF. Therefore, it should be noted that these representations refer to the 2021 NPPF where applicable to plan making, as opposed to the revised 2024 version which remains relevant to all other development management considerations .

These representations will address the following draft policies:

- Policy HSP S1: Overall Spatial Strategy
- Policy HSP S2G: Droylsden
- Policy HSP E1: Renewable and Low Carbon Energy
- Policy HSP E2: Surface Water and Water Efficiency
- Policy HSP H1: Housing Size, Type, Mix and Tenure
- Policy HSP H2: Meeting Affordable Housing Needs
- Policy HSP H3: Meeting Specific Housing Needs
- Policy HSP PE1: Development and Healthier Environment
- Policy HSP PE3: Open Space Provision in New Developments
- Policy HSP T3: Rail Infrastructure
- Policy HSP T8: Parking
- Policy HSP T9: EV Charging Infrastructure

Representations

Policy HSP S1: Overall Spatial Strategy

Housing Need

Policy HSP S1 (Overall Spatial Strategy) states that the Council will make provision for 9,700 net additional dwellings over the plan period 2022 to 2042, equivalent to 485 dwellings per annum.

The accompanying supporting text states that this approach is consistent with:

- 1 Places for Everyone [PfE] housing requirement in Tameside which seeks to deliver 8,245 dwellings over the plan period (2022-2039), equivalent to 485 dwellings per annum; and,
- 2 The transitional arrangements set out in National Planning Policy Framework [NPPF] paragraph 234, which states that *‘for the purpose of preparing local plans, the policies in this version of the Framework will apply from 12 March 2025 other than where the plan includes policies to deliver the level of housing and other development set out in a preceding local plan (such as a joint local plan containing strategic policies) adopted since 12 March 2020.’* It is therefore argued that the new Local Housing Need [LHN], calculated using the new standard method is not applicable to the preparation of Homes, Spaces, Places.

It is acknowledged that Tameside can continue to apply the PfE requirement whilst the PfE remains up-to-date. Whilst the approach taken to utilise the average figure for Tameside’s housing requirement within PfE is consistent with the Inspectors’ recommendation from the examination, this also should be considered in the context of Tameside’s recently increased Local Housing Need [LHN] calculated using the Government’s Standard Method (SM3). Based on affordability ratios published in March 2025 and the updated Housing Stock figures published in May 2025, Tameside’s SM3 figure is now 1,132 dpa, 647 dwellings above the adopted annual average requirement of 485 for the period 2025-2030. From 2030-2039, this represents an increase of 564 dwellings per annum. From 22nd March 2029 onwards (when

the PfE will be five years from adoption and therefore out of date), the LHN will apply and the housing requirement for Tameside will increase significantly overnight.

Over the five year period from 2029-2034, Tameside's housing requirement will be 5,943 (based on current SM3 figure plus a 5% buffer in accordance with NPPF para. 78). It will be highly likely at this stage that the Council will struggle to identify a sufficient supply of land and will be unable to demonstrate a Five-Year Housing Land Supply from 2029 onwards therefore being susceptible to speculative applications for development. As such, Tameside must take positive steps now towards meeting a significantly increased housing requirement from March 2029 onwards.

It is therefore imperative that the Council put steps in place now to ensure plan led development rather than being subjected to speculative applications in 2029 when the higher housing requirement becomes mandatory. Waiting until 2029 to proactively identify land to meet this higher housing requirement will be too late, and the Council should plan through the emerging Tameside Local Plan to address this. On this basis, it would be more appropriate for Tameside to futureproof their plan by identifying additional supply now as a safeguard rather than planning for the minimum amount of growth in the short term. The Council should therefore review its housing land supply in this context. This approach would not require the housing requirement to be uplifted and be inconsistent with the requirement in the PfE, but would allow greater flexibility in the Plan.

Furthermore, it is highly unlikely that Tameside would be able to redistribute any of its housing requirement across other Greater Manchester Borough's through a potential review of the PfE in 2029, as the LHN for all other Borough's has significantly increased based on SM3. It is therefore highly likely that Tameside will be required to meet its LHN in full, placing further pressure on the requirement to identify additional housing land.

Although TMBC commits to an early review of the Plan to consider whether any new standard method has implications of identifying higher levels of housing need, the opportunity is now to put positive steps in place to ensure plan led development rather than being subjected to speculative applications in 2029 (or earlier depending on the housing land supply) when the higher housing requirement becomes mandatory.

Furthermore, the HSP plan period extends to 2042 and continues to apply a requirement of 485 dpa, despite it being significantly below the SM3 figure of 1,130dpa. Anticipating scenarios where a local plan extends beyond the PfE Plan period, paragraph 1.56 of PfE states that (emphasis in **bold**):

*"In the event that a local plan looks beyond 2039, the **minimum requirement figures** set out in Policies JP-J3, JP-J4 and JP-H1 should be used to inform local plan target"*

Clearly, the PfE figure is intended to be the minimum requirement and in the context of the LHN of 1,130dpa, Tameside should look to plan positively for beyond the minimum requirement, and it would be more appropriate for Tameside to plan for their actual need rather than for the minimum amount of growth. Further to this, Planning Practice Guidance [PPG] (Paragraph: 062 Reference ID: 61-062-20190315) states that:

"There will be occasions where there are significant changes in circumstances which may mean it is necessary to review the relevant strategic policies earlier than the statutory minimum of 5 years, for example, where new cross-boundary matters arise. Local housing need will be considered to have

changed significantly where a plan has been adopted prior to the standard method being implemented, on the basis of a number that is significantly below the number generated using the standard method, or has been subject to a cap where the plan has been adopted using the standard method. This is to ensure that all housing need is planned for as quickly as reasonably possible.”

The PfE housing requirement is significantly below its LHN, and as of March 2029, the Plan would not effectively plan for its housing need. Taylor Wimpey therefore considers that it is not appropriate for the Council to simply apply the minimum requirement figure beyond the 2039 PfE Plan period and should instead seek to increase the supply of housing land now to futureproof the Plan for the period after 2029.

Housing Supply

There are also significant concerns relating to the Council’s claimed supply of housing. The overall Tameside housing supply is shown in HSP ‘Table 5.1 Overall Tameside housing supply’ below.

Table 1. Overall Tameside housing supply

Net completions between 1 April 2022 and 31 March 2025	Specific sites and allocations from the baseline land supply up to 2042	Allowance for windfall sites up to 2042	Ashton-under-Lyne Broad Location	Additionally allocated sites	Total
1,614	7,690	586	1,000	280	11,170

Firstly, the above table states that the overall housing supply is 11,170, although the supporting text states the overall supply is 11,870 and the Strategic Housing and Economic Land Availability Assessment [SHELAA] only shows a potential supply of 8,729 net additional dwellings. The supporting text states that the ‘Specific sites and allocations from the baseline land supply up to 2042’ includes the SHELAA baseline supply plus other specific sites expected to be delivered after the SHELAA period. However, it is not clear how these figures have been derived, and the supporting text does not transparently explain the source of the additional supply or how it relates to the SHELAA baseline. As a result, it is unclear what the actual overall supply position is or how the different numbers within the draft Plan have been calculated.

7,690 of the total supply will come from ‘Specific sites and allocations from the baseline land supply up to 2042’, equivalent to 69% of the total overall supply. This represents a significant proportion of the Council’s overall claimed supply. Individual sites included in the Council’s SHELAA were not assessed by the Inspectors during examination of the PfE, and the supply in Tameside was therefore not endorsed. Taylor Wimpey has significant concerns that a large proportion of the claimed developable supply set out in Table 1 is not developable, and the evidence put forward by the Council to justify the supply has not been independently scrutinised nor does it provide sufficient evidence that the sites will come forward.

A list of the sites which make up the Council’s housing land supply is set out in Appendix 2 of the SHELAA. The information provided for each site is limited and provides very little justification for inclusion of sites or sufficient information to demonstrate their deliverability and developability. The

level of detail within the SHELAA for each of the proposed sites is limited and insufficient to appropriately justify the expected level of completions within the Borough and to demonstrate their developability in the context of the NPPF.

For all sites without planning permission, Taylor Wimpey would expect a level of information to be supplied which justifies the site's inclusion. This could include information from developers and landowners demonstrating their site is available as well as other technical information to demonstrate there are no substantive issues precluding its delivery and justification for the claimed capacity for the site. This level of information has not been provided on the majority of the sites included in the supply.

The NPPF is clear that for a site to be included in the trajectory for a plan it should be a suitable location for housing, with reasonable prospects that it will be available and viable at the point envisaged. However, in the opinion of Taylor Wimpey, insufficient information has been included to explain and substantiate the rationale behind including the sites. As a minimum, Taylor Wimpey would have expected information to be provided in the form of a proforma which justified the potential yield from each site, information to demonstrate a suitable lead in time has been applied and information to demonstrate the site is available to be delivered at the point envisaged. As a result, Taylor Wimpey considers that the SHELAA is not sufficiently transparent or robust and additional evidence is required to be published as a minimum.

Based on a high-level review of the Council's identified supply, it is also clear that there is a significant reliance on brownfield land to meet housing needs. Brownfield or previously developed land can be subject to significant deliverability and viability issues, due to factors such as land contamination and remediation costs, fragmented landownership and other physical and environmental constraints. Viability is a key issue in Tameside and particularly relating to the delivery of brownfield sites. The evidence put forward on viability to the PfE demonstrated that 70% of the claimed supply was unviable even without a requirement to deliver affordable housing. We are aware that the Council is only now going through the process of preparing its viability evidence to support its Local Plan and associated housing land supply. With that in mind, it is not clear why the Council considers that the sites are viable and can be included in the supply without this information.

Reliance on sites contained within the SHLAA, particularly brownfield land, is significantly concerning given the likely deliverability issues and the failure to demonstrate that the SHELAA sites have been robustly tested. As such, reliance on the allocated sites contained within PfE, supplemented with untested SHELAA sites to ensure that the need for housing and other uses can be met, is inappropriate and unjustified. Reliance on sites contained within the SHELAA is therefore highly concerning given the likely deliverability issues identified and the absence of any evidence demonstrating that these sites have been robustly tested. Without clear testing of availability, viability, infrastructure requirements and realistic delivery trajectories, this element of the supply cannot be relied upon with confidence.

Taylor Wimpey also has significant concerns regarding the arbitrary inclusion of 1,000 homes in the supply identified in the Ashton-under-Lyne Broad Location. There is no proportionate or published evidence demonstrating that this area is developable within the plan period, and it appears that the Council has incorporated this within their supply in an attempt to cover the additional requirement created by an extension of the plan period to 2042. Without clear information on suitability, availability or deliverability of individual sites within this broad location, it cannot reasonably be relied upon as a

realistic part of the supply and should either be removed, or proportionate and detailed evidence provided by the Council to justify its inclusion.

The PfE Inspectors' Report makes it clear that the individual district Local Plans will need to identify additional sites to meet a district's full need and this could include the release of further land from the Green Belt. The Preferred Options Plan identifies limited additional land for housing. As such, Taylor Wimpey has significant reservations that the Council's housing land supply will deliver the requisite amount of housing required in the Borough to ensure the needs of the population are met, particularly when considering the significant increase in the Borough's housing requirement in March 2029. It is therefore important that a new Local Plan identifies additional land across the Borough, with a sufficient supply of unconstrained greenfield land, which can be assessed and scrutinised as part of the preparation of the Local Plan.

As part of this process, the Council should also undertake a full Green Belt Review in accordance with the latest national guidance on Green Belt and grey belt. NPPF para. 148 states that where it is necessary to release Green Belt land for development, plans should give priority to previously developed land, then consider grey belt which is not previously developed, and then other Green Belt locations. As it is considered by Taylor Wimpey that there is insufficient previously developed land within the authority, the Council must look to grey belt sites in the Borough in order to meet needs. The Green Belt Review should seek to identify the best grey belt sites in Tameside and these should be considered for allocation. Taylor Wimpey considers that the Lumb Lane site meets the grey belt definition and represents a sustainable site for release.

In its current form, the draft Local Plan, and in particular Policy HSP S1, provides no certainty the Council will be able to deliver an appropriate number of dwellings. The Council should therefore seek to allocate sufficient sites within the Local Plan to deliver the appropriate housing requirement to ensure that the Council is able to meet their housing requirement. This means identifying further allocations, including consideration of greenfield sites and whether changes to the Green Belt will be necessary.

Affordable Housing provision

Furthermore, the most up to date housing evidence in the form of the Tameside Housing Needs Assessment 2025, identifies an affordable housing need of 717 dwellings per annum. This figure significantly exceeds the overall housing requirement for Tameside established by PfE. Further to this, PPG (Paragraph: 024 Reference ID: 2a-024-20190220) states that:

"An increase in the total housing figures included in the plan may need to be considered where it could help deliver the required number of affordable homes."

Taylor Wimpey considers that in the context of Tameside's significant affordable housing need, it should be ensured that a higher number of homes overall is planned for to enable the Council to improve their ability of addressing the shortfall. Given the context of the significant affordable housing requirement, the Council should be seeking an ambitious housing target above the minimum requirement.

Taylor Wimpey is aware that Tameside has one of the highest affordable housing needs across Greater Manchester and a relatively high affordability ratio (6.99¹). Taylor Wimpey considers that a primary method of ensuring affordability issues is addressed is the delivery of a sufficient amount of market and affordable housing which meets the needs of the Borough. The allocation of sustainable and viable sites for residential development will assist with this.

The Lumb Lane site has the potential to deliver approximately 640 dwellings and will also make a significant contribution to meeting market and affordable housing need in Tameside to meet the needs of the local community. The site will provide a significant proportion of affordable housing in accordance with the Council's affordable housing requirements which is still to be established. However, it is also important that the new Local Plan does not introduce any additional policy burdens which may negatively impact the viability position of the Site. This could have the result of reducing the amount of affordable housing that could be delivered on the Site. As the Local Plan progresses, it needs to be cognisant of the viability work already undertaken and any updates which may follow.

Furthermore, it is considered that brownfield sites tend to suffer from additional constraints which can impact the viability and deliverability of residential development on these sites. It is considered that relying too heavily on brownfield land to deliver housing within Tameside could result in a deliverability issue over the plan period. The Council should therefore ensure that an appropriate amount of housing land is identified and allocated in greenfield locations where there are fewer constraints and viability issues are less prevalent, such as the Lumb Lane site whereby there are no significant physical constraints precluding development.

Policy HSP S2G: Droylsden

Proposed New Train Station

Paragraph 2 states the vision for the Droylsden neighbourhood up to 2042 is to support the provision of new train stations, including a new Ashton Moss West train station, as identified within PfE Policy JP Allocation 27.

The proposed station is located on the southern boundary of our Lumb Lane site and is intended to service the employment allocation, as well as the Droylsden and Audenshaw areas.

Existing public rights of way already connect the subject site to the PfE allocation and the Development Framework (approved January 2024) for the site indicates that the proposals will 'Improve access across the railway to the north' and be enhanced as Active Travel Corridors, connecting the two sites.

Taylor Wimpey supports the concept of a new train station at this location and believe that this represents a major opportunity for Tameside by enhancing the sustainability credentials of the Lumb Lane site, which is already well located to Droylsden town centre and benefits from existing sustainable transport options. The location of the proposed new train station adjoining the southern boundary of the site means future residents would benefit from direct, walkable access to high-quality public transport, improving connectivity to Ashton-under-Lyne and Manchester. This level of accessibility strengthens the case for a large-scale residential allocation at Lumb Lane; particularly in the context of

¹ Median workplace based affordability ratio for 2023

the December 2025 draft NPPF which supports new development within reasonable walking distance of rail stations [Draft Policy S5].

The station, combined with existing public rights of way and proposed active travel corridors connecting Lumb Lane to the PfE allocation, would support a genuinely sustainable pattern of development entirely consistent with national and strategic policy. As such, the Lumb Lane site is uniquely placed to maximise the benefits of this investment and deliver a highly sustainable new community.

Development in Droylsden

Droylsden is identified within the Eastern Growth Cluster, with Policy HSP S2A stating that “*A particular focus will be placed on maximising the use of suitable previously developed land through urban regeneration in the centres of Ashton, Stalybridge, Hyde, and Droylsden.*”

Further to the comments under Policy HSP S1, the need to identify additional supply across the Borough will have direct implications for the level of growth required in Droylsden. As a key location within the Eastern Growth Cluster, Droylsden is already identified as a focus for regeneration and sustainable residential development. Given the scale of additional supply that will be required once the higher LHN applies from 2029, Droylsden is well-placed spatially to accommodate an increased proportion of growth. Its strong public transport connectivity, proximity to new infrastructure such as the proposed Ashton Moss West train station, and its role as a key urban settlement mean that directing additional development here would be consistent with the emerging spatial strategy and with delivering sustainable patterns of development.

Paragraph 4 of Policy HSP S2G states that the vision for the Droylsden neighbourhood up to 2042 is to deliver a net increase of around 740 new homes across Droylsden and further to this, there are four site specific allocations in Droylsden:

- 1 HSP S2G: Allocation 1: Droylsden Marina (0.93 hectares): for around 174 new homes
- 2 HSP S2G: Allocation 2: Edge Lane (2.24 hectares): for around 143 new homes
- 3 HSP S2G: Allocation 3: Ashton Hill Lane (0.4 hectares): for around 28 new homes
- 4 HSP S2G: Allocation 4: Victoria Mill (1.22 hectares): for around 127 new homes

Based on the indicative capacity for each site, this amounts to 472 units. However, the densities proposed are not consistent with PfE Policy JP-H4 and if these were applied correctly would result in the following:

Table 2. Droylsden Allocations – PfE Capacity

Site	Site Size	JP-H4 Capacity	Capacity	HSP S2G Capacity	Difference
Allocation 1: Droylsden Marina	0.93 ha	120 dph / Designated town centre	112	174	-62

Site	Site Size	JP-H4 Capacity	Capacity	HSP S2G Capacity	Difference
Allocation 2: Edge Lane	2.24 ha	50 dph / Within 800m of metrolink stop	120	143	-23
Allocation 3: Ashton Hill Lane	0.4 ha	70 dph / Within 400m of designated town centre	28	28	0
Allocation 4: Victoria Mill	1.22 ha	70 dph / Within 400m of designated town centre	85	127	-42

After applying densities consistent with PfE, this results in a capacity of 345 units which only amounts to 46.6% of the total number of dwellings identified for Droylsden.

Clearly, more sites are required to meet the current target of 740 new dwellings for Droylsden and in the absence of other suitable brownfield sites, the Council must explore the inclusion of sustainable greenfield sites. As such, there is a clear conflict with paragraph 3 which seeks to:

“Maintain and enhance the suburbs of Droylsden as attractive residential neighbourhoods seeing relatively little change over the plan period”

For the plan to meet its long-term deliverability ambitions, Taylor Wimpey would support further allocations in Tameside. Although the site is designated as Green Belt, its position between Droylsden and Ashton-under-Lyne makes it a logical site for development that would enhance and complement the existing area.

Taylor Wimpey previously provided representations to the HSP Call for Sites exercise in September 2024 and provided a Delivery Statement to demonstrate that the Site is deliverable and represents a logical and sustainable extension to Droylsden. To summarise, Taylor Wimpey support the removal of the site from the Green Belt and its allocation for residential development on the basis that:

- 1 It would assist in the delivery of sustainable development;
- 2 It does not fulfil Green Belt purposes; and,
- 3 There are no insurmountable constraints to its development, and it is deliverable within the next five years.

The Site is suitable and available and is not subject to any policy constraints, ecological, environmental or landscape designations that will hinder its delivery for residential development.

Given the increased level of housing that will be required in Tameside over the plan period, a greater proportion of this growth will inevitably need to be directed to key sustainable locations, and as an important settlement within the Eastern Growth Cluster, Droylsden will be expected to accommodate a meaningful share of this growth. In this context, the Lumb Lane site represents a logical and sustainable opportunity to deliver new homes in a highly accessible location that supports the overall spatial strategy.

Policy HSP E1: Renewable and Low Carbon Energy

This policy states the Council will take a positive approach to proposals for renewable and low carbon energy sources and that development is brought forward in accordance with PfE Policies JP-S2 and JP-S3.

A Written Ministerial Statement of December 2023 states that the Government does not expect plan-makers to set local energy efficiency standards for buildings that go beyond current or planned building regulations. The interim position in PfE Policies JP-S2 and JP-S3 require development to be consistent with the 2022 Part L Building Regulations unless superseded by changes to building regulations and/or national or local planning policies.

We therefore seek clarity that this is the approach being taken, otherwise Taylor Wimpey is supportive of Council's approach to reduce carbon and to be more energy efficient in line with building regulations and would support this approach being carried forward to the Publication Plan.

Policy HSP E2: Surface Water and Water Efficiency

This policy states that proposals for new residential development, including new build and conversions, should demonstrate how they will achieve the optional water efficiency standard set out in the Building Regulations 2010 Part G (or any subsequent update to it), achieving a maximum water consumption of 110 litres per person per day.

It should be noted that PPG (Paragraph: 015 Reference ID: 56-015-20150327) requires that where the Council seeks to introduce enhanced optional standards, it is on the basis that the Council establishes a clear need based on evidence, consultations with the local water company, Environment Agency and catchment partnerships, and consideration of the impact on viability and housing supply of such a requirement.

The PPG (Paragraph: 016 Reference ID: 56-016-20150327) states that the existing sources of evidence, which might support tighter water efficiency for new dwellings are:

- The Environment Agency water stressed areas 2021 classification, which identifies areas of serious water stress where household demand for water is (or is likely to be) a high proportion of the current effective rainfall available to meet that demand.
- Water resource management plans produced by water companies.
- River Basin Management Plans which describe the river basin district and the pressure that the water environment faces. These include information on where water resources are contributing to a water body being classified as 'at risk' or 'probably at risk' of failing to achieve good ecological status, due to low flows or reduced water availability.

It is not clear from the policy that such evidence demonstrates that there is a clear need to introduce these optional standards. As such, it is important that where the Council is seeking enhanced standards, and there is clear justification to do so, it must be flexible enough to ensure that the development is viable to remain in accordance with national guidance.

Policy HSP H1: Housing Size, Type, Mix and Tenure

This policy states that the Council will support individual applications for new residential developments that positively contribute to the provision of an appropriate, broad mix of dwellings, covering a range of size, type, number of bedrooms and tenure, addressing identified local housing needs within the area, having regard to the following policies and evidence:

- Places for Everyone Policies JP: H1, H2, H3 and H4;
- Homes, Spaces, Places Policy H2; and
- The most up to date Housing Needs Assessment.

The current Housing Needs Assessment is reflected in the table below:

Table 3. Housing Needs Assessment

Number of bedrooms	% Overall dwelling mix	House Type	% Overall
1	5-10	House	65-70
2	30-35	Apartment	5-10
3	40-45	Bungalow/Level-access	20-25
4+	15-20		

The policy also provides that the Council will permit an alternative appropriate mix of housing size, type, bedroom number, and tenure from that identified in the most up-to-date housing needs assessment where either:

- 1 there is clear evidence that the alternative mix would better meet specifically identified local needs; or
- 2 specific site circumstances prevent delivery of the identified mix. Examples include location, flood risk, character, design, or viability considerations.

Taylor Wimpey is supportive of Tameside's intention to deliver an appropriate mix of housing able to support the wider community and would support the flexibility of this policy being carried forward to the Publication Plan. However, requiring specific house types such as apartments and bungalows as a blanket requirement across all schemes would not be appropriate or effective.

Different sites have fundamentally different characteristics, constraints and development capacities, and therefore require different typologies to deliver the most suitable and sustainable form of development. Applying a single prescribed mix to all sites would risk forcing inappropriate housing typologies in locations where they are neither viable nor reflective of market demand. It is therefore important that the policy retains flexibility to allow the mix to be determined on a site-by-site basis.

In addition, the requirement for 20–25% of all new homes to be bungalows/level access is disproportionately high and is not supported by evidence demonstrating that such a level of provision is either necessary or deliverable. Applying a requirement for a certain percentage of homes to meet M4(2) standards instead of a prescriptive policy on bungalows/level access would be a more effective

way of delivering an appropriate mix of homes. Furthermore, Policy HSP H3 seeks to introduce a requirement of 5% for M4(3) too which will greatly assist in meeting needs.

Bungalows are a low-density typology which significantly reduces site capacity and can create viability challenges, particularly on sites where optimising efficient use of land is critical. Imposing such a high blanket requirement would therefore be inappropriate and risks undermining both the viability and the deliverability of housing schemes. This is also notwithstanding the fact that achieving such a high percentage of bungalow houstypes would be a clear conflict with PfE Policy JP-H4, which establishes appropriate density levels.

Viability testing of the proposed housing mix policy will also be required as part of the emerging Local Plan and will be required in advance of the release of the Publication Plan at Regulation 19.

Policy HSP H2: Meeting Affordable Housing Needs

This policy seeks affordable housing on all market-led residential developments of 10 or more new homes or on sites greater than 0.5 hectares irrespective of the number of dwellings shall deliver:

- 1 At least 15% of the total number of homes as affordable housing.
- 2 At least 50% of the total number of homes as affordable housing when located on sites in the Green Belt.

The Council has been applying a requirement of 15% on all major applications for a number of years and for consistency, in accordance with 2024 NPPF paragraph 157, the affordable housing contribution for sites coming forward from the Green Belt should be set 15 percentage points above this, i.e. 30%. This approach would be consistent with the current approach to affordable housing on sites in the Green Belt and the Government's expectation. Applying a 50% affordable housing requirement on Green Belt sites seems punitive given the approach the Council has been applying for a number of years on affordable housing. This approach also conflicts with Council's aim and Taylor Wimpey's ability to provide a greater mix of housing as viability will become a greater consideration. Viability testing of the affordable housing requirement will also be required alongside the proposed housing mix policy as part of the emerging Local Plan.

Regarding tenure, the policy states that affordable housing should accord with the following tenure split, based on the findings of the November 2025 HNA, to ensure there is a diverse range of new affordable homes:

- 60% social rented
- 15% affordable rented
- 25% affordable home ownership.

The policy also states that a different affordable housing tenure mix from the above may be acceptable where there is clear evidence this would help to better meet specifically identified local needs. Taylor Wimpey supports the inclusion of targeted tenures within the policy as this provides more certainty for the developer, and supports the inclusion of allowing flexibility and a different tenure mix if this is supported by up to date market evidence. However, the proportion of social and affordable rent is very

high which will have a significant impact on viability. This needs to be fully considered and deemed appropriate in an updated viability assessment for the emerging plan.

The supporting text states that “*delivery of affordable housing is a critical priority for Tameside*” and this is reflected by the Housing Needs Assessment, which identifies an affordable housing need of 717 dwellings per annum, significantly exceeding the overall housing requirement established by PfE. Further to this, PPG (Paragraph: 024 Reference ID: 2a-024-20190220) states that:

“An increase in the total housing figures included in the plan may need to be considered where it could help deliver the required number of affordable homes.”

Again, to reiterate comments further to Policy HSP S1: Overall Spatial Strategy, the Council should seek to allocate sufficient sites within the Local Plan to deliver the appropriate housing requirement to ensure that the Council is able to meet their housing requirement.

Policy HSP H3: Meeting Specific Housing Needs

This policy builds on the requirements of PfE Policy JP-H3 by introducing a requirement to provide 5% of new homes meet the optional Building Regulation Part M4(3) Category 3: Wheelchair user dwellings standard, except where it can be clearly demonstrated that this is impracticable due to site specific constraints.

The PPG in relation to enhanced accessibility, adaptability and wheelchair housing standards is clear that the standards for M4(2) (accessible and adaptable dwellings), and/or M4(3) (wheelchair user dwellings) are also optional and that evidence needs to be provided if such standards are to be adopted. Whether these standards are implemented, PPG (Paragraph: 007 Reference ID: 56-007- 20150327) provides the following considerations for an authority:

- the likely future need for housing for older and disabled people (including wheelchair user dwellings).
- size, location, type and quality of dwellings needed to meet specifically evidenced needs (for example retirement homes, sheltered homes or care homes).
- the accessibility and adaptability of existing housing stock.
- how needs vary across different housing tenures.
- the overall impact on viability.

For the Council to require enhanced accessibility, adaptability and wheelchair housing standards, the Council must provide justified evidence based on the above criteria. Without which, these standards should remain optional as intended by national policy.

In relation to viability and plan making, PPG (Paragraph: 001 Reference ID: 10-001-20190509) states that policy requirements should be informed by “a proportionate assessment of viability that takes into account all relevant policies, and local and national standards, including the cost implications of the Community Infrastructure Levy (CIL) and section 106”. However, it is not clear from the policy that this has been factored into imposing the enhanced accessibility standards. As such, it is important that where the Council is seeking enhanced standards it must be flexible enough to ensure that the development is viable to remain in accordance with Government guidance.

Furthermore, introducing an additional requirement for 5% of homes to meet the M4(3) standard risks duplicating the accessibility obligations already being imposed through Policy HSP H1, which seeks developments to provide bungalows, which are inherently accessible. This effectively results in a potential double layer of accessibility expectations. It is therefore important that the Council ensures these requirements do not overlap or duplicate one another, and that any enhanced standards are applied proportionately in line with the PPG.

If the Council proceed with implementing a requirement for accessible dwellings, it would be Taylor Wimpey's preference to provide M4(3) over bungalows, as it achieves the same overall goal but allows greater flexibility on the type of housing that can be delivered. It must however be emphasised that any requirement for enhanced accessibility standards must be underpinned by a proportionate assessment of viability and justification.

Policy HSP PE1: Development and Healthier Environment

This policy requires all developments to be supported by a Health Impact Assessment [HIA], in accordance with PpE Policy JP-P6. The policy builds on the PpE policy by introducing additional requirements for 'residential developments of 100 dwellings, or major mixed-use schemes that could impact on health and wellbeing of different groups', 'all residential developments of 50 dwellings or more', and 'any developments due to their nature, location or proximity to sensitive receptors'.

The HSP policy then appears to diverge from Policy JP-H6, stating that HIAs should be undertaken as early as possible in the planning process, whereas in PpE the HIA is a submission requirement.

Policy HSP PE1 should follow directly from and be consistent with the established PpE policy, rather than seeking to rewrite or expand upon it in a way that introduces new requirements. We would therefore disagree with this approach. Furthermore, the requirement for HIAs for all residential developments of 100 dwellings would not be consistent with PPG (Paragraph: 005 Reference ID:53-005-20190722) which states that HIAs are "*a useful tool where there are expected to be significant impacts*", particularly where a scheme is not expected to have a significant impact.

Notwithstanding this, the policy should also provide clarity on what is meant by the requirement for HIAs to be undertaken 'as early as possible in the planning process', as this wording is ambiguous and could lead to inconsistent interpretation and application.

Policy HSP PE3: Open Space Provision in New Developments

This policy requires residential development proposals to contribute to the open space standards and the management and maintenance of spaces for at least a 20-year period, proportional to the additional demand that they would be expected to generate.

The open space standards are replicated in the table below.

Table 4. Open Space Standards

Type of Open Space	Size requirements	Quantity of Open Space per 1,000 population	Accessibility Standard (walking distance)
Local Area of Plan (LAP)	100 sqm	0.55	100 m
Equipped Play (LEAP)	400 sqm	0.55	400 m (10 minutes)
Neighbourhood Play Space (NEAP)	1000 sqm	0.55	1000 m (10-12 minutes)
Public amenity space (informal play space)	Local Greenspace: Over 2ha Small Greenspace: Less than 0.5ha	0.55	Local greenspace 300 m (5 minutes) small Greenspace 200 m (less than 5 minutes)
Parks and recreation grounds	Neighbourhood Park: 0.4-2ha	0.80	Neighbourhood Park 1000 m (10 minutes)
Natural Greenspace	-	1.80	1000 m
Allotment/community growing space	-	0.21	1000 m

The table should be updated for consistency with walking distance, as it currently shows 10 minutes for both 400m and 1000m. It is also recommended that the open space standards should be presented showing quantity standards as ha/1000 population for clarity and ease of use.

PPG (002 Reference ID: 23b-002-20190901) states that planning contributions should only be sought where they are:

- necessary to make the development acceptable in planning terms;
- directly related to the development; and,
- fairly and reasonably related in scale and kind to the development.

Not all residential developments generate a need for every type of open space. Therefore, contributions should only be required where there is a clear, identified shortfall in the area, rather than applying a blanket requirement. It is recommended that this policy is reworded so that provision is targeted to address identified local shortfalls, ensuring contributions are spent where they deliver the greatest benefit. The policy should therefore make clear that open space contributions must be calculated based on the actual level of need generated by that specific development. This is consistent with PPG, and as drafted, the policy risks creating blanket requirements that are not directly related to the impacts of individual developments.

The requirement for long-term management and maintenance contributions for a minimum period of 20 years also has potentially significant viability implications and the draft Local Plan and the associated evidence lacks any justification to support this period of maintenance. The plan's viability testing will therefore need to demonstrate clearly that such obligations are realistic and deliverable across a range of typologies.

The policy should therefore reflect Paragraph 35 of the Framework, which states that where plans set out the contributions expected from development, these policies should not undermine the deliverability of the plan. It is important that the Plan's viability assessment ensures that the requirements of this policy not undermine deliverability of development.

Policy HSP T3: Rail Infrastructure

This policy states that the Council seeks to facilitate the provision of new rail stations, including New Ashton Moss West (Droylsden) station east of Little Moss Road Bridge and west of the M60, as identified within PFE Policy JP Allocation 27 – Ashton Moss West.

To reiterate the comments under HSP Policy S2G: Droylsden, Taylor Wimpey support the new train station and believe that this represents a major opportunity for Tameside by enhancing the sustainability credentials of the Lumb Lane site, which is already well located to Droylsden town centre.

Supporting growth around train stations is a widely recognised approach within national policy and in particular the emerging NPPF, and the Council should be seeking to maximise the benefits of this investment through identifying suitable and deliverable residential sites such as Lumb Lane.

Recognising the Lumb Lane site as a strategic residential allocation would help ensure that the station is embedded within a coherent spatial strategy, rather than being delivered in isolation.

Policy HSP T8: Parking

This policy states that new development will be subject to the provision and design standards, set out within Appendix C of the plan.

The site at Lumb Lane is in 'Zone B' (GMAL score of 4 and below), where access to the Bee Network is patchier and less frequent. Within this area, there is a maximum parking standard of:

- 2 spaces per dwelling for 2+ bedroom houses; and
- 1.25 spaces per dwelling for single bed dwellings.

Taylor Wimpey is supportive of the Council's aim to encourage sustainable transport. However, it is considered that an indicative approach should be taken, considering future connectivity needs whilst avoiding the imposition of restrictive maximum parking standards across the Borough that do not necessarily consider site specific considerations.

There is also concern that this approach is inconsistent with the paragraph 107 of the 2021 NPPF, which states that when setting local parking standards, policies should take into account a range of factors including:

- a) the accessibility of the development;

- b) the type, mix and use of development;
- c) the availability of and opportunities for public transport;
- d) local car ownership levels; and
- e) the need to ensure an adequate provision of spaces for charging plug-in and other ultra-low emission vehicles.

A blanket maximum standard risks undermining the delivery of schemes where the local context matters. This approach is insufficiently justified and fails to recognise the different needs of larger family homes. For larger 4-bedroom to 5-bedroom properties, a limit of 2 spaces is unrealistic and risks undermining marketability, as purchasers of larger homes typically require higher levels of parking provision.

The policy should therefore avoid applying rigid maximum standards and instead adopt a flexible, indicative or stepped approach that allows the appropriate level of provision to be determined on a site-by-site basis. Without such flexibility, the policy and parking standards risks constraining the delivery of larger family housing and could negatively affect viability and deliverability of the plan.

Policy HSP T9: EV Charging Infrastructure

This policy states that applicants should have regard to the Council's Electric Vehicle Strategy, which states that requirements for electric charging infrastructure are set out in Part S of building regulations.

Approved Document S mandates that new residential buildings must incorporate accessible EV charge points for each dwelling, with preparation of cable routes for future expansion if immediate installation exceeds budget thresholds.

Taylor Wimpey is supportive of the Council's approach to align local planning practices with the regulatory requirements. However, as this document already provides the national standard for all local authorities, there is no need for the Local Plan to duplicate or restate these requirements. In doing so, it risks creating unnecessary policy repetition that does not add value or clarity for applicants.

Overall, Taylor Wimpey considers that this policy unnecessary and offers no additional clarity beyond what is already mandated at national level. A more proportionate approach would be to rely on the established regulatory framework and remove this policy.

Summary and Conclusion

Taylor Wimpey supports the Council's preparation of a new Local Plan for Tameside, which provides an excellent opportunity to allocate new sites for housing development to assist in meeting the Borough's housing needs. However, the Council in this version of the plan is missing an opportunity to futureproof itself against the impending application of the new standard method figure being required in Tameside in 3 years from now. At that juncture, the Council will not be able to demonstrate a sufficient supply of land and now is the opportunity to plan positively.

At present, based on the emerging Local Plan and content of the associated evidence base, it is considered that there is limited evidence available to demonstrate the developability of identified housing sites within the plan period. As the supply was not tested through the examination of PpE,

unblinkered reliance on this is a flawed approach and Taylor Wimpey will be challenging the claimed supply position should the Council continue to rely on it as the Plan progresses to Examination. The Council should therefore seek to allocate sufficient sites within the emerging Tameside Local Plan to ensure that the Council is able to meet their housing requirement rather than relying on an untested SHELAA supply.

In its current form, the Options and Preferences Plan provides no certainty that the Council will be able to meet its housing requirement now, which will only worsen once the LHN applies and Tameside's housing requirement increases significantly from March 2029 onwards. It is therefore important that the Council plans proactively and a new Local Plan should identify additional land across the Borough which can be assessed and scrutinised as part of the preparation of the Local Plan. A full Green Belt Review should also be undertaken to support this. The Green Belt Review should seek to identify the best grey belt sites in Tameside and these should be considered for allocation.

In line with the Inspectors' Report on the examination of PfE, it is explicitly stated that it is the role of subsequent local plans to identify a supply of housing sites (para. 14) and ensure that sufficient land is identified to allow development needs to be met in a timely and plan-led manner (para. 18). The lack of allocations within the draft Local Plan directly conflicts with the examination of PfE and undermines the relationship with the joint plan. In its current form, there are significant questions as to whether the draft Local Plan would facilitate the necessary development in Tameside.

In addition, there are significant viability concerns given the clear overreliance on brownfield land to meet requirements. The viability implications within the draft Local Plan must also be tested to ensure that the policies are realistic and will not undermine the delivery of new development within the Borough.

The Local Plan should proactively plan for a higher level of need now, rather than embed an under-provision that would inevitably lead to supply pressures and speculative applications later in the plan period. In this context, it is essential that TMBC allocates further sustainable development sites to avoid a supply shortfall and to provide a plan-led framework capable of responding to the higher housing need that will be required from 2029.

Taylor Wimpey's site at Lumb Lane represents a logical and suitable opportunity in this regard, which is well related to the existing urban area and benefits from its proximity to the proposed new train station at Ashton Moss West. This offers a rare opportunity to align new housing delivery with major public transport investment. Existing public rights of way and active travel corridors already provide direct links between the site and the PfE allocation, enabling integration with the proposed station and the wider movement network.

In light of the demonstrated supply issues, the strategic location of Lumb Lane, and the opportunity to support and capitalise on new rail investment, Taylor Wimpey strongly encourages TMBC to include the site as a residential allocation within the emerging Local Plan. Doing so would materially assist the Council in delivering a sound, positively prepared and deliverable strategy capable of meeting both current and future housing needs.

While we recognise that the majority of the draft policies have been prepared in broad accordance with PfE and reflect its strategic direction, it remains essential that these policies are clear, consistent, and do not introduce requirements that risk undermining the viability or deliverability of development. In

several instances, greater clarity and flexibility will be necessary to ensure these policies can be applied proportionately and in a way that supports housing delivery.

Taylor Wimpey would welcome the opportunity to work collaboratively with the Council to bring the site forward for development and ensure that sufficient supply is identified through the emerging plan.

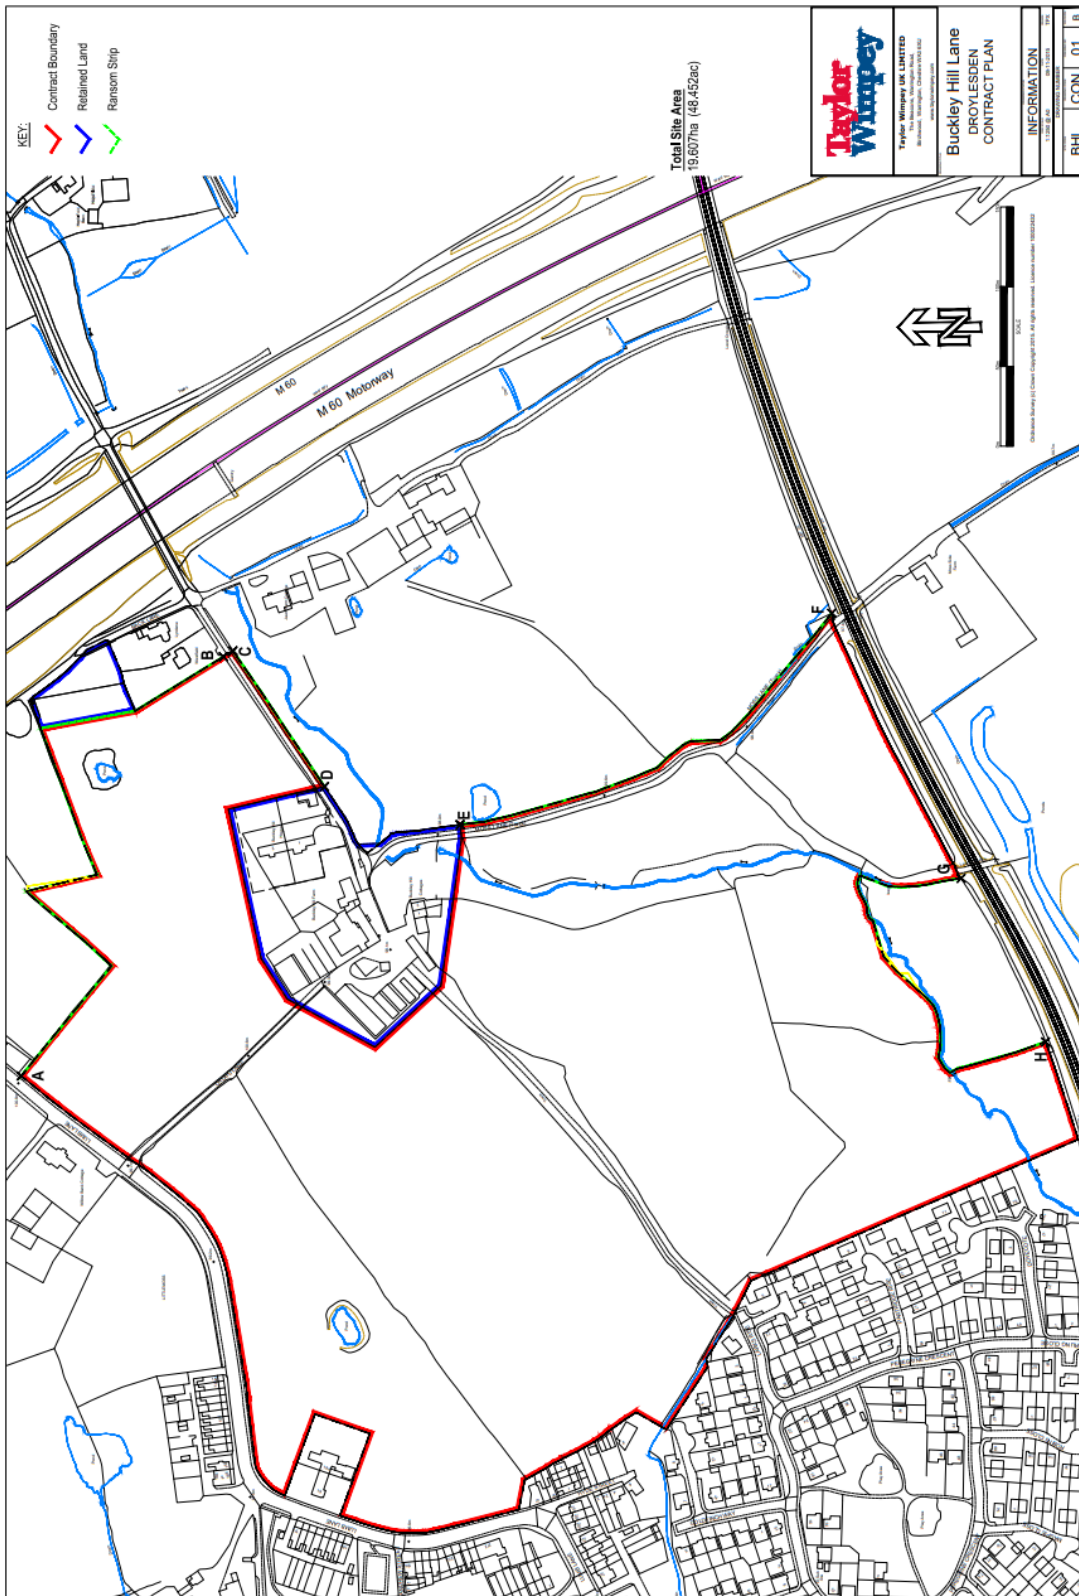

We trust that these representations will be fully considered in the formulation of a new Local Plan and we would be grateful if you could keep us informed as to the details of the next stage of consultation.

Yours faithfully

If you are responding on behalf of a business, charity or other organisation, please state who you are responding on behalf of.

Q3

Email address*

[REDACTED]

Q4

Postal Address

[REDACTED]

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

1.

Homes in this area are no longer affordable. The area is at risk of becoming urban sprawl.

2. Jobs? Where ?

3. Centres, with budgets being slashed, where is the funding for community centres?.

4. Travel. The proposal is bringing increased traffic to an area that has collapsing roads, narrow highways without pedestrian passage, a town where parking safely is difficult. Huddersfield Road is a fast dangerous road which gridlocks the area during roadworks. There will be so many roadworks causing standing traffic increasing fumes and air pollution adversely affecting climate issues.

6. Environment is green spaces, with areas of special biodiversity and wildlife areas, which will be forever destroyed for future generations.

7. Children are more at risk under these proposals due to traffic, fumes, inability to get doctors or dentists or school places due to area being oversubscribed.

The proposals are damaging, and dangerous and unsustainable.

Q44

Respondent skipped this question

What are your thoughts on Policy HSP C8: Food, Drink and Leisure Uses in Centres?

Q45

Respondent skipped this question

If you have any further comments on the Centres chapter of the plan, please provide them below.

Page 7

Q46

What are your thoughts on the strategic objective for Environment?

The development will contribute to flooding, polluting traffic fumes, and damage to eco system, It does nothing to enhance the current environment by removing a swathe of green space.

Q47

Yes

Do you wish to answer questions on each of the policy approach under the 'Environment' strategic objective?

Page 8

Q48

Respondent skipped this question

What are your thoughts on Policy HSP E1: Renewable and Low Carbon Energy?

Q49

What are your thoughts on Policy HSP E2: Surface Water and Water Efficiency?

It will wreck the current status, as previous building alterations have done

Q50

What are your thoughts on Policy HSP E3: Biodiversity and Geodiversity?

Lots of biodiversity will be lost, destroying special scientific areas losing numerous species eg the reedbeds. It will also upset the wildlife population which helps control rodent population.

Q51

Respondent skipped this question

If you have any further comments on the Environment chapter of the plan, please provide them below.

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

Not affordable, financially and more people/ traffic does not help current residents

Q53

No - if No, we'll move on to the next strategic objective - Jobs

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

Page 10

Q54

Respondent skipped this question

What are your thoughts on Policy HSP H1: Housing Size, Type, Mix and Tenure?

Q55

Respondent skipped this question

What are your thoughts on Policy HSP H2: Meeting Affordable Housing Needs?

Q56

Respondent skipped this question

What are your thoughts on Policy HSP H3: Meeting specific housing needs?

Q57

Respondent skipped this question

What are your thoughts on Policy HSP H4: Build to Rent?

Q58

Respondent skipped this question

What are your thoughts on Policy HSP H5: Houses in Multiple Occupation (HMO)?

Q59

Respondent skipped this question

What are your thoughts on Policy HSP H6: Gypsy, Traveller and Travelling Showpeople?

Q60

Respondent skipped this question

If you have any further comments on the Homes chapter of the plan, please provide them below.

Page 11

Q61

What are your thoughts on the strategic objective for Jobs?

Where ? Places closing down.Parking to access local businesses is a problem

Q62

No - if No, we'll move on to the next strategic objective - People

Do you wish to answer questions on each of the policy approach under the 'Jobs' strategic objective?

Page 12

Q63

Respondent skipped this question

What are your thoughts on Policy HSP J1: Existing Employment Areas?

Q64

Respondent skipped this question

What are your thoughts on Policy HSP J2: New Employment Development?

Q65

Respondent skipped this question

What are your thoughts on Policy HSP J3: Assessing the Loss of Employment Land or Accommodation?

Q66

Respondent skipped this question

What are your thoughts on Policy HSP J4: The Visitor Economy?

Q67

Respondent skipped this question

If you have any further comments on the Jobs chapter of the plan, please provide them below.

Page 13

Q68

What are your thoughts on the strategic objective for People?

Building more housing just exacerbates current problems.No doctor appointments,no dentists for new people,loss of green space contributing to greater air pollution and flooding

Q69

Do you wish to answer questions on each of the policy approach under the 'People' strategic objective?

No - if No, we'll move on to the next strategic objective - Travel

Page 14

Q70

Respondent skipped this question

What are your thoughts on Policy HSP PE1: Development and Healthier Environments?

Q71

Respondent skipped this question

What are your thoughts on Policy HSP PE2: Protection and Enhancement of Open Spaces?

Q72

Respondent skipped this question

What are your thoughts on Policy HSP PE3: Open Space Provision in New Developments?

Q73

Respondent skipped this question

What are your thoughts on Policy HSP PE4: Strategic Recreation and Countryside Access?

Q74

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Sounds good but hoping that the proper infrastructure is put in place ie we need more gp centres and dentist and also the problem of extra traffic on the roads. Green spaces left alone so folk have somewhere close by they can use.

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

It seems to me there are not many 'spaces' in my home town of Mossley. Every piece of land seems to become a building site. I know we need houses in this country, but not for foreigners, but there seems there are not many 'open spaces'. The land between Mossley Hollins and Hey Farm Estate should be turned into a general wildlife park where people can walk round and enjoy the views and the deer, pheasants birds and other animals that live on this land. The infrastructure of Mossley cannot cope with another 400 plus cars on the road, with no more doctors, dentists, schools and other amenities that are lacking in the area. Even the public transport leaves a lot to be desired.

[REDACTED]

Q4

Postal Address

[REDACTED]

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Overall its very good, however we cannot have greener spaces if more homes continue to be built. New homes need stopping.

Postal Address

Q5

No

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

This vision does not reflect what it is actually like to live in Tameside. While the language sounds positive, it does not match lived experience or recent decision-making. There is a clear gap between what is being described and how systems are working in practice.

Environment

The vision talks about a greener place with a thriving natural environment and clean air. This is difficult to reconcile with decisions such as those around Godley Green, where residents were clear that they wanted green space protected and did not feel listened to. I was one of those residents.

Tameside does not have an abundance of accessible green space. What exists is already under pressure and should be protected. Green space is not spare land, it is essential for physical health, mental wellbeing, community connection, and climate resilience.

Homes

The statement that Tameside is a place people are proud to live does not reflect the experience of many disabled families.

I am physically disabled and was placed into a three-storey property that was wholly unsuitable. This highlights serious failings in accessible housing planning and allocation. Pride in housing cannot exist where people are placed into homes that do not meet basic access needs.

Jobs

A strong local economy depends on active support, not just aspiration.

Businesses and small organisations will only remain and grow if they can access funding, advice, and council services without unnecessary barriers. Many feel locked out rather than supported, which directly affects whether they can operate locally and sustainably.

Centres

Town centres appear to be the most visible area of progress, likely because they are easy to showcase.

At the same time, children's services, mental health support, SEND provision, and green spaces remain under-resourced. These are not secondary issues. They are the foundations that communities rely on, and without them, surface-level regeneration does not translate into real quality of life.

Places

Tameside is not currently recognised as an area that meaningfully protects or values its heritage. New development consistently takes priority over what already exists.

Beyond Werneth Low, which is not managed by Tameside, Portland Basin and the Old Baths, there is little that feels actively preserved or celebrated. If this continues, there will be very little left for future generations.

People

When people are struggling, Tameside does not feel like it has enough flexible, responsive support options. There is a reluctance to engage with or invest in approaches that sit outside traditional models. Rather than commissioning or actively working with alternative or preventative support, the system often defaults to dropping a referral and stepping back.

Referrals alone are not support. Without follow-up, shared responsibility, or joined-up working, families are left to navigate complex systems on their own.

In schools, attendance rates are frequently prioritised over mental health and emotional wellbeing. Children who are anxious,

overwhelmed, or struggling with SEND-related needs are often managed through attendance pressure and behaviour systems rather than support that addresses the cause of their distress.

CAMHS is often treated as the end point of support, rather than part of a wider network. For many children, CAMHS is not appropriate, involves long waiting times, or does not meet their needs. It should not be the end of the road. It should be the starting point for coordinated, directed support into other therapeutic and community-based services.

There is also a growing belief among families that there is little point in pursuing an EHCP or additional support. The process is slow, adversarial, and exhausting. Families are required to repeatedly prove need, challenge decisions, and manage delays, often while their child's situation worsens.

EHCPs are not experienced as supportive pathways. They are experienced as fights. By the time support is agreed, if it is agreed at all, the opportunity for early intervention has often passed.

This affects how schools and other departments respond. When staff believe an EHCP is unlikely to be issued or will take years, support is delayed or reduced while decisions are pending. Children are left without appropriate provision, and families are worn down by the process.

A system that relies on parents having the capacity to fight is not an equitable system. Access to support should be based on need, not persistence.

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

I do not agree with further development as set out in this policy. Local services in Tameside are already stretched, and adding more housing and population without first fixing what is already failing does not feel responsible or sustainable.

Schools are struggling, SEND support is difficult to access, mental health services are oversubscribed, and families are already fighting for basic support. Health services, social care, and early help are under pressure. Building more homes into this context does not improve outcomes, it increases strain on systems that are already not coping.

The policy assumes that development can be balanced by future infrastructure, but from lived experience, infrastructure comes too late or not at all. Housing is delivered first, and families are left navigating services that were already hard to access before more demand was added.

When green space is referenced, it often feels tokenistic. This is not about adding small parks or strips of grass between developments. What people need is meaningful access to larger, open, natural green spaces. These spaces are essential for mental health, physical wellbeing, and for children who need space to regulate, move, and feel safe. Without this, increased density reduces quality of life.

I am also not reassured by statements about protecting green space. Recent decisions have shown that resident voices are not always reflected when targets need to be met. Strategic wording does not prevent real-world loss of valued land.

Overall, this spatial strategy feels focused on accommodating growth rather than pausing to ask whether Tameside can realistically support it. Until local services are properly resourced, accessible, and functioning well, further development risks making existing problems worse, not better.

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

I do not agree with the Eastern Growth Cluster as set out in this policy. Concentrating significant growth in the east of the borough feels disconnected from what those areas can realistically support.

These communities are already under pressure. Schools, SEND provision, mental health services, GP access, and wider support services are stretched as it is. Adding more housing and population into this area does not feel sustainable when the existing systems are struggling to cope with current demand.

The policy talks about opportunity and regeneration, but from lived experience, growth does not automatically lead to better outcomes for residents. Too often, development happens first and services are expected to catch up later. That “later” either takes years or never fully arrives. Families are left dealing with longer waits, fewer options, and more competition for already limited support.

There is also a real concern about green space in the eastern part of the borough. When green space is mentioned, it often means small, fragmented areas or managed parks. What is lacking is meaningful access to larger, open, natural green spaces. These are essential, especially for children, disabled people, and those struggling with mental health. Increased development without protecting and improving access to substantial green space reduces quality of life.

The Eastern Growth Cluster also risks placing a disproportionate burden on specific communities. Growth feels concentrated rather than shared, and it raises questions about fairness. Why should some areas absorb the impact of housing targets when the supporting infrastructure is already fragile?

Overall, this policy feels driven by housing numbers rather than by what existing communities actually need. Without a pause to address service capacity, accessibility, and genuine green space protection, the Eastern Growth Cluster risks deepening existing problems rather than resolving them.

Godley Green falls within the Eastern Growth Cluster. Even though it is not currently allocated, the designation places ongoing development pressure on valued green space. My experience as a resident is that assurances about protection are not sufficient, and this policy risks repeating that.

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

I support commercial space in principle, but only if it is backed by real, accessible incentives such as funding, grants, and practical support for local businesses. Without that, commercial development benefits developers far more than the businesses it is meant to attract.

I do not support the rest of this policy. Tameside has a pattern of spending large amounts of money on visible projects, such as markets and town centre schemes, while small businesses are left waiting, delayed, or unable to access support. There is often a lot of money spent, but very little of it reaches the people who are actually trying to keep businesses going day to day.

Delays, complicated processes, and lack of follow-through make it harder for small and independent businesses to survive. Without fixing that, more commercial space does not solve the problem. It just creates more units that local businesses cannot afford or access.

Regeneration should start with supporting what already exists, not repeating cycles of high spend, slow delivery, and missed opportunity. Without clear incentives, timely funding, and proper support for small businesses, this development zone risks repeating the same mistakes.

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

I do not support this policy.

I do not agree with further development being prioritised through this zone. Local services across the borough are already overstretched, and concentrating growth in this way adds pressure without first addressing existing failures in health, education, SEND provision, mental health support, and access to green space.

I support the use of land to sustain farming, equestrian, and agricultural livelihoods, not further built development. There is a growing need for land that supports food production, land-based skills, and environmental stewardship, and policies like this move in the opposite direction.

There is also a pattern of high spending on visible regeneration projects while small businesses, land-based workers, and local enterprises experience delays, barriers, and lack of meaningful support. Without fixing that imbalance, further development risks repeating the same mistakes.

Overall, this policy prioritises growth and delivery over wellbeing, sustainability, and long-term resilience. I do not support it.

Q12

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

I do not support this policy.

Ashton-under-Lyne is already the focus of multiple growth, regeneration, and development designations across this plan. Layering additional policy focus onto the same area feels excessive and unbalanced. It places a disproportionate expectation on one town to absorb growth on behalf of the wider borough.

This approach risks concentrating pressure rather than distributing it fairly. When the same locations are repeatedly identified for development, the cumulative impact is not properly acknowledged. Over time, this leads to congestion, reduced liveability, and declining access to space, rather than genuine regeneration.

I am concerned that this policy reinforces a pattern where Ashton is expected to continually accommodate change, without clear limits or a pause to assess whether previous regeneration has actually delivered lasting benefit for residents.

For these reasons, I do not support further development being directed into Ashton-under-Lyne through this policy.

Q13

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

I do not support the proposed development allocations.

Local services in Ashton-under-Lyne are already stretched, including health services, education, SEND provision, and mental health support. Allocating further sites for development will increase demand on systems that are already struggling to cope.

Until existing services are properly resourced, accessible, and functioning well, further development allocations in this area risk worsening outcomes for residents rather than improving them. For this reason, I do not support the proposed allocations.

Q14

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

A Strategic Regeneration Area locks an area into ongoing redevelopment. That means years of sustained pressure on services that already cannot cope.

Right now, people are struggling to access basic education support, GP appointments, dental care, mental health services, and SEND provision. These systems are not under slight strain, they are already failing families. Locking Ashton-under-Lyne into long-term regeneration would increase demand year after year, without resolving the problems that already exist.

This feels like another example of priorities being out of balance. Instead of pausing and fixing what is not working, this policy commits the area to prolonged disruption and pressure. Once designated, there is no easy way out. It would lock residents into years of uncertainty and stretched services.

For these reasons, I do not support Strategic Regeneration Areas in Ashton-under-Lyne.

Q15

What are your thoughts on Policy HSP S2E: Audenshaw?

Audenshaw already feels constrained in terms of infrastructure and services. Access to education, health services, dental care, mental health support, and SEND provision is difficult, and there is little sense of spare capacity. Directing further development into this area risks increasing pressure without addressing the underlying problems residents already face.

Audenshaw also has limited access to meaningful, large-scale green space. Further development would reduce breathing space even more, at a time when access to natural environments is essential for wellbeing, particularly for children and disabled people.

Overall, this policy appears to prioritise growth and land use over whether Audenshaw can realistically support it. Until services are functioning well and quality of life is protected, I do not support further development being directed into this area.

Q16

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

I do not support these particular proposed development allocations.

Q17

What are your thoughts on Policy HSP S2F: Denton?

Denton already functions more as a destination than as a place to live. The presence of a large shopping centre draws significant traffic into the area, and congestion is already a daily issue. Further development would add to this pressure and worsen movement, air quality, and overall liveability.

The policy does not adequately account for the impact of additional development on traffic levels and how this affects residents. Increased housing or mixed-use development in an area that already experiences high volumes of vehicle movement risks tipping Denton from busy into unmanageable.

Without first addressing traffic, accessibility, and the balance between being a destination and being a liveable community, I do not support further development being directed into Denton.

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

I do not support the proposed development allocations.

I am particularly concerned about the inclusion of land connected to Denton Golf Club. Denton already has limited opportunities for outdoor sport, and this area should be protected and strengthened, not lost to development.

We need to be supporting sport and physical activity in Denton, not depriving it. Children and young people need encouragement, access, and visible opportunities to take part in sport. Facilities like Denton Golf Club offer exactly that and should be safeguarded for future generations, not treated as disposable land.

Once sports land is lost, it is rarely replaced. Development in this location would remove opportunities for participation, wellbeing, and community use at a time when children's physical and mental health needs more support, not less.

There should be a clear commitment to protecting and saving Denton Golf Club and similar facilities. For these reasons, I do not support the proposed development allocations in Denton.

Q19

What are your thoughts on Policy HSP S2G: Droylsden?

I do not support this policy.

Droylsden has already experienced significant change through the tram route, which diverted footfall away from local businesses rather than supporting them. Many businesses have struggled as a result, and that impact has never been properly addressed.

The arrival of the Manchester Metrolink should have strengthened the local economy, but in practice it has pulled activity away from traditional shopping areas. Before directing further development into Droylsden, there needs to be a clear commitment to supporting and rebuilding local businesses that were affected.

Further development without targeted support risks compounding existing problems. Growth should repair what has already been disrupted, not add another layer of pressure.

Q20

What are your thoughts on the proposed development allocations in Policy HSP S2G: Droylsden?

Before allocating more land for development, the focus should be on supporting local businesses, rebuilding footfall, and making the area work better for the people who are already there. Without that, further allocations just add pressure without benefit.

Q21

What are your thoughts on the proposed Strategic Regeneration Area in Policy HSP S2G: Droylsden?

Droylsden has already taken a hit from previous decisions, particularly around the tram, which pulled people away from local shops instead of supporting them. That damage has never really been put right. Adding more development on top of that, without fixing what's already been disrupted, feels wrong.

Q22

What are your thoughts on Policy HSP S2H: Dukinfield?

I do not support further development being directed into Dukinfield through this policy.

Dukinfield already feels boxed in, with very little flexibility left. It sits between major roads, industry, and neighbouring towns, and there is limited space for it to absorb more change without it becoming harder to live in.

I do support investment that improves what is already there, such as making existing areas safer, greener, and easier to move around, but that is different from continued growth. This policy feels focused on fitting more into an area that already feels compressed, rather than improving quality of life for the people who live there.

Q23

What are your thoughts on the proposed development allocations in Policy HSP S2H: Dukinfield?

I do not support any further developments in Tameside

Q24

What are your thoughts on Policy HSP S2I: Hyde?

I do not support this policy.

Hyde already has too many development sites happening at the same time. It feels relentless, with no pause to assess the cumulative impact on the town or on the people living there. Development feels constant rather than measured, and that has a real effect on how liveable the area feels.

There is also a clear issue of trust. With Godley Green, residents were clear about wanting that space protected, and many of us did not feel listened to. Against that background, further policies directing growth into Hyde are hard to accept. Assurances about balance and protection do not feel meaningful when recent experience suggests resident voices carry little weight.

Until there is a pause, proper listening, and a sense that Hyde is not expected to absorb continuous development, I do not support further growth being directed into the area.

Q25

What are your thoughts on the proposed development allocations in Policy HSP S2I: Hyde?

I do not support this policy.

Hyde feels like it is being treated as a place where development can keep being added without stopping to ask what the limit is. There are multiple schemes already underway, and the pace and volume of change feels unmanaged rather than planned.

Communities such as Hattersley have lived with long-term disruption and shifting plans for years, yet the lessons from that experience do not appear to be shaping current decisions. Instead of consolidation and stability, Hyde is being asked to take on more.

Confidence in the process has also been damaged. The situation around Godley Green showed a clear gap between what residents said they wanted and what happened. When that disconnect exists, it becomes very difficult to support further policies that rely on trust and reassurance.

Until there is evidence of restraint, learning from past decisions, and genuine weight being given to local voices, I do not support additional development being directed into Hyde.

Q26

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2I: Hyde?

I do not support any further developments in Tameside

Q27

What are your thoughts on Policy HSP S2J: Longdendale?

I do not support this

Q28

What are your thoughts on the proposed development allocations in Policy HSP S2J: Longdendale?

I do not support any further developments in Tameside

Q29

What are your thoughts on Policy HSP S2K: Mossley?

I do not support this

Q30

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

I do not support any further developments in Tameside

Q31

What are your thoughts on Policy HSP S2L: Stalybridge?

I do not support this

Q32

What are your thoughts on the proposed development allocations in Policy HSP S2L: Stalybridge?

I do not support any further developments in Tameside

Q33

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

I do not support this

Q34

If you have any further comments on the Spatial Framework, please provide them below.

Overall, this framework feels like it is constantly pushing forward without stopping to check whether things are actually working. There is very little sense of pause, reflection, or limits. Everything is about fitting more in, rather than recognising when enough is enough. It also feels detached from how change is experienced on the ground. Communities are expected to adapt again and again, with no time to settle, recover, or rebuild trust. That constant state of change wears people down, and that impact isn't acknowledged anywhere in the framework. What's missing is any real sense of learning. When decisions haven't worked well, when residents haven't felt heard, or when pressure has clearly built up, there's no sign that this is shaping future choices. The framework just moves on to the next designation. Until there is a shift towards listening, restraint, and letting places stabilise instead of constantly changing them, it's hard to have confidence in what's being proposed.

Page 5

Q35

What are your thoughts on the strategic objective for Centres?

I understand the intention behind strengthening centres, but the objective feels overly focused on appearance and activity rather than function and sustainability.

Q36

Do you wish to answer questions on each of the policy under the 'Centres' strategic objective?

No - if No, we'll move on to the next strategic objective, 'Environment'

Page 6

Q45

Respondent skipped this question

If you have any further comments on the Centres chapter of the plan, please provide them below.

Q46

What are your thoughts on the strategic objective for Environment?

The strategic objective for the environment sounds positive, but it feels shallow. It treats the environment as something to be managed around development, rather than something that sets the limits for what should happen in the first place.

There is a lot of language about greening, resilience, and clean air, but very little about how people actually experience nature day to day. The environment is framed as policy and infrastructure, not as something people need regular, meaningful access to in order to cope, regulate, and stay well.

What's missing is any real sense that nature has value beyond mitigation. Trees, green corridors, and biodiversity are talked about in technical terms, but not as essential parts of daily life, especially for children, disabled people, and those under pressure. The objective feels more about offsetting impact than preventing harm.

I would support an environmental objective that clearly puts protection first, access second, and development last. Without that order, the environment risks becoming something that is adjusted around decisions already made, rather than something that genuinely shapes them.

Q47

Yes

Do you wish to answer questions on each of the policy approach under the 'Environment' strategic objective?

Page 8

Q48

What are your thoughts on Policy HSP E1: Renewable and Low Carbon Energy?

I am not against renewable or low-carbon energy, but I don't support it being pushed through without proper thought about where it goes and who it affects.

This policy feels more about hitting targets than about doing things well. Just because something is labelled green doesn't mean it's right for every location. If schemes are badly placed or too large, they can damage landscapes and create resistance, which defeats the point.

What's also missing is any clear benefit for local people. If renewable energy is going to be developed, it should genuinely help communities, lower costs, improve resilience, or give something back. Otherwise it just feels imposed.

I would support a focus on sensible, small-scale solutions first, things that use existing buildings and infrastructure, rather than opening up land or sensitive areas. This needs to be done carefully and with people, not rushed through as a box-ticking exercise.

Q49

What are your thoughts on Policy HSP E2: Surface Water and Water Efficiency?

On paper, this policy sounds sensible, but it doesn't reflect what is actually happening on the ground.

Surface water and drainage are already a problem in many areas. Drains are overwhelmed, flooding is more common, and water is not being managed properly as it is. Building more houses only adds to this problem by increasing hard surfaces and runoff, while the underlying infrastructure remains the same.

The policy assumes that new development can manage water better through design and efficiency measures, but that ignores cumulative impact. Each additional development puts more pressure on drainage systems that are already struggling, and water efficiency at plot level does not solve wider network failures.

Managing surface water should start with not making the problem worse. Protecting land that absorbs water naturally should come before adding more development. Green space, soil, and open land are part of the solution, not obstacles to be worked around.

Q50

What are your thoughts on Policy HSP E3: Biodiversity and Geodiversity?

I don't feel confident in this policy as it stands.

It talks about biodiversity and geodiversity as things that can be managed alongside development, but in reality they are usually the first things to be lost. Once land is built on, habitats are gone for good. You can't recreate mature ecosystems somewhere else and call that a balance.

Too much of this relies on promises of mitigation or future gain. Small pockets of planting or managed spaces are not the same as natural, established environments. Wildlife needs space, continuity, and land that isn't constantly being chipped away.

Geodiversity feels even more overlooked. The land itself, its soil, shape, and natural features, is treated as something to work around rather than something with value in its own right. Once it's disturbed or built over, that loss is permanent.

I would support a policy that is clearer about protecting what already exists, instead of assuming it can be offset later. Without that, biodiversity and geodiversity feel like concepts that sound good on paper but are steadily eroded in practice.

Q51

If you have any further comments on the Environment chapter of the plan, please provide them below.

Overall, the Environment chapter feels like it is written to sit alongside development, rather than to set firm boundaries around it. Nature is treated as something to be managed, mitigated, or adjusted, instead of something that should place limits on what happens and where.

There is a lot of technical language, but very little sense of care. The environment comes across as an asset to be balanced, not as something fragile, finite, and already under pressure. Once land, habitats, and natural systems are lost, they are not easily replaced, no matter how many policies promise compensation later.

What's missing is a stronger sense of protection and restraint. Protecting land, water, wildlife, and natural processes should come before decisions about growth, not after. Without that shift, the Environment chapter feels like it is trying to soften the impact of decisions already made, rather than genuinely safeguarding what remains.

Until the environment is treated as the starting point rather than the afterthought, it's hard to have confidence that these policies will lead to real, lasting protection.

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

I feel this has already been covered through my responses to the spatial strategy and development policies.

In principle, having homes that meet local needs is important, but the objective for Homes is disconnected from the reality of capacity, infrastructure, and lived experience. Housing is being treated as a standalone issue, when in reality it is inseparable from access to services, green space, transport, and wellbeing.

Without first addressing whether places can actually cope, increasing housing numbers risks worsening existing problems rather than meeting need. For that reason, I do not support the Homes objective as it is currently framed.

Q53

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

No - if No, we'll move on to the next strategic objective - Jobs

Page 11

Q61

What are your thoughts on the strategic objective for Jobs?

I agree that people need access to work, but the objective for Jobs feels too focused on growth and space, rather than on whether people are actually able to access and sustain employment.

Jobs do not exist in isolation. People need access to skills, training, and support to be able to take those roles up in the first place. That means affordable or free training, clear pathways into work, and opportunities that don't assume everyone starts from the same place. Without that, new jobs benefit a limited group and leave others behind.

There is also too much assumption that creating commercial space automatically creates opportunity. What's missing is meaningful support for small businesses, social enterprises, and local employers, alongside investment in skills and training for local people.

I would support a jobs objective that prioritises access to skills, free or low-cost training, and long-term employability, not just job numbers. Without that, the objective feels incomplete.

Q62

Do you wish to answer questions on each of the policy approach under the 'Jobs' strategic objective?

No - if No, we'll move on to the next strategic objective - People

Page 13

Q68

What are your thoughts on the strategic objective for People?

This objective sounds well intentioned, but it doesn't reflect how hard life actually is for many people right now.

Support for SEND and education often feels like something families have to fight for. Assessments take too long, provision is delayed, and children are left without support while parents are expected to keep pushing, chasing, and proving need. Education should not require a constant battle just to get the basics in place.

Access to health services is similar. Getting a GP appointment is difficult, dental care is even harder, and people are often left waiting until problems become urgent. Again, support feels like something you have to fight for, rather than something that is there when you need it.

What's missing from this objective is any real acknowledgement of that reality. People are worn down by systems that are hard to navigate and harder to access. If this plan is genuinely about people, it needs to recognise that many are already fighting for support, and commit to making education, SEND provision, GP access, and dental care easier and more responsive.

Page 15

Q80

What are your thoughts on the strategic objective for Travel?

The objective for Travel does not reflect my reality as a disabled resident, or as a parent.

Active travel and public transport are presented as the first and natural choice, but they are not my first choice because they are often not accessible, reliable, or realistic. Routes can be difficult to manage, services are inconsistent, and journeys that look simple on paper can be exhausting or unworkable in practice.

As a parent of teenagers, I also do not feel confident that public transport is always safe for them. Crowding, antisocial behaviour, and lack of supervision or support make it feel unsuitable at times, particularly for young people who are vulnerable or travelling alone. That concern is not reflected anywhere in the objective.

Public transport does not reliably support real life, whether that's getting to school, appointments, or home safely. Active travel assumes people have the physical ability, confidence, and safe infrastructure to use it, which is not the case for many families.

A travel objective that assumes these are the default options excludes disabled people and ignores parental concerns about safety. I would support an approach that prioritises accessibility, reliability, and safety first, rather than treating active travel and public transport as a one-size-fits-all solution.

Q81

Do you wish to answer questions on each of the policy approach under the 'Travel' strategic objective?

Page 17

Q92

What are your thoughts on the strategic objective for Places?

Tameside needs to look at places from a very different point of view. The question shouldn't just be how an area looks or flows, but how different people actually access and use it.

Access is not the same for everyone. People who are deaf, who rely on sign language, visual cues, or clear information are often overlooked. People who need braille, symbols, or cue cards because of SEN are rarely considered properly. These are not niche needs, they are everyday realities for many families.

Mobility also needs to be taken far more seriously. How people move through spaces, where they can rest, whether routes are genuinely accessible, and whether places are usable without exhaustion all matter. Too often, accessibility is treated as an afterthought or a tick box.

There is also little thought given to people with food allergies or specific dietary needs. Places are designed around eating and socialising, but not around whether people can safely take part without anxiety or risk.

Places should work for everyone, not just those who fit a standard model. Until accessibility, communication needs, mobility, and safety are properly built into how places are planned and assessed, the objective for Places feels incomplete and out of touch with how people actually live.

Page 19

Q108

If you have any comments on the Policies Map, please provide these below.

The Policies Map feels unclear and difficult to interpret in terms of real-life impact. Lines, shading, and designations are shown, but it is not obvious what they mean for the people who actually live in these areas.

The map does not show cumulative pressure. It presents policies as neat, separate areas, when in reality people experience multiple layers of impact at once. Growth areas, allocations, regeneration zones, and transport routes overlap in people's daily lives, but this isn't visible on the map.

There is also very little clarity around what is genuinely protected and what is simply not allocated yet. Green spaces and open land appear vulnerable by omission. If something is not clearly marked as safeguarded, it feels as though it is quietly left open to future change, which undermines confidence.

From a resident's point of view, the map feels like a planning tool rather than a communication tool. It does not help people understand how their area might change over time, what limits exist, or where development should stop. Without clearer explanations and stronger visual distinction, it's hard to trust what the map is really saying.

Q109

No

Do you consider that the Integrated Assessment has adequately assessed the potential environmental, social, and economic impacts of the proposed policies and allocations within the Plan?

Q110

Please give a reason for your answer

The Integrated Assessment does not adequately reflect lived experience. It reads as a technical exercise rather than a realistic assessment of how the policies and allocations will affect people, places, and services in practice.

Environmental impacts are treated as things that can be mitigated or offset, rather than losses that are often permanent. Social impacts are discussed in broad terms, but the cumulative pressure on education, SEND provision, health services, mental health support, accessibility, and everyday life is not properly accounted for. Economic impacts focus on growth and opportunity, without enough attention to who actually benefits or who is left carrying the cost.

Most importantly, the assessment does not sufficiently consider how multiple policies interact in the same places over time. It looks at impacts in isolation, when residents experience them all at once. That gap means the conclusions feel optimistic on paper but disconnected from reality.

Q111

Are there any sections of the Integrated Assessment that require further explanation or clarification?

There needs more details of each site

Q112

The evidence supporting the plan has been published as part of this consultation. If you have any comments on the available evidence, please provide these below.

There is a lot of evidence published, but more of it doesn't automatically mean better. Much of it feels removed from what is actually happening on the ground.

Q113

If you have any comments on the proposed monitoring framework, please provide these below.

The monitoring framework feels too narrow and too distant from real life. It focuses on outputs and targets, but not on whether things are actually improving for people on the ground.

What's missing is any meaningful monitoring of access and experience. There is no clear way to measure whether people can actually access SEND support, education, GP or dental appointments, mental health services, or whether places are becoming easier or harder to live in. If those things aren't tracked, then problems can be hidden behind positive-looking statistics.

Q114

If you have any other comments you wish to make on the plan not previously covered, please provide these below.

Overall, this plan feels like it has been written from a distance. It is full of structure, policy, and ambition, but it lacks a real sense of how people are actually living right now.

There is a pattern throughout the plan of assuming things will improve as policies are delivered, rather than recognising how worn down people already are. Many residents are not starting from a place of stability. They are already struggling, already waiting, already fighting for support. That context matters, and it doesn't feel central enough to the plan.

What's also missing is humility. When plans don't work, when people don't feel listened to, or when pressure clearly builds in certain places, there should be space to pause and rethink. Instead, this plan feels like it keeps moving forward regardless.

If this plan is meant to shape Tameside for the long term, it needs to slow down, listen harder, and be more honest about limits. Without that shift, it risks widening the gap between policy and lived experience, rather than closing it.

Dear Sir or Madam,

Re: Proposal HSP S2E

I write to formally object to the proposed residential development of approximately 65 dwellings on land between Snipe Way and the M60.

The proposal represents an unsustainable and inappropriate form of development that conflicts with key principles of the Local Plan and the National Planning Policy Framework (NPPF), particularly in relation to sustainable development, residential amenity, highway safety, and the protection of local character and biodiversity.

Unsuitable Site and Overdevelopment

The site is constrained by its location between a busy retail park, with frequent heavy goods vehicle movements, and the M60 motorway. As such, it is an inherently poor environment for residential use due to unacceptable levels of noise, air pollution, and disturbance. The scale and density of the proposed development constitutes overdevelopment of a confined site and fails to provide an acceptable living environment for future occupiers, contrary to

Local Plan policies relating to residential amenity and good design.

The Ordnance Survey mapping used to define the site boundary is out of date. As clarified at the public meeting held at Rycroft Hall on 28 January 2026, no private land would be taken, and the inaccuracies materially overstate the developable area. Portions of the site shown include

existing residential gardens on Park Road and areas of slate and non-developable land. This significantly reduces the net developable area and further demonstrates that the proposal represents an excessive and unrealistic level of development.

Highway Safety, Access, and Parking

The proposal fails to demonstrate safe and suitable access, as required by paragraph 111 of the NPPF. The only feasible access appears to be via Slate Lane, an historic single-lane route with no pavements and limited visibility. At the Rycroft Hall meeting, it was confirmed that Slate Lane would not be upgraded to serve the development. This raises serious concerns regarding access for emergency services, refuse collection vehicles, deliveries, and general residential traffic.

The development would generate a substantial increase in vehicle movements. Assuming a modest average of two vehicles per household, the proposal could introduce in excess of 130 additional cars into the local highway network. The site does not have the capacity to accommodate adequate on-site parking, nor can the surrounding road network safely absorb the additional traffic. This is directly comparable to the recent refusal of the Aldi application in the area, where traffic impact was a determining factor.

There is also a clear risk that approval of the scheme would result in pressure to further develop or widen Slate Lane, leading to its use as a shortcut to the retail park and bypassing Manchester Road. This would materially harm highway safety and residential amenity, particularly for Park Road, Lumb Lane, Watergate, and the wider Rycroft area.

Impact on Character, Appearance, and Amenity

The proposed development would fail to respect the established character and appearance of the area, which is predominantly defined by low-density 1930s bungalows and mature landscaping. Further development would erode the semi-rural character of Slate Lane, harm the street scene, and result in unacceptable overlooking and loss of privacy for neighbouring occupiers, contrary to Local Plan design and amenity policies.

Ecology and Green Infrastructure

The site includes trees, green space, and habitats that contribute to local biodiversity. Continued overdevelopment in this location has already resulted in the loss of trees and wildlife habitats. The proposal fails to adequately demonstrate protection or enhancement of biodiversity, contrary to Local Plan policies and the NPPF requirement to achieve net gains for biodiversity.

Conclusion

In summary, the proposal should be refused for the following material planning reasons:

Overdevelopment of a constrained and unsuitable site

Failure to provide an acceptable living environment for future residents

Unacceptable noise and pollution impacts due to proximity to the motorway and retail park

Unsafe and inadequate access arrangements

Severe highway safety concerns arising from increased traffic and parking demand

Incompatibility with the character and appearance of the surrounding area

Harm to residential amenity, including overlooking and loss of privacy

Adverse impact on biodiversity and green infrastructure

For the reasons outlined above, the proposal is contrary to the development plan and national planning policy and should therefore be refused.

Kind Regards

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I understand the concept but being a member of the community in haughton green we are already stretched to capacity- schools, Doctors and dentists are over subscribed and the transport, while close to motorways , are very challenging. Haughton green is used as a cut through from/ to Hyde. This has a severe impact on the traffic and it can lead to difficulties in getting out of the area in a morning due to the amount of traffic. I believe the site of Two trees would benefit a gated community for the elderly- answering a community need. Adding 180 houses will result in a minimum of 309 additional cars all wanting to access the main road through haughton green, which already is inadequate to provide service to the community. Also with 180 families, where will they go with regards to schools? This is not a carefully considered option. If not an elderly housing would a school not be beneficial???

Page 13

Q68

What are your thoughts on the strategic objective for People?

Current infrastructure including health and education is already oversubscribed in- more houses would need more of this.

Q69

Yes

Do you wish to answer questions on each of the policy approach under the 'People' strategic objective?

Page 14

Q70

What are your thoughts on Policy HSP PE1: Development and Healthier Environments?

Green spaces, exercise areas and community spaces would encourage people to get out more

Q71

What are your thoughts on Policy HSP PE2: Protection and Enhancement of Open Spaces?

Great idea! Let's make more community spaces- even a youth hub would reduce the number of youths with nothing to do and out on the streets doing nothing!

Q72

What are your thoughts on Policy HSP PE3: Open Space Provision in New Developments?

The green space on two trees site would be perfect for a sports/recreation space for young people

Q73

Respondent skipped this question

What are your thoughts on Policy HSP PE4: Strategic Recreation and Countryside Access?

Q74

What are your thoughts on Policy HSP PE5: Indoor and Outdoor Sport and Recreational Facilities?

We need this in haughton green.

Q75

Respondent skipped this question

What are your thoughts on Policy HSP PE6: Peak District National Park?

Q76

What are your thoughts on Policy HSP PE7: Early Years, Schools and Post-16 Education Facilities?

Schools in Denton are oversubscribed . The two trees site would allow a school to be built and enable all locals to access school in area

Q77

What are your thoughts on Policy HSP PE8: Provision of Health and Social Care Facilities?

With more houses being built the council would have to make more health and social care facilities

Q78

Respondent skipped this question

What are your thoughts on Policy HSP PE9: Tameside General Hospital?

Q79

Respondent skipped this question

If you have any further comments on the People chapter of the plan, please provide them below.

Q108	Respondent skipped this question
If you have any comments on the Policies Map, please provide these below.	
Q109	No
Do you consider that the Integrated Assessment has adequately assessed the potential environmental, social, and economic impacts of the proposed policies and allocations within the Plan?	

Q110

Please give a reason for your answer

Building additional houses in haughton green will seriously impact the education and health infrastructure already in place. Traffic will be affected to a detrimental level.

Q111

Respondent skipped this question

Are there any sections of the Integrated Assessment that require further explanation or clarification?

[REDACTED]

Q4

Postal Address

[REDACTED]

Q5

No

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

The former Two Trees High School site should not be used for 318 new homes. I don't think it should be used for any, but I note that there was a previous promise to limit development to the actual school building and not the surrounding fields. Traffic is already nose to tail at rush hours. Two Trees Lane is a narrow road and already cannot cope with the amount of traffic at rush hour. There is hardly any green space in Denton - it is all roads and air pollution. People do not have time to spend in the Tame Valley which is the only place that is mentioned with regards to green space. People need to see green spaces around them as they travel and walk about - not just confined to one area. Air pollution on Manchester and Stockport Roads is appalling. The air pollution on Two Trees Lane must already be at high levels during rush hour. Quality of life for Denton residents is deteriorating with extra population levels. Too many people are constantly crammed into the same areas. I used to love my town and city but unfortunately this is no longer the case. There is constant deterioration in quality of life and services here. The only measure of success seems to be how many homes and businesses are set up but most businesses do not give clean air and green spaces - usually the opposite. We suffer from lack of transport options - everybody is in the car or the bus - everybody on the road. It takes me between 1 hour 20 minutes to 1 hour 30 minutes from Manchester to Haughton Green on the bus after work. It used to take me less than an hour. I have lived here over 50 years and it grieves me to think of how much more pleasant it was in years gone by.

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

My only interest is Denton which is already crammed to the brim and should not be the target of even more population increase - especially not the Two Trees School site

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

as above

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

as above

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

as above

Q12

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

as above

Q13

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

Q14

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

as above

Q15

What are your thoughts on Policy HSP S2E: Audenshaw?

as above

Q16

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

as above

Q17

What are your thoughts on Policy HSP S2F: Denton?

As I have explained, there is no way that houses should be built on the former Two Trees School site. Traffic is already full to the brim in Denton - you can hardly move. Everybody is on the road. There is a complete lack of transport options. There are already too many people using too few services. We are crammed here. Air pollution it terrible.

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

as above

Q19

What are your thoughts on Policy HSP S2G: Droylsden?

-

Q20

What are your thoughts on the proposed development allocations in Policy HSP S2G: Droylsden?

What are your thoughts on Policy HSP S2I: Hyde?

-

Q25

What are your thoughts on the proposed development allocations in Policy HSP S2I: Hyde?

-

Q26

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2I: Hyde?

-

Q27

What are your thoughts on Policy HSP S2J: Longdendale?

-

Q28

What are your thoughts on the proposed development allocations in Policy HSP S2J: Longdendale?

-

Q29

What are your thoughts on Policy HSP S2K: Mossley?

-

Q30

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

-

Q31

Respondent skipped this question

What are your thoughts on Policy HSP S2L: Stalybridge?

-

Q32

What are your thoughts on the proposed development allocations in Policy HSP S2L: Stalybridge?

-

Q33

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

-

Q34

If you have any further comments on the Spatial Framework, please provide them below.

Two Trees School site should not be used for 318 new homes - I know that there was a previous promise to use the school building area only so at the utmost, this is the only part that should be used for development

Page 5

Q35

What are your thoughts on the strategic objective for Centres?

I only wanted to comment on the Two Trees School site

Q36

Do you wish to answer questions on each of the policy under the 'Centres' strategic objective?

No - if No, we'll move on to the next strategic objective, 'Environment'

Page 6

Q37

What are your thoughts on Policy HSP C1: Network, Hierarchy and Designation of Centres?

Respondent skipped this question

Q38

What are your thoughts on Policy HSP C2: Primary Shopping Areas?

Respondent skipped this question

Q39

What are your thoughts on Policy HSP C3: Development and Change of Use in Designated Centres?

Respondent skipped this question

Q40

What are your thoughts on Policy HSP C4: Local Shopping Areas and Parades?

Respondent skipped this question

Q41

What are your thoughts on Policy HSP C5: Development Involving Main Town Centre Uses?

Respondent skipped this question

Q42

What are your thoughts on Policy HSP C6: Markets?

Respondent skipped this question

Q43

What are your thoughts on Policy HSP C7: Healthier Food Environment?

Respondent skipped this question

Q44

What are your thoughts on Policy HSP HSP C8: Food, Drink and Leisure Uses in Centres?

Respondent skipped this question

Q45

Respondent skipped this question

If you have any further comments on the Centres chapter of the plan, please provide them below.

Page 7

Q46

What are your thoughts on the strategic objective for Environment?

I haven't read it, but I am very environmentally minded. Growing the population and everybody using cars does not match with environmental protection.

Q47

No - if No, we'll move on to the next strategic objective - 'Homes'

Do you wish to answer questions on each of the policy approach under the 'Environment' strategic objective?

Page 8

Q48

Respondent skipped this question

What are your thoughts on Policy HSP E1: Renewable and Low Carbon Energy?

Q49

Respondent skipped this question

What are your thoughts on Policy HSP E2: Surface Water and Water Efficiency?

Q50

Respondent skipped this question

What are your thoughts on Policy HSP E3: Biodiversity and Geodiversity?

Q51

Respondent skipped this question

If you have any further comments on the Environment chapter of the plan, please provide them below.

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

I am fed up with constant population increase which undermines quality of life for the original residents and citizens. I do not see constant building of extra homes as a positive. It brings with it destruction of environment, more cars and fewer green spaces. Building extra homes never makes them more affordable either because developers want to make the same profits regardless of how many are built.

Q53

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

No - if No, we'll move on to the next strategic objective - Jobs

Page 10

Q54

What are your thoughts on Policy HSP H1: Housing Size, Type, Mix and Tenure?

Respondent skipped this question

Q55

What are your thoughts on Policy HSP H2: Meeting Affordable Housing Needs?

Respondent skipped this question

Q56

What are your thoughts on Policy HSP H3: Meeting specific housing needs?

Respondent skipped this question

Q57

What are your thoughts on Policy HSP H4: Build to Rent?

Respondent skipped this question

Q58

What are your thoughts on Policy HSP H5: Houses in Multiple Occupation (HMO)?

Respondent skipped this question

Q59

What are your thoughts on Policy HSP H6: Gypsy, Traveller and Travelling Showpeople?

Respondent skipped this question

Q60

If you have any further comments on the Homes chapter of the plan, please provide them below.

Respondent skipped this question

Page 11

Q61

What are your thoughts on the strategic objective for Jobs?

I have not read the strategic objective for jobs. My main concern is the Two Trees School site and the environment.

Q62

Do you wish to answer questions on each of the policy approach under the 'Jobs' strategic objective?

No - if No, we'll move on to the next strategic objective - People

Page 12

Q63

What are your thoughts on Policy HSP J1: Existing Employment Areas?

Respondent skipped this question

Q64

What are your thoughts on Policy HSP J2: New Employment Development?

Respondent skipped this question

Q65

What are your thoughts on Policy HSP J3: Assessing the Loss of Employment Land or Accommodation?

Respondent skipped this question

Q66

What are your thoughts on Policy HSP J4: The Visitor Economy?

Respondent skipped this question

Q67

If you have any further comments on the Jobs chapter of the plan, please provide them below.

Respondent skipped this question

Page 13

Q68

What are your thoughts on the strategic objective for People?

People are not a priority when the areas in which they live are constantly crammed with more people which causes deterioration in quality of life.

Q69

Do you wish to answer questions on each of the policy approach under the 'People' strategic objective?

No - if No, we'll move on to the next strategic objective - Travel

Page 14

Q70

Respondent skipped this question

What are your thoughts on Policy HSP PE1: Development and Healthier Environments?

Q71

Respondent skipped this question

What are your thoughts on Policy HSP PE2: Protection and Enhancement of Open Spaces?

Q72

Q78

Respondent skipped this question

What are your thoughts on Policy HSP PE9: Tameside General Hospital?

Q79

Respondent skipped this question

If you have any further comments on the People chapter of the plan, please provide them below.

Page 15

Q80

What are your thoughts on the strategic objective for Travel?

Some areas are much better served than others. In Denton, there is no choice but roads. Consequently there are traffic jams most of the day. I have often ended up walking because it can be quicker than the bus at certain times but cannot claim any health benefits from walking due to the appalling air pollution caused by traffic.

Q81

No - if No, we'll move on to the next strategic objective - Places

Do you wish to answer questions on each of the policy approach under the 'Travel' strategic objective?

Page 16

#####

To the Planning Policy Team,

I am a resident of [REDACTED], with family doctors, dentist and schools which my family and I attended on Hattersley. I am writing to formally object to the Kerry Way (HSP S2J:1) industrial allocation. This proposal is legally unsound and non-compliant with the NPPF.

1. Procedural Unfairness: A site notice was only displayed on Feb 13th, just 7 days before the deadline. This is a breach of the Gunning Principles and the Council's own Statement of Community Involvement. We have been denied a fair chance to consult.

2. Impact on Children & Health: Building a 24/7 heavy industrial site next to the Discovery Academy is a breach of the Public Sector Equality Duty. The noise and air pollution from constant HGV traffic will directly harm the health of local children and elderly residents.

3. Traffic Danger: Hattersley Road West cannot handle the volume of HGVs proposed. Under NPPF Paragraph 115, this will create a "severe" impact on road safety and local congestion.

4. Residential Amenity: The plan fails to provide adequate, enforceable noise and landscape buffers to protect the homes at Kerry Way and the proposed Manley Grove housing.

I urge the Council to remove this site from the plan immediately. I reserve the right to seek a Judicial Review based on these procedural and substantive flaws.

Regards,
[REDACTED]

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Will the local infrastructure be improved to accommodate all the new housing etc, that's the worrying thing, with more cars on the road

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

I am all for improvements, green spaces need to be kept though, not all housing

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

I am all for improvements but infrastructure needs to be matched

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

I am all for positive changes as long as locals are always consulted & kept informed

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

Can't comment but don't know The Hyde area

Q12

Respondent skipped this question

What are your thoughts on Policy HSP S2J: Longdendale?

Q28

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2J: Longdendale?

Q29

What are your thoughts on Policy HSP S2K: Mossley?

Worried about whether infrastructure will also be improved in line with any changes, no more houses please

Q30

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

I am all for improvements, green spaces need to be kept though, not all housing, too many spaces being used for housing

Q31

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

There needs to be more accessible homes , bungalow . My parents became elderly could no longer live in their owned private home due to the stairs , council completed an assessment it was unsuitable for a stair lift or engineering works to fit a lift . They were on the housing list but both died in a 3 bedroomed house that was unfit for them . They wouldn't sell it and buy another one as they couldn't handle all the stress that came with that . The last 2-3 years of my parents life who had worked all their lives were upsetting . They were stoic and got on with it but they had lost dignity . So more bungalows places for the elderly to have dignity towards the end of there life in safe environments

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

We need to be looking after our elderly and ensuring they are safe .

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

Take into account the elderly having a robust system in place

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Take into account the elderly they have put into the system they should be looked after . Ensuring a robust system in place

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

Take into account the elderly they have put into the system they should be looked after ensuring a robust housing system is in place

Q12

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

Take into account the elderly they have put into the system they should be looked after ensuring a robust system

Q13

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

Take into account the elderly they have put into the system they should be looked after ensuring a robust system

Q14

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

Q15

What are your thoughts on Policy HSP S2E: Audenshaw?

We are opposed to this completely. We live on a quiet road and do not want the private pedestrian lane at the end of Park Road to be opened up for the extra cars for access. The area is busy enough without all cars coming down our road and Slate Lane/Lumb Lane where there are already big trucks from the Company at the bottom of Lumb Lane.

We live opposite [REDACTED] where children and dogs play so it will be an added danger. If the retail park is used as an entrance/exit that will add to the huge amount of traffic already in the area, standing traffic too at times so higher emissions and adding to Manchester City football traffic as well as general retail park traffic. Aldi was refused to move onto the retail park due to traffic issues so this is no different.

Local schools are already over subscribed, Aldwyn Primary in particular. The houses will be next to a motorway and a retail park and if this is council affordable housing what kind of residents would we expect to move into our local area?

The plans show having to take some land from the end of some gardens on the end of Park Road, this can't be acceptable?

Overall we want to strongly oppose any planning on this site for housing.

Q16

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

The idea of building on this tram stop site seems ludicrous. The traffic is already very very busy round here and it feels dangerous for any cars to have access to their property.

There were house there before the tram and they were subject to a compulsory purchase order so what has changed?

The emissions are already high from standing traffic especially at weekends and there is trouble with youths around the tram stops.

We would really like to oppose this completely

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

Q34

Respondent skipped this question

If you have any further comments on the Spatial Framework, please provide them below.

Page 5

Q35

What are your thoughts on the strategic objective for Centres?

We need the existing Centres such as Droylsden to attract new businesses to make people want to go there! It's the wrong way round to say we need new homes to make the centres vibrant! There's nothing there to add to any vibrancy! Sort out Droylsden instead of giving all the money to Ashton

Q36

No - if No, we'll move on to the next strategic objective, 'Environment'

Do you wish to answer questions on each of the policy under the 'Centres' strategic objective?

Page 6

Q37

Respondent skipped this question

What are your thoughts on Policy HSP C1: Network, Hierarchy and Designation of Centres?

Q38

Respondent skipped this question

What are your thoughts on Policy HSP C2: Primary Shopping Areas?

Q39

Respondent skipped this question

What are your thoughts on Policy HSP C3: Development and Change of Use in Designated Centres?

Q40

Respondent skipped this question

What are your thoughts on Policy HSP C4: Local Shopping Areas and Parades?

Q41

Respondent skipped this question

What are your thoughts on Policy HSP C5: Development Involving Main Town Centre Uses?

Q42

Respondent skipped this question

What are your thoughts on Policy HSP C6: Markets?

Q43

Respondent skipped this question

What are your thoughts on Policy HSP C7: Healthier Food Environment?

Q44

Respondent skipped this question

What are your thoughts on Policy HSP C8: Food, Drink and Leisure Uses in Centres?

Q45

Respondent skipped this question

If you have any further comments on the Centres chapter of the plan, please provide them below.

Page 7

Q46

What are your thoughts on the strategic objective for Environment?

Less cars is better for the environment, new houses brings more cars and less green space

Q47

No - if No, we'll move on to the next strategic objective - 'Homes'

Do you wish to answer questions on each of the policy approach under the 'Environment' strategic objective?

Page 8

Q48

Respondent skipped this question

What are your thoughts on Policy HSP E1: Renewable and Low Carbon Energy?

Q49

Respondent skipped this question

What are your thoughts on Policy HSP E2: Surface Water and Water Efficiency?

Q50

Respondent skipped this question

What are your thoughts on Policy HSP E3: Biodiversity and Geodiversity?

Q51

Respondent skipped this question

If you have any further comments on the Environment chapter of the plan, please provide them below.

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

There are too many people in our population, I acknowledge people need somewhere to live but who are the extra 7000 people we need to accommodate? Where do they live now? Better sites need to be sourced

Q53

No - if No, we'll move on to the next strategic objective - Jobs

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

Page 10

Q54

Respondent skipped this question

What are your thoughts on Policy HSP H1: Housing Size, Type, Mix and Tenure?

Q55

Respondent skipped this question

What are your thoughts on Policy HSP H2: Meeting Affordable Housing Needs?

Q56

Respondent skipped this question

What are your thoughts on Policy HSP H3: Meeting specific housing needs?

Q57

Respondent skipped this question

What are your thoughts on Policy HSP H4: Build to Rent?

Q58

Respondent skipped this question

What are your thoughts on Policy HSP H5: Houses in Multiple Occupation (HMO)?

Q59

Respondent skipped this question

What are your thoughts on Policy HSP H6: Gypsy, Traveller and Travelling Showpeople?

Q60

Respondent skipped this question

If you have any further comments on the Homes chapter of the plan, please provide them below.

Page 11

Q61

What are your thoughts on the strategic objective for Jobs?

I don't think 7000 more cheap houses will help with this

Q62

No - if No, we'll move on to the next strategic objective - People

Do you wish to answer questions on each of the policy approach under the 'Jobs' strategic objective?

Page 12

Q63

Respondent skipped this question

What are your thoughts on Policy HSP J1: Existing Employment Areas?

Q64

Respondent skipped this question

What are your thoughts on Policy HSP J2: New Employment Development?

Q65

Respondent skipped this question

What are your thoughts on Policy HSP J3: Assessing the Loss of Employment Land or Accommodation?

Q66

Respondent skipped this question

What are your thoughts on Policy HSP J4: The Visitor Economy?

Q67

Respondent skipped this question

If you have any further comments on the Jobs chapter of the plan, please provide them below.

Page 13

Q68

What are your thoughts on the strategic objective for People?

The plans reduce his not increase it, less green spaces, worse health, less doctor's appointments, less schoolchild places, no room for sports facilities, pubs are closing, how does this help by jamming all these houses into every speare bit of green?

Q69

Do you wish to answer questions on each of the policy approach under the 'People' strategic objective?

No - if No, we'll move on to the next strategic objective - Travel

Page 14

Q29

What are your thoughts on Policy HSP S2K: Mossley?

NEGATIVE. MOSSLEY DOES NOT HAVE ENOUGH CAPACITY IN SCHOOLS, DOCTORS AND GENERAL INFRASTRUCTURE TO ABSORB ANY MORE HOUSES. THE COUNCIL NEED TO INCREASE CAPACITY IN THESE AREAS FIRST.

Q30

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

ALLOCATION 6 - THIS WILL BE A DISASTER FOR THE WILDLIFE IN THE AREA. THE RESIDENTS OF HEYFARM WILL BE ADVERSELY AFFECTED BY NOISE, INCREASED TRAFFIC AND DISRUPTION. THE RESIDENTS OF MOSSLEY AS A WHOLE WILL BE ADVERSELY AFFECTED BY YET MORE HOUSES AND PEOPLE WITHOUT ANY OF THE NECESSARY INFRASTRUCTURE IMPROVEMENTS MENTIONED ABOVE. PERSONALLY, I ALREADY CANNOT GET MY CHILDREN INTO MOSSLEY PRIMARY SCHOOLS AND THIS WILL ENSURE MY CHILDREN HAVE TO GET A BUS TO HIGH SCHOOL, RATHER THAN BEING ALLOCATED A PLACE IN THE SCHOOL I CAN SEE FROM MY WINDOWS. THERE ARE NO APPOINTMENTS AVAILABLE AT THE DOCTORS, NO DENTISTS. THE HILL NEXT TO HEYFARM IS A DRAINAGE RUN OFF FOR HILL WATER. DEVELOPING IT WILL RESULT IN MORE FLOODING. THIS PROPOSAL SHOULD NOT BE PASSED.

Q31

Q33

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

NO COMMENT

Q34

If you have any further comments on the Spatial Framework, please provide them below.

PUTTING THE WHOLE OF TAMESIDE INTO ONE DOCUMENT IS A WAY OF ENSURING THE PUBLIC GET NO SAY. THE COUNCIL SHOULD BE WORKING FOR THE PEOPLE WHO ALREADY LIVE IN TAMESIDE, NOT THE DEVELOPERS WANTING TO MAKE MONEY.

Page 5

Q35

What are your thoughts on the strategic objective for Centres?

THIS IS GOOD. LESS TAKEAWAYS AND BETTING SHOPS. LOWER RATES FOR SMALLER BUSINESSES TO TEMPT THEM BACK TO THE HIGH STREET.

Q36

Do you wish to answer questions on each of the policy under the 'Centres' strategic objective?

No - if No, we'll move on to the next strategic objective, 'Environment'

Q34

Respondent skipped this question

If you have any further comments on the Spatial Framework, please provide them below.

Page 5

Q35

What are your thoughts on the strategic objective for Centres?

This will have a major impact on the already congested roads that are backed up on a daily basis through large volumes of traffic.

Q36

Do you wish to answer questions on each of the policy under the 'Centres' strategic objective?

No - if No, we'll move on to the next strategic objective, 'Environment'

Page 6

Q37

What are your thoughts on Policy HSP C1: Network, Hierarchy and Designation of Centres?

Respondent skipped this question

Q38

What are your thoughts on Policy HSP C2: Primary Shopping Areas?

What are your thoughts on Policy HSP C7: Healthier Food Environment?

Respondent skipped this question

Q44

What are your thoughts on Policy HSP HSP C8: Food, Drink and Leisure Uses in Centres?

Respondent skipped this question

Q45

Respondent skipped this question

If you have any further comments on the Centres chapter of the plan, please provide them below.

Page 7

Q46

What are your thoughts on the strategic objective for Environment?

I have lived in Denton for the last 40 years and there have been no improvements to road structures or housing. this has lead to large volumes of traffic flowing through the center of Denton and the surrounding areas. We have lost all our small independent shops and the building of Crown Point North has had a massive impact on the roads and volume of traffic. This has had a major impact on the environment already.

Q47

No - if No, we'll move on to the next strategic objective - 'Homes'

Do you wish to answer questions on each of the policy approach under the 'Environment' strategic objective?

Page 8

Q52

What are your thoughts on the strategic objective for Homes?

There are already a large number of properties in the area, that are sat empty with house prices way above affordable housing. Why do we need any more, which will have an impact of the schools, doctors and environment.

Q53

Yes

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

Page 10

Q54

What are your thoughts on Policy HSP H1: Housing Size, Type, Mix and Tenure?

We already have a large number of the above, why do we need any more.

Q55

What are your thoughts on Policy HSP H2: Meeting Affordable Housing Needs?

This would be good, but you only have to look at the recent developments that have already been built in the area, none of them are Affordable Housing.

Q56

What are your thoughts on Policy HSP H3: Meeting specific housing needs?

There are already a number of housing needs in the Denton and none of them are are met and looked after.

Q57

What are your thoughts on Policy HSP H4: Build to Rent?

The build to rent does not work, as there are already plenty in the Denton area which are not care for by either private or council landlords.

Q58

What are your thoughts on Policy HSP H5: Houses in Multiple Occupation (HMO)?

This would leave us open for migrants to occupy the area, putting more of a strain on the council.

Q59

What are your thoughts on Policy HSP H6: Gypsy, Traveller and Travelling Showpeople?

I don't like them, as they are always not respectful of the local community that has to put up with the noise and rubbish that they produce.

Q60

Respondent skipped this question

If you have any further comments on the Homes chapter of the plan, please provide them below.

Page 11

Q61

What are your thoughts on the strategic objective for Jobs?

We are already limited to what type of job, we can apply for in Denton and I don't expect they will get any better, more housing, more people less opportunities

Q62

No - if No, we'll move on to the next strategic objective - People

Do you wish to answer questions on each of the policy approach under the 'Jobs' strategic objective?

Q67

Respondent skipped this question

If you have any further comments on the Jobs chapter of the plan, please provide them below.

Page 13

Q68

What are your thoughts on the strategic objective for People?

I don't think this will change that much. Denton is already at its limit. it took 5 years to re do bridge at St Anne's road, which should have only taken 2. There are lots of other things in the area that has an impact on the people in Denton, with no improvements. if the new house goes ahead, this will take away all the green space in the area, not to mention the impact on the wild life.

Q69

No - if No, we'll move on to the next strategic objective - Travel

Do you wish to answer questions on each of the policy approach under the 'People' strategic objective?

Page 15

Q80

What are your thoughts on the strategic objective for Travel?

The travel structure around the Denton area has got worse over the years, it takes me 2hours to get from Haughton Green to the center of Manchester 5 days a week, I travel 6 miles and i travel 4hrs each day to get to and from work. The Bee Network has not made the situation any better. Hyde Road is a nightmare at the best of times as it is not wide enough for all the extra traffic. so what will extra housing an people do, but only make it worse.

Q81

Yes

Do you wish to answer questions on each of the policy approach under the 'Travel' strategic objective?

Page 16

Q82

What are your thoughts on Policy HSP T1: General Approach?

There is not enough scope in the Denton Area to make this any better.

Q83

What are your thoughts on Policy HSP T2: Trunk Road Developments?

This will only have more of an impact on the center of Denton, which is bad at the best of times.

Q84

What are your thoughts on Policy HSP T3: Rail Infrastructure?

There is only 3 main railway stations in Denton, if you drive you are fine but if you don't like myself, you have a 30 to 40 min walk or 20min bus trip to get to the station. so not sure how the rail infrastructure will make things any better.

Q85

What are your thoughts on Policy HSP T4: Rapid Transit?

none

Q86

What are your thoughts on Policy HSP T5: Facilities for Buses?

There is already good facilities for buses in the area, just not enough buses.

Q87

What are your thoughts on Policy HSP T6: Walking, Wheeling and Cycling?

We have good walking in the area already, but some of this will be taken away from us if the housing plans go ahead. Not sure what you mean by wheeling, but as it is we already have multiple obstructions on our paths that we have to navigate around every day as people don't seem to park on the roads anymore they take up the pavement now instead. As regarding cycling, the impact that the cycle lanes on Ashton road has only slowed the traffic down to one lane, and if a bus stops there is no way of getting round the bus as the cycle lane has now taken up half of the road which has an impact on the flow of traffic and brings everything to a standstill.

Q88

What are your thoughts on Policy HSP T7: Freight Movement and Deliveries?

Denton is not big enough for this as it is. I don't think it will get any better. It will only make the flow of traffic more congested.

Q89

What are your thoughts on Policy HSP T8: Parking?

We have already lost parking due to super markets and housing. Also people want to park outside their homes so use the pavements which blocks the paths, it is already a nightmare for people with double buggies and wheelchairs, they have to go in the road to get round the parked cars. how will this get any better.

Q90

What are your thoughts on Policy HSP T9: EV Charging Infrastructure?

Make more spaces available in the supper market car parks. there is only 3 in Morrisons carpark, there are none on Crown Point North. People are charging them up at home, so we not only have the problem of parked cars on pavements we have to navigate cables across public pavements.

Q91

Respondent skipped this question

If you have any further comments on the Travel chapter of the plan, please provide them below.

Page 17

Q92

What are your thoughts on the strategic objective for Places?

If you follow the plan that you mention above. they will not be affordable housing.

Q93

No - if No, we'll move on to the Policies Map and Integrated Assessment

Do you wish to answer questions on each of the policy approach under the 'Places' strategic objective?

Q107

Respondent skipped this question

If you have any further comments on the Places chapter of the plan, please provide them below.

Page 19

Q108

If you have any comments on the Policies Map, please provide these below.

Why have residents directly opposite possible planned sites, not been contacted directly. i am not on Facebook, I have had to rely on a someone telling me about the planned options. All the notices along Capesthorne Walk have all been ripped down.

Q109

No

Do you consider that the Integrated Assessment has adequately assessed the potential environmental, social, and economic impacts of the proposed policies and allocations within the Plan?

Q110

Please give a reason for your answer

Pepole who have lived for a number of years around the Capesthorne Walk area of Denton should have been advised with notices through our letter boxes with information to each of the websites to allow us to have our say. I have had to search multi sites to be able to get to this questionnaire. We should have received a pack through our door, which only makes me think you do not want our input at all.

Q111

Are there any sections of the Integrated Assessment that require further explanation or clarification?

I do not understand a lot of the section, there is too much information regarding the council policy, rather than the impact it is going to have on the residents within each area.

Q112

The evidence supporting the plan has been published as part of this consultation. If you have any comments on the available evidence, please provide these below.

This should have been passed through peoples letter boxes, not just posted on lamppost.

Q113

Respondent skipped this question

If you have any comments on the proposed monitoring framework, please provide these below.

Q114

Respondent skipped this question

If you have any other comments you wish to make on the plan not previously covered, please provide these below.

To: Plan Policy
Subject: Subject: Objection to Allocation 6 – Cedar Avenue (HSP S2L)

You don't often get email from [REDACTED]. [Learn why this is important](#)

Caution: This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender ([REDACTED]) or know the content is safe. If in doubt, click 'Report Message' at the top of your inbox and select 'Phishing'

Dear Planning Policy Team,

I am writing to formally object to the proposed development of approximately 35 new homes on Allocation 6 – Cedar Avenue (2.03 hectares).

My objection is based on the following concerns:

1. Impact on Local Infrastructure

The surrounding roads, particularly around Spindle Point and Cedar Avenue, already experience congestion at peak times. An additional 35 homes would significantly increase traffic, parking pressures, and road safety risks, particularly for pedestrians and school children.

2. Pressure on Local Services

Local GP surgeries, schools, and other community services are already stretched. There is no clear evidence that infrastructure improvements will be delivered alongside this development to accommodate increased demand.

3. Loss of Green/Open Space and Wildlife Habitat

The site currently provides valuable open space that contributes to local biodiversity and offers visual relief within a densely developed residential area. Development would result in the loss of habitat for wildlife and reduce green space accessible to residents.

4. Character of the Area

Cedar Avenue and the surrounding neighbourhood consist largely of established housing with a defined character and spacing. A new housing estate of this scale risks overdevelopment and would be out of keeping with the existing layout and density of the area.

5. Drainage and Flood Risk

Given increasing incidents of heavy rainfall, there are concerns about surface water drainage. Developing this land may exacerbate flooding risks in surrounding residential streets unless substantial mitigation measures are guaranteed.

For the reasons outlined above, I respectfully request that this site allocation be reconsidered and removed from the Preferred Option Plan.

Thank you for the opportunity to comment on this proposal.

Yours faithfully,

[Redacted signature]

Tameside Planning and Building Control:
Market Place
Ashton-under-Lyne

11 February 2026

Sent via email to planpolicy@tameside.gov.uk

Dear Sir/Madam,

LAND AT MATLEY LANE, HYDE

REPRESENTATIONS TO THE TAMESIDE LOCAL PLAN: 'HOMES, SPACES, PLACES' PREFERRED OPTIONS

1. Introduction

These representations are submitted by Made it Together on behalf of Northern Trust Land Limited (NT Land) in response to the Preferred Options version of the Tameside Local Plan.

NT Land controls land at Matley Lane, Hyde (approximately 4.69 hectares) and continues to promote the site for housing. This submission builds on previous representations made to the Council, including the September 2024 Scoping Consultation submission, and reflects the evolving national planning policy context, particularly changes to the NPPF and the updated Standard Method for calculating Local Housing Need.

In short:

1. The housing need for Tameside has significantly increased.
2. Green Belt boundaries should be reviewed where necessary to meet that need.
3. Sustainable, deliverable sites such as Matley Lane are needed to meet that requirement.

We therefore formally promote the site as a proposed residential allocation.

2. Representations

SPATIAL FRAMEWORK

Policy HSP S1: Overall Spatial Strategy

Housing Requirement

Policy HSP S1 sets the overall housing requirement at 9,700 net additional dwellings (2022–2042), based on the Places for Everyone (PfE) requirement of 485 dwellings per annum, rolled forward beyond 2039.

However, since PfE was adopted, the Government has introduced a revised Standard Method for Local Housing Need. For Tameside, this produces a requirement of approximately 1,130 dwellings per annum.

Applied across the full plan period (2022–2042), this equates to at least 22,600 dwellings, substantially higher than the 9,700 currently proposed.

The NPPF is clear that the Standard Method is the minimum starting point for plan-making. The Council should therefore:

1. Reassess the overall housing requirement;
2. Align it with the updated Local Housing Need figure; and
3. Plan positively to significantly boost supply.

It is also not appropriate to simply roll forward the PfE requirement beyond 2039. From that point onwards, the Council should apply the updated Standard Method figure.

If the Local Plan is to be sound and consistent with national policy, additional deliverable sites will need to be identified. That includes sustainable edge-of-settlement locations such as Matley Lane.

HOMES

Policy HSP H1: Housing Size, Type, Mix and Tenure

NT Land supports the aim of delivering homes that meet local needs. However, housing mix policies must allow flexibility. While the Housing Needs Assessment is important, the final mix on any site must also reflect:

- Market demand
- Site context
- Viability considerations
- Absorption rates

Policy HSP H1 appropriately allows deviation from the prescribed mix in certain circumstances. However, this flexibility should explicitly include market considerations, not just viability.

The Matley Lane site is well suited to delivering:

- Family housing
- Affordable homes
- Self-build plots

A flexible policy framework will ensure this type of site can be delivered efficiently and viably.

PLACES

Policy HSP PL8: Design and Amenity

We support the objective of securing high-quality design. However, some elements of Policy HSP PL8 repeat requirements found elsewhere in the Local Plan. The NPPF advises against duplication. The policy should be streamlined to improve clarity and soundness.

The policy also refers to documents such as:

- A forthcoming Character and Design Assessment
- Greater Manchester Streets for All

These are not development plan documents. The policy should require development to “have regard to” these documents, rather than requiring strict compliance.

Policy HSP PL13: Design of Public Realm and Urban Spaces

We support the ambition to create high quality public realm.

However, as with PL8, reference to the Greater Manchester Streets for All Design Guidance must be framed appropriately. Applicants should be required to “have regard to” the document.

GREEN BELT

The key issue for Matley Lane is its current Green Belt designation.

National policy allows Green Belt boundaries to be altered where exceptional circumstances are demonstrated through plan-making.

The scale of the uplift in housing need, moving from 485 dwellings per annum under PfE to around 1,130 under the revised Standard Method, is a material change in circumstances.

If the Council aligns with national policy and plans for its full Local Housing Need, a review of Green Belt boundaries will be necessary.

Matley Lane represents exactly the type of site national policy anticipates for release:

1. Small in scale
2. Adjacent to the urban edge
3. Well contained
4. Making a limited contribution to Green Belt purposes
5. Capable of early delivery

Assessment of Matley Lane Against the Five Green Belt Purposes

1. Checking urban sprawl

The site is directly adjacent to established housing to the west and south. It is contained by:

- Existing built development
- Matley Lane
- A strong woodland belt to the east
- Significant changes in topography

Development would represent rounding-off rather than sprawl. The site would not extend the built-up area beyond its established edge.

2. Preventing neighbouring towns merging

There remains a substantial gap between Hyde and Stalybridge, including:

- Playing fields,
- A golf course,
- An equestrian centre,
- Open countryside.

Development of this site would not reduce that separation in any meaningful way.

3. Safeguarding the countryside from encroachment

The site is physically contained and would form a strong, defensible boundary once developed. There is no logical opportunity for further outward expansion beyond the woodland and topographical edge.

4. Preserving historic character

There are no historic towns affected. The site performs a neutral role.

5. Supporting urban regeneration

Tameside cannot meet its housing needs through brownfield land alone, particularly if planning for the full Local Housing Need figure.

A balanced supply of sites is required to maintain delivery and viability. Matley Lane would complement, not undermine, regeneration priorities.

Overall Green Belt Conclusion

The site makes a limited contribution to Green Belt purposes.

Its release would:

- Not undermine strategic containment,
- Not lead to coalescence,
- Not weaken the wider Green Belt,
- Create a stronger, defensible boundary.

There is therefore a clear and justified case for release through the Local Plan.

PROPOSED ALLOCATION

NT Land formally promotes the site as a residential allocation.

Site Details

- Location: Land at Matley Lane, Hyde
- Area: Approximately 4.69 hectares
- Capacity: Approximately 90 dwellings
- Use: Residential (including affordable housing and self-build plots)

Why the Site Should Be Allocated

The site is:

- Suitable: adjacent to the built-up area and sustainably located
- Available: in single ownership and actively promoted
- Deliverable: capable of early delivery within the plan period
- Unconstrained: no fundamental technical barriers

It can provide:

- Affordable housing
- Family housing
- Self-build opportunities
- Landscape-led design reinforcing a permanent Green Belt boundary
- Biodiversity net gain

Allocation would assist the Council in:

- Meeting its increased housing requirement
- Improving Housing Delivery Test performance
- Maintaining a robust five-year housing land supply

3. Conclusion

If Tameside is to:

- Align with national policy
- Plan positively for growth
- Address the significant uplift in housing need
- Deliver homes early in the plan period

then sustainable sites such as Matley Lane must form part of the Local Plan allocation strategy.

NT Land respectfully requests that:

1. The Council revisits the overall housing requirement under Policy HSP S1;
2. The site is identified as suitable for release from the Green Belt; and
3. Land at Matley Lane is included as a residential allocation in the Submission version of the Local Plan.

NT Land would welcome the opportunity to continue constructive engagement with the Council as the Local Plan progresses. We trust these representations will be given full and careful consideration in preparing the Submission version of the Plan.

Should the Council require any further information, technical input, or clarification in respect of the Matley Lane site, we would be pleased to assist.

We look forward to continued dialogue.

Yours sincerely,

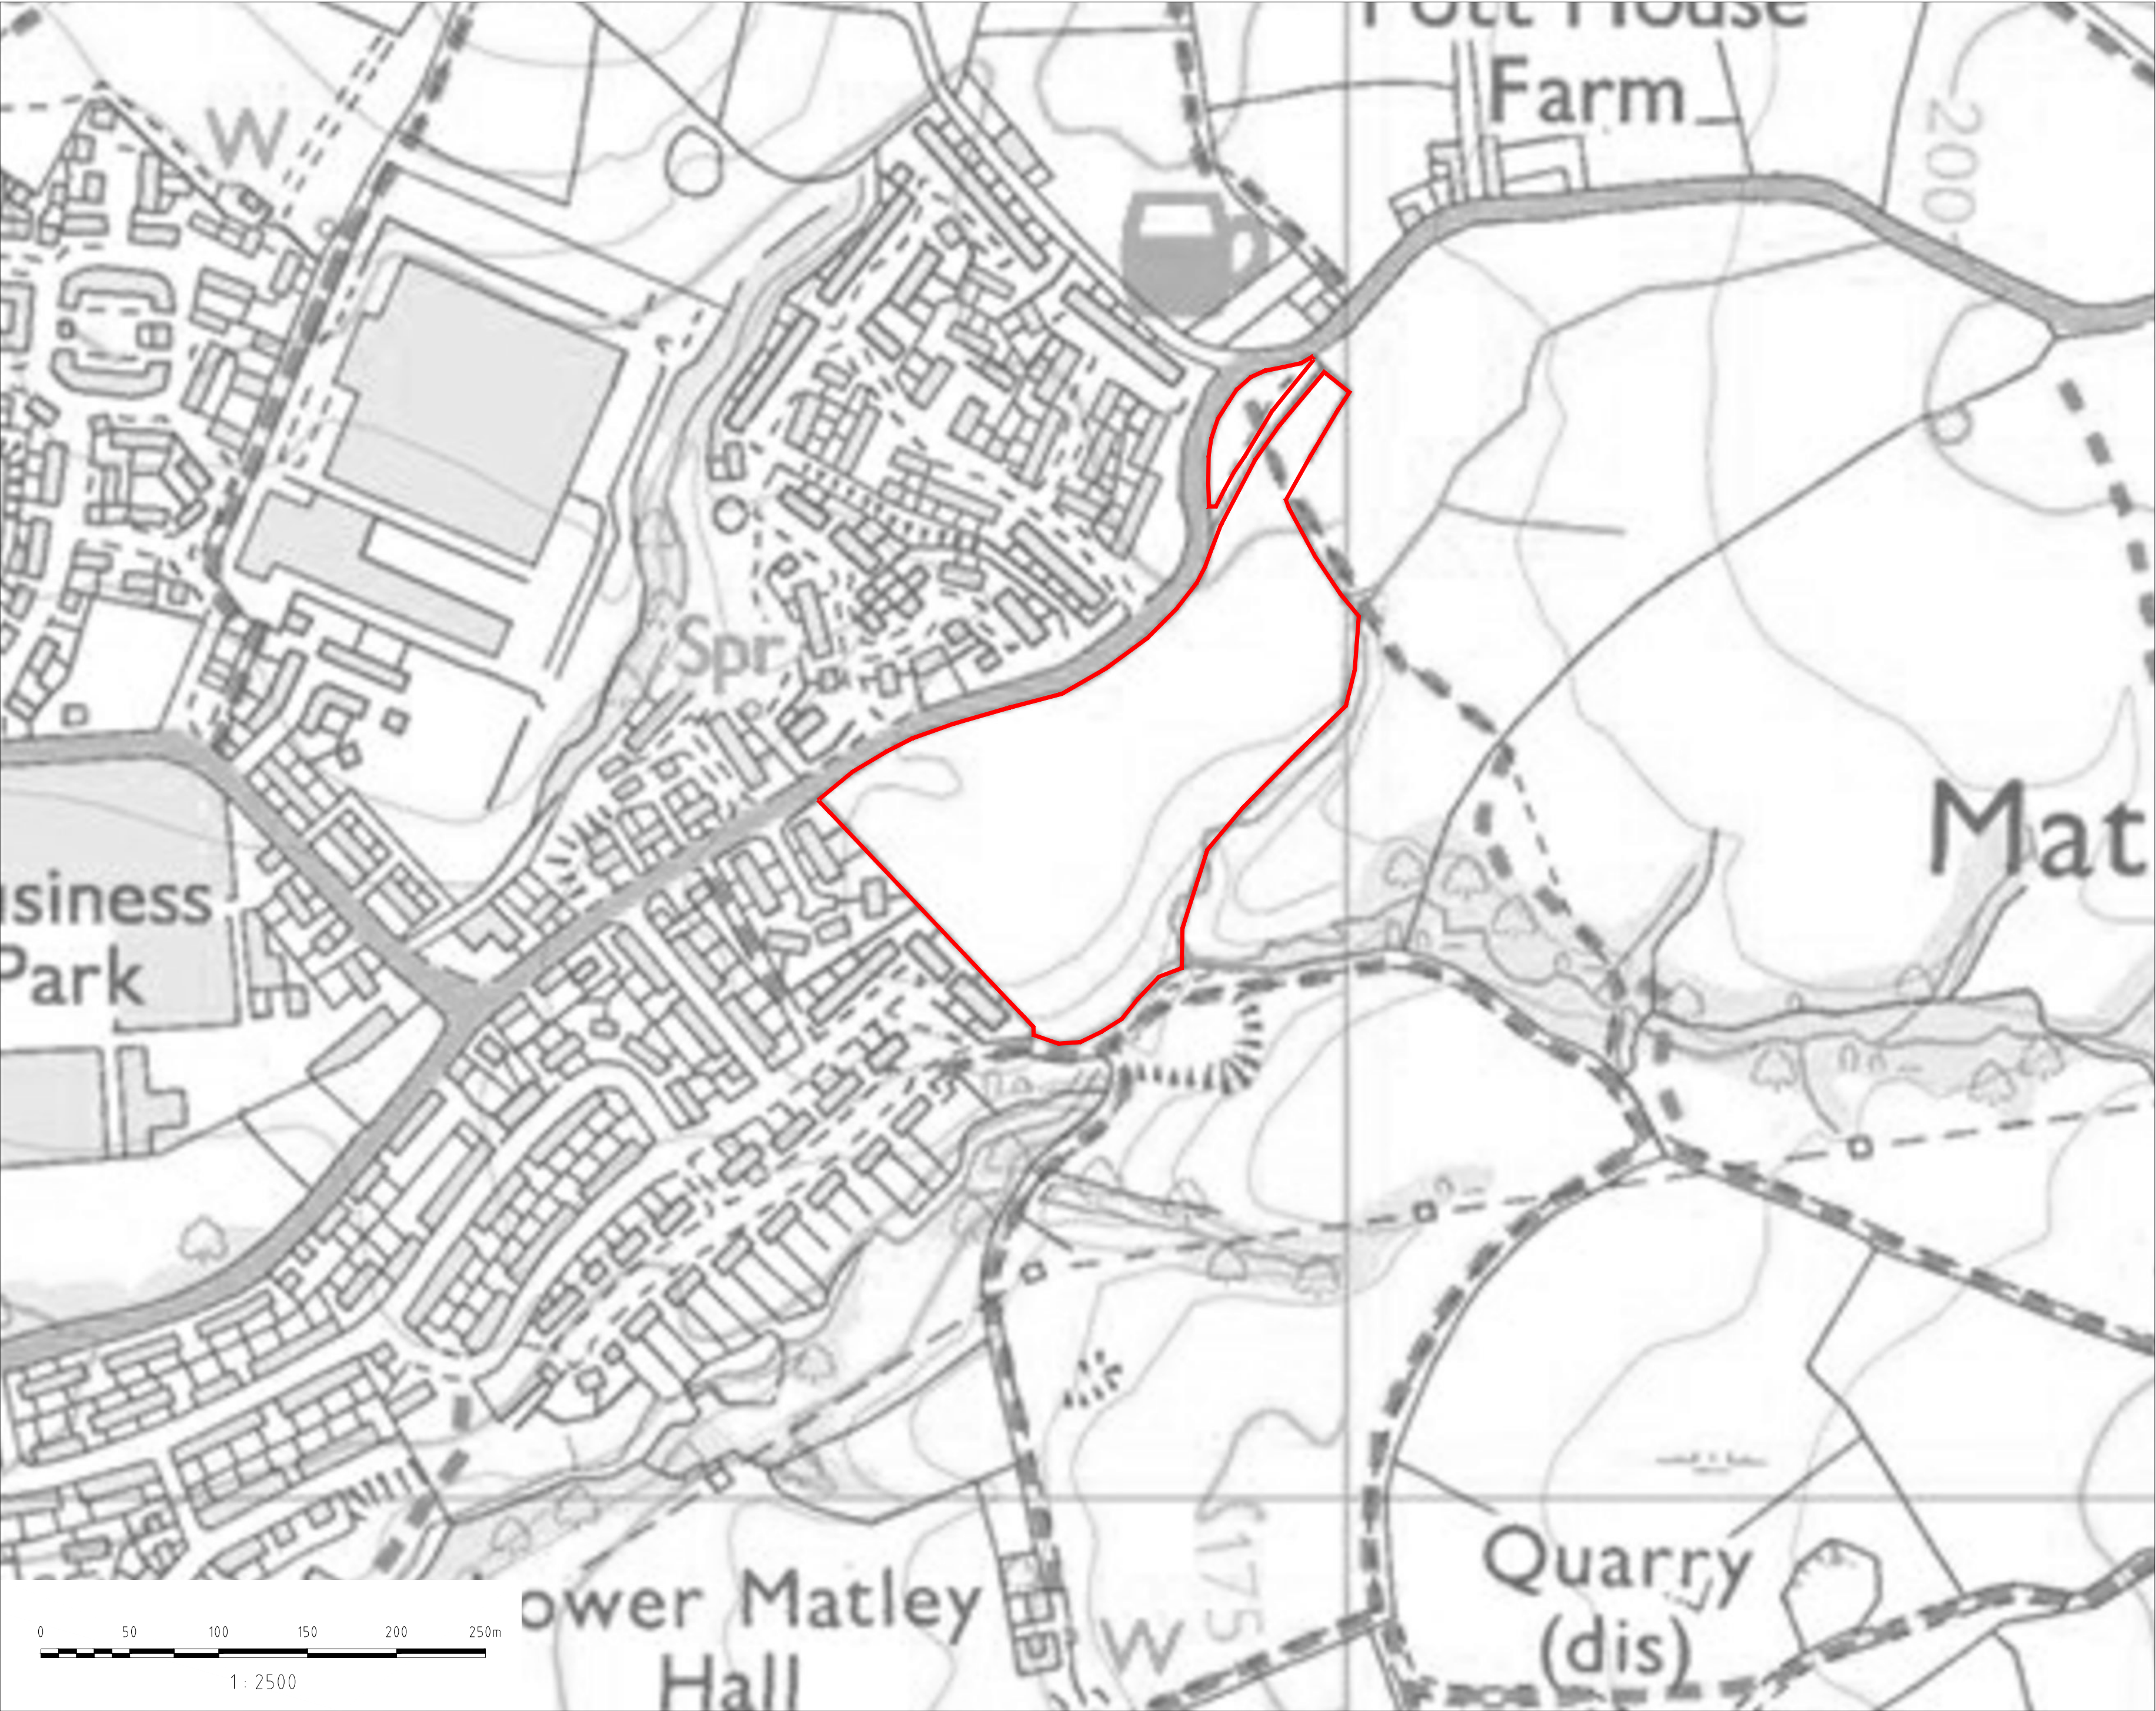

Director (MRTPI)

OL6 0GA

By email

Dear Planning Policy Team,

TAMESIDE HOMES, SPACES, PREFERRED OPTION CONSULTATION DRAFT PLAN

Manchester Airports Group (MAG) greatly welcomes the Preferred Option consultation draft of your Homes, Spaces, Places (HSP) plan. Our representations relate to those that we made in response to the Options and Preferences consultation in May 2025.

Travel

We recognise that the objectives and policies to support your ambitions for travel and sustainable transport infrastructure within Tameside are set out at a strategic scale within the Places for Everyone (PfE) plan and the Greater Manchester Local Transport Plan that will comprise the new Greater Manchester Transport Strategy 2050 and associated Delivery Plan (2027-2037) currently being developed and consulted on. Whilst these strategic objectives and policies do not need repeating within Homes, Spaces and Places, it is important to convey how the priorities for sustainable transport will be planned for, promoted through the management of development, and delivered to support new development coming forward at the local level in Tameside. We therefore welcome the inclusion of Policy HSP T1: General Approach, Policy HSP T3: Rail Infrastructure, Policy HSP T4: Rapid Transit, Policy HSP T5: Facilities for Buses and Policy HSP T6: Walking, Wheeling and Cycling in achievement of this.

Manchester Airport is a strategically important component of the UK's infrastructure network and serves as the UK's global gateway in the North. The Airport's significant economic contribution, excellent transport connectivity and opportunities for growth all help to meet the future development needs of Greater Manchester. As such, the Places for Everyone Plan recognises Manchester Airport as a key factor in unlocking the economic potential of the region and realising the wider growth agenda for the North, and that to maximise the Airport's contribution to the growth agenda it must be well-connected to the key towns and cities that it serves. The GM Local Transport Strategy 2040 and the new GM Local Transport Strategy 2050 that is currently being developed, further recognises the Airport as a catalyst for growth and economic development in the City Region and the importance of its continued success to the residents and business of Greater Manchester. The draft Transport Strategy 2050 acknowledges the associated demand on the transport network and higher sustainable transport mode share targets that are required to achieve the Airport's growth aspirations. For Tameside, accessibility

of the Airport by public transport from across the borough is currently poor, with journey times in excess of 60 minutes. Delivering transport interventions associated with the Eastern Growth Corridor, supporting the delivery of Northern Powerhouse Rail (NPR) and the other rail infrastructure schemes set out at Policy HSP T3, as well as improvements to bus facilities and bus priority measures as set out at Policy HSP T5, will help to strengthen networks between Tameside and Manchester Airport.

Places

We strongly welcome and support the inclusion of policy HSP PL8: Design and Amenity (Part 6d. Development which would adversely affect the operational integrity or safety of Manchester).

Ensuring that the operational safety and efficiency of Manchester Airport are not compromised has implications for land and development within the borough and may influence the type of development allowed in certain areas. This presents specific development issues that cannot be addressed by generic development management policies. It is therefore essential to include an effective aerodrome safeguarding policy within your Local Plan. The policy wording at 6d is robust and does not require any amendments. We would however recommend that the policy is accompanied by supporting text to provide the relevant justification and details relating to this policy requirement. These details are set out below.

Reasoned Justification and Supporting Text:

Aerodrome Safeguarding ensures the safety of aircraft manoeuvring on the ground, taking off, landing or flying in the vicinity of the aerodrome. Aerodrome safeguarding is a legal requirement and regulated by ICAO (International Civil Aviation Organisation) and the UK CAA (Civil Aviation Authority).

By virtue of its importance to the national air transport system, Manchester Airport is an officially safeguarded aerodrome. Detailed information and guidance on aerodrome safeguarding is published by the Civil Aviation Authority and its implementation in the Planning system can be found in ODPM/DfT Circular 01/2003 'Safeguarding Aerodromes, Technical Sites & Military Explosives Storage Areas Direction' (or any subsequent Direction or revised versions of this Circular). In accordance with this Circular, Manchester Airport is a statutory consultee for certain planning applications for developments that require safeguarding to protect the safety of the Airport's operation. The safeguarding zones around Manchester Airport are defined on a safeguarding map lodged with relevant local planning authorities by the Airport. The map defines development types that require prior consultation with the Airport Operator and/or National Air Traffic Services Ltd (NATS). The safeguarding zones for Manchester Airport cover Tameside and the main implications for the types of development that will require consultation are:

- Obstacles – All buildings, structures, erections or works that exceed the heights as specified on the safeguarding map for different areas of the borough – these may cause an obstacle and/or impact on radar.

- CNS – Any development that might cause interference with radar and other communication, navigation and surveillance systems (CNS). This includes tall buildings and renewables such as wind turbines.
- Thermal Plumes – Any scheme that could cause a change to air density e.g. chimneys.
- Aviation – Applications connected with an aviation use including drones, EVTOL (electric vertical take-off and landing) aircraft, UAS (unmanned aircraft system), UAV (unmanned aerial vehicle), vertiports and heliports.

To accompany this representation, we have attached GIS shapefiles for each of the zones within Manchester Airport's safeguarded area should you wish to include them on your Policies Map. If so, it is important to make clear that developers/ applicants should consult the Council about the current extent of the safeguarded areas because they are reviewed and amended from time to time by the Aerodrome Safeguarding Authority.

Thank you for providing us with the opportunity to comment on the Preferred Option for your Homes, Spaces, Places Plan. We trust that our comments have been useful but please don't hesitate to contact us should you wish to discuss any of the matters raised in more detail.

Yours sincerely,

Planner

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

What are your thoughts on Policy HSP S2F: Denton?

[illegible]

I live in Haughton Green, I wish to object to further building on green spaces, Haughton Green has just one road in and one road out, It can take up to an hour to leave the village in the early morning to get to work or to reach an appointment at the Hospital for example, this is how it is and residents do their best to cope. But it is a difficult situation.

Residents are very worried about possible plans to build on the site of Two Trees School; we have been informed this would be 318 dwellings that could bring up to 600 extra cars on our already overcrowded roads. It has long been recognised by residents and Tameside MBC that Haughton green is a difficult area to access and egress.

Our Cllrs are supporting building on the footprint of the school, not the school field; we feel this is a better compromise.

Houghton Green was a small village with mainly farms and a church so the small roads weren't a problem but in the late 1950s and 60s the land was sold to Manchester council for a large housing estate, over the years this has been added to with private houses and Rental properties built by the local authority. Despite the population changes the roads haven't been touched, and are just the same. The suggestion that any small patch of land is free to be developed is completely contrary to the welfare and wishes of residents. Our Schools are overcrowded; our GPs surgery is over subscribed. Residents have to travel to work as there are very few employment opportunities locally.

Our local shops are failing and closing, older residents without a car and unable to walk to a bus stop; face a grim future without local shops to supply their needs.

Local businesses.

Originally in 1970 80 to 100

By 2015 55

In 2025 45

More Dwellings more population less businesses.

Amenities

Sports Amenities have fallen by 50% from 2013. Amenities are leased out by Tameside to individual groups.

Services have been removed from this area by the Local authority and moved to other areas.

I implore council not to build further dwellings in Haughton Green; we have given most of our village over to housing and cannot cope with more.

Postal Address

[REDACTED]

Q5

No

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Haughton Green has a problem with the amount of traffic in rush hour. If more houses are built in the area it will be gridlocked both morning and night. Also school and doctors will not be able to cope

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

All sounds good but building an additional 300 plus houses in Haughton Green on what was the school will be a nightmare. The amount of traffic at the moment trying to exit Haughton Green in the morning is basically at a standstill. Adding more cars, which there will be if these new houses are built will only add to this. Some mornings at the moment it has taken me 20 minutes plus to just drive down Two Trees lane with the amount of traffic.

Cc: [REDACTED]
Subject: Formal objection site HSP S2J allocation 1 Kerry Way
Categories: [REDACTED]

You don't often get email from [REDACTED]. [Learn why this is important](#)

Caution: This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender ([REDACTED]) or know the content is safe. If in doubt, click 'Report Message' at the top of your inbox and select 'Phishing'

To the Planning Policy Team,

I have family members living at [REDACTED] and I am writing to formally object to the Kerry Way (HSP S2J:1) industrial allocation. This proposal is legally unsound and non-compliant with the NPPF.

1. Procedural Unfairness: A site notice was only displayed on Feb 13th, just 7 days before the deadline. This is a breach of the Gunning Principles and the Council's own Statement of Community Involvement. We have been denied a fair chance to consult.

2. Impact on Children & Health: Building a 24/7 heavy industrial site next to the Discovery Academy is a breach of the Public Sector Equality Duty. The noise and air pollution from constant HGV traffic will directly harm the health of local children and elderly residents. As my daughter and grandson live locally and my grandson attends Discovery Academy and is also an asthma sufferer, I am gravely concerned about the impact of 24/7 HGV fumes and noise on my family's health."

3. Traffic Danger: Hattersley Road West cannot handle the volume of HGVs proposed. Under NPPF Paragraph 115, this will create a "severe" impact on road safety and local congestion.

4. Residential Amenity: The plan fails to provide adequate, enforceable noise and landscape buffers to protect the homes at Kerry Way and the proposed Manley Grove housing.

I urge the Council to remove this site from the plan immediately. I reserve the right to seek a Judicial Review based on these procedural and substantive flaws.

Regards,

#339

What are your thoughts on Policy HSP S2F: Denton?

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

The home on two trees should be limited to the footprint of the school. The roads were not built for the amount of people now living in Haughton Green. People can't get out of the area in the mornings can take 20 mins to get as far as three lane ends. My 4 children moved out of the area because of the traffic in the mornings trying to get to work. The schools are at capacity, the Doctor and dental appointments are bad enough now. The area outside the back gates, mill lane as got a massive badger set that as been there for over 25 years.. red newts in the stream and bats. I live back to back with two trees and the traffic is bad all day ,but mornings is horrendous. The amount of cars that come with more houses is just not fair on the people already living here.

Q18

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

Q19

What are your thoughts on Policy HSP S2G: Droylsden?

Generally supportive. Would like to see more mention of creating safe spaces and places where people feel safe and proud of their local area.

Q20

What are your thoughts on the proposed development allocations in Policy HSP S2G: Droylsden?

I am writing as a resident who lives directly between the proposed housing allocations at Droylsden Marina and Victoria Mill. I welcome Tameside Council's efforts to identify brownfield sites for housing, but I would like to raise the following points for consideration:

HSP S2G: Allocation 1: Droylsden Marina

- I support the principle of redeveloping this brownfield site for housing, as it is well-located near the canal and local transport links.
- It is important that the site is secured and maintained during and after redevelopment to prevent issues such as fly tipping, anti-social behaviour, or unauthorised access. Fly tipping is a major issue on this site currently.
- Any development should carefully protect mature trees and green areas which contribute to the local environment and residential amenity.
- I request that high-quality design is required, reflecting the local character and creating safe, well-overlooked public spaces for residents.
- * Development proposals for the site should promote and improve links with Droylsden town centre and the marina, encouraging walking and cycling access to both the marina and town centre uses.
- Provision for children's play is important. Currently, children use nearby quiet streets for playing, cycling and football; a designated safe play area within the development would help reduce risks on surrounding roads.
- Traffic and street layout must be carefully managed to avoid turning existing quiet streets and cul-de-sacs into vehicle cut-throughs and rat runs. Maintaining the current peaceful character of the existing housing and marina is important for resident safety and amenity.
- Consideration should be given to parking provision to avoid congestion on surrounding streets.
- I encourage the inclusion of small-scale leisure or community uses on the ground floor of buildings near the canal to enhance the local area, while avoiding overly dense commercial development.

HSP S2G: Allocation 4: Victoria Mill

- I note that Victoria Mill is identified as a housing allocation. I request that any proposals respect the heritage and character of the mill building, incorporating sensitive design and ensuring that height and density do not overwhelm the surrounding residential areas.
- Traffic and pedestrian safety measures should be planned in advance, particularly given the site's proximity to local roads and footpaths.
- Any development should also provide safe, accessible spaces and not create areas prone to anti-social behaviour and fly tipping.

General comments

- * The council should prepare development briefs for these two key sites on the edge of Droylsden town centre and marina to set out how the council envisage the sites being developed and existing local residents and stakeholders should have an input in this.
- Any future developments on these sites should include adequate infrastructure improvements, including pedestrian and cycling connections, to support new residents and maintain quality of life for existing residents.
- * The existing local built heritage assets, canal, waterways and blue infrastructure should be respected and enhanced as part of any future development, including linkages from the allocation sites to surrounding areas
- I request that the council actively engages local residents in pre-application consultation once developers bring forward detailed proposals.

Overall, I am supportive of sustainable, brownfield-led housing growth but urge Tameside Council to ensure that these two allocations are developed in a way that balances new housing with the protection of existing neighbourhood character, green spaces, local infrastructure, and the safety and well-being of residents, especially children.

Q21

What are your thoughts on the proposed Strategic Regeneration Area in Policy HSP S2G: Droylsden?

Concorde suite is an eyesore and doing nothing to improve the image of the town. More needs to be done to capitalise on the town centres assets being a highly visible centre on a major route into Manchester by car, bus and tram. The centre needs to be opened up and make use of its location better. It could house a mix of uses, such as cafes, bars, restaurants, shops, leisure and community uses. It has plenty of space for car parking and many vacant units and by removing the dated Concorde suite and replacing it with a place fit for the needs of the local area and people passing through will enable the centre to thrive once again. Any future reconfiguration of the town centre needs to open up to the canal, road and tram rather than turn its back to it. A mix of uses not just retail is key to attracting people back to the town centre.

Q4

Respondent skipped this question

Postal Address

Q5

No

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I do support the fact that the plan sets a long-term spatial vision for Tameside to 2042, focusing on delivering quality homes, a strong local economy, vibrant centres, sustainable travel, well-designed places, a greener environment, and healthy, supportive communities aligned with the Council's Corporate Plan however there is no mention of protecting green space such as local football and cricket clubs.

Q17

What are your thoughts on Policy HSP S2F: Denton?

As Denton resident the addition of 710 houses is a cause for concern because there is no mention of how the existing infrastructure will be expanded, i.e more school places, more Doctors and Dentist, to cope with the increase in population. Will the green spaces be protected? How will the increase in car movements be managed? Will there be increased public transport infrastructure to support these new estates?

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

The use of brown field land around windmill lane can only be a positive step bring more jobs to the local area which should see local business benefit from increased foot fall. In particular the shops at Dane Bank.

However, in the allocations for Two Trees lane and Meadow lane green space is being lost to housing.

No

Do you consider that the Integrated Assessment has adequately assessed the potential environmental, social, and economic impacts of the proposed policies and allocations within the Plan?

Q110

Please give a reason for your answer

more detail required on the impact the increase in housing will have on local services, protection of existing green space and outdoor sports facilities.

Q111

Respondent skipped this question

Are there any sections of the Integrated Assessment that require further explanation or clarification?

Q112

Respondent skipped this question

The evidence supporting the plan has been published as part of this consultation. If you have any comments on the available evidence, please provide these below.

Q113

Respondent skipped this question

If you have any comments on the proposed monitoring framework, please provide these below.

Q114

Respondent skipped this question

If you have any other comments you wish to make on the plan not previously covered, please provide these below.

[REDACTED]

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I am interested mainly in new homes provision for the elderly. The vision is extensive but lacks the detail that I'm looking for

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

Very lengthy but a bit too technical for me

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

As above very lengthy document. I would prefer what's happening in my town

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Waste of money, too much focus and investment in ashton

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

None

Q12

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

As usual too much focus on ashton

Q13

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

Too much focus on ashton

Q14

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

Too much focus on ashton

Q15

What are your thoughts on Policy HSP S2E: Audenshaw?

None

Q16

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

None

Q17

What are your thoughts on Policy HSP S2F: Denton?

None

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

None

Q19

What are your thoughts on Policy HSP S2G: Droylsden?

None

Q20

What are your thoughts on the proposed development allocations in Policy HSP S2G: Droylsden?

None

Q21

What are your thoughts on the proposed Strategic Regeneration Area in Policy HSP S2G: Droylsden?

None

Q22

Respondent skipped this question

What are your thoughts on Policy HSP S2H: Dukinfield?

Q23

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2H: Dukinfield?

Q24

Respondent skipped this question

What are your thoughts on Policy HSP S2I: Hyde?

Q25

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2I: Hyde?

Q26

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2I: Hyde?

Q27

Respondent skipped this question

What are your thoughts on Policy HSP S2J: Longdendale?

Q28

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2J: Longdendale?

Q29

Respondent skipped this question

What are your thoughts on Policy HSP S2K: Mossley?

Q30

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

Q31

What are your thoughts on Policy HSP S2L: Stalybridge?

Not enough detail

Q32

What are your thoughts on the proposed development allocations in Policy HSP S2L: Stalybridge?

Not enough detail

Q33

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

Not enough detail

Q34

Respondent skipped this question

If you have any further comments on the Spatial Framework, please provide them below.

Page 5

Q35

What are your thoughts on the strategic objective for Centres?

Strange how some areas of the centre appear to be excluded. Looks like the town centres have been redrawn to suit the plans

Q36

No - if No, we'll move on to the next strategic objective, 'Environment'

Do you wish to answer questions on each of the policy under the 'Centres' strategic objective?

Page 6

Q37

Respondent skipped this question

What are your thoughts on Policy HSP C1: Network, Hierarchy and Designation of Centres?

Q38

Respondent skipped this question

What are your thoughts on Policy HSP C2: Primary Shopping Areas?

Respondent skipped this question

What are your thoughts on Policy HSP E3: Biodiversity and Geodiversity?

Q51

Respondent skipped this question

If you have any further comments on the Environment chapter of the plan, please provide them below.

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

Not enough detail provided, appears to be more about vague objectives and technical details

Q53

Yes

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

Page 10

Q54

What are your thoughts on Policy HSP H1: Housing Size, Type, Mix and Tenure?

Not enough housing for the elderly in the town centres

Q55

What are your thoughts on Policy HSP H2: Meeting Affordable Housing Needs?

Not enough thought on what the elderly need

Q56

What are your thoughts on Policy HSP H3: Meeting specific housing needs?

Needs to be more focus on the elderly. Why no retirement villages etc

Q57

What are your thoughts on Policy HSP H4: Build to Rent?

N/a

Q58

What are your thoughts on Policy HSP H5: Houses in Multiple Occupation (HMO)?

I don't want them in my town. We shouldnt provide them as they bring the local area down

Q59

What are your thoughts on Policy HSP H6: Gypsy, Traveller and Travelling Showpeople?

They're an eyesore

Q60

If you have any further comments on the Homes chapter of the plan, please provide them below.

Need to focus more on the elderly as they're generally holding the most disposable income

Page 11

Q61

Respondent skipped this question

What are your thoughts on the strategic objective for Jobs?

Q62

No - if No, we'll move on to the next strategic objective - People

Do you wish to answer questions on each of the policy approach under the 'Jobs' strategic objective?

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Too many houses being built without any increase in services. In Mossley in particular where also no scope to improve roads due to the Geography of the value.

Page 4

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

That all sounds great but for it to work you need to listen to the people who live in the different areas and provide what each area is lacking so it can provide all of the above points to improve residents lives.

Q31

Respondent skipped this question

What are your thoughts on Policy HSP S2L: Stalybridge?

Q32

What are your thoughts on the proposed development allocations in Policy HSP S2L: Stalybridge?

Absolutely ridiculous idea. All the local amenities are over subscribed in millbrook and surrounding areas. The road network is at gridlock in a morning and evening this will be exacerbated by adding another 110 family's to the problem. Most homes have two vehicles so that would be another 220 vehicles trying to leave and return to Millbrook at the busiest times of the day clogging up the roads.

Q33

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

I think its a ridiculous area to build on. With all the flooding Millbrook has seen recently and it becoming more frequent why would you allocate an area of land that helps take away the water to be built on and tarmaced over. This will only lead to worse flooding and disruption to people of Millbrook.

Q34

Respondent skipped this question

If you have any further comments on the Spatial Framework, please provide them below.

Page 5

Q35

Respondent skipped this question

What are your thoughts on the strategic objective for Centres?

Q36

No - if No, we'll move on to the next strategic objective, 'Environment'

Do you wish to answer questions on each of the policy under the 'Centres' strategic objective?

Q45

Respondent skipped this question

If you have any further comments on the Centres chapter of the plan, please provide them below.

Page 7

Q46

What are your thoughts on the strategic objective for Environment?

The proposed area in Millbrook is a farce. You will be destroying ecologically sensitive locations increasing flood risk by building on land the already helps to absorb rainfall so by building on it and tarmac/concreting over it are reducing the effectiveness of the water drainage. There for adding to the risk of flooding.

Q47

No - if No, we'll move on to the next strategic objective - 'Homes'

Do you wish to answer questions on each of the policy approach under the 'Environment' strategic objective?

Q51

Respondent skipped this question

If you have any further comments on the Environment chapter of the plan, please provide them below.

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

I agree the more AFFORDABLE homes are needed, but these need to be carefully placed in areas that will benefit the most. Not just in areas where whoever builds them can make the most profit. Also I have seen a number of building projects in recent years go up and the AFFORDABLE houses that end up being built are neither affordable or built to a good longlasting standard.

Q53

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

No - if No, we'll move on to the next strategic objective - Jobs

Page 10

Q54

Q60

Respondent skipped this question

If you have any further comments on the Homes chapter of the plan, please provide them below.

Page 11

Q61

What are your thoughts on the strategic objective for Jobs?

Building 110 new homes in Millbrook will not help anyone to get a new job. Its a small village on the outskirts of stalybrisge, which isn't a major hub for jobs.

Q62

Do you wish to answer questions on each of the policy approach under the 'Jobs' strategic objective?

No - if No, we'll move on to the next strategic objective - People

Page 12

Respondent skipped this question

Q67

If you have any further comments on the Jobs chapter of the plan, please provide them below.

Respondent skipped this question

Page 13

Q68

What are your thoughts on the strategic objective for People?

Building 110 homes in Millbrook will not help to achieve any of the aims you have stated above. If anything it will have a negative impact on people in the area. As all of the amenities are already struggling and oversubscribed even before you break ground to build more houses. We need investment in more local amenities for residents in the area before you can even start to look at building houses and bringing more people in to the area.

Q69

Do you wish to answer questions on each of the policy approach under the 'People' strategic objective?

No - if No, we'll move on to the next strategic objective - Travel

Respondent skipped this question

If you have any further comments on the People chapter of the plan, please provide them below.

Page 15

Q80

What are your thoughts on the strategic objective for Travel?

The public transport from Millbrook out towards stalybridge/Ashton and out towards mossley/oldham requires improvement. Busses are constantly late, some just dont turn up or tou get two arriving at once. People qill continue to use there own cars until the public transport runs way more efficiently and is a lot more reliable. The roads in and around Millbrook are getting worse, with each "small" new build estate. The roads are becoming carparks throughout the day.

Q81

No - if No, we'll move on to the next strategic objective - Places

If you have any further comments on the Travel chapter of the plan, please provide them below.

Page 17

Q92

What are your thoughts on the strategic objective for Places?

Just dont build on the greenbelt simple. There are plenty of old empty buildings that could be converted in to living accommodation and plenty of disused brownfield sites that could be built on to provide housing. But these dont make as much profit as slapping up cheap newbuilds and charging the earth for them.

Q93	No - if No, we'll move on to the Policies Map and Integrated Assessment

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

I am concerned that the proposed scale of development, particularly at the Two Trees site, is excessive and would result in overdevelopment. Development should be limited to previously built land and should not include the former school playing field or nearby green spaces. Any new housing must be proportionate and supported by the necessary infrastructure.

If you have any comments on the proposed monitoring framework, please provide these below.

Q114

Respondent skipped this question

If you have any other comments you wish to make on the plan not previously covered, please provide these below.

- 
- On site allocation 1 the access roads are not suitable for this amount of additional housing. Park road has too many cars parked at the traffic lights, Slate Lane would be ruined and Lumb Lane is already too busy.
 - On site allocation 2, the plot of land is too small to accommodate this amount of new homes. There's already too much traffic on all sides of this plot of land without cars accessing houses there and holding up the traffic.

What are your thoughts on Policy HSP PL13: Design of Public Realm and Urban Space?

Q107

Respondent skipped this question

If you have any further comments on the Places chapter of the plan, please provide them below.

Page 19

Q108

Respondent skipped this question

If you have any comments on the Policies Map, please provide these below.

Q109

Respondent skipped this question

Do you consider that the Integrated Assessment has adequately assessed the potential environmental, social, and economic impacts of the proposed policies and allocations within the Plan?

Q110

Respondent skipped this question

Please give a reason for your answer

Q111

Respondent skipped this question

Are there any sections of the Integrated Assessment that require further explanation or clarification?

Q112

Respondent skipped this question

The evidence supporting the plan has been published as part of this consultation. If you have any comments on the available evidence, please provide these below.

Q113

Respondent skipped this question

If you have any comments on the proposed monitoring framework, please provide these below.

Q114

Respondent skipped this question

If you have any other comments you wish to make on the plan not previously covered, please provide these below.

-
- Objection: HSP S2E Allocation 1: Ashton Canal – 65 dwellings. HSP S2E Allocation 2: Audenshaw Tram Stop – 36 dwellings.
 - As a resident of [REDACTED], I formally object to these development based on the following considerations.
 - 1. Highway Safety to Capacity:
 - The local network, Park Rd, Slate Lane to Watergate is at capacity. 101 new units will exacerbate congestion to encourage 'rat running' to Snipe Retail Park, compromising pedestrian safety.
 - 2. Infrastructure strain:
 - Local GPs, dentists and schools are already overstretched. This cumulative 'blanket effect' will leave the community with inadequate access to essential services.
 - 3. Overdevelopment:
 - The proposal represent an unsustainable density that fail to represent the local context or provide necessary infrastructure upgrades.

What are your thoughts on the proposed Strategic Regeneration Area in Policy HSP S2G: Droylsden?

Q22

Respondent skipped this question

What are your thoughts on Policy HSP S2H: Dukinfield?

Q23

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2H: Dukinfield?

Q24

Respondent skipped this question

What are your thoughts on Policy HSP S2I: Hyde?

Q25

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2I: Hyde?

Q26

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2I: Hyde?

Q27

Respondent skipped this question

What are your thoughts on Policy HSP S2J: Longdendale?

Q28

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2J: Longdendale?

Q29

Respondent skipped this question

What are your thoughts on Policy HSP S2K: Mossley?

Q30

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

Q31

Respondent skipped this question

What are your thoughts on Policy HSP S2L: Stalybridge?

Q32

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2L: Stalybridge?

Q33

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

Q34

Respondent skipped this question

If you have any further comments on the Spatial Framework, please provide them below.

Page 5

Q35

Respondent skipped this question

What are your thoughts on the strategic objective for Centres?

Q36

Respondent skipped this question

Do you wish to answer questions on each of the policy under the 'Centres' strategic objective?

Page 6

Q37

Respondent skipped this question

What are your thoughts on Policy HSP C1: Network, Hierarchy and Designation of Centres?

Q38

Respondent skipped this question

What are your thoughts on Policy HSP C2: Primary Shopping Areas?

Q39

Respondent skipped this question

What are your thoughts on Policy HSP C3: Development and Change of Use in Designated Centres?

Q40

Respondent skipped this question

What are your thoughts on Policy HSP C4: Local Shopping Areas and Parades?

Q41

Respondent skipped this question

What are your thoughts on Policy HSP C5: Development Involving Main Town Centre Uses?

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

This representation is submitted under the Homes, Spaces & Places Preferred Options consultation, and raises issues relating to the soundness and justification of the proposed allocation of Site HSP S2L (Cedar Avenue).

Representation on the Homes, Spaces & Places Preferred Options Plan

Objecting to Allocation: HSP S2L – Cedar Avenue, Stalybridge

I am responding to the Homes, Spaces & Places Preferred Options Plan in relation to Allocation 6 – Cedar Avenue.

I understand and accept the need for new housing across the borough and support a plan-led approach in principle. My comments are not an objection to development in general, nor to a planning application (none has been submitted), but a specific objection to this site being taken forward as a preferred allocation, when other, less constrained and more sustainable options should be considered first.

1. The site represents a terminal extension of the settlement

The allocation site is surrounded by existing housing estates, roads and Green Belt land. As shown on the plan, there are no further logical opportunities for expansion beyond this site.

This land currently forms the last defensible boundary between the existing estates and open land. Allocating it would permanently redefine the settlement edge and place development directly against Green Belt land, with no scope for further logical or contained growth.

This is not a site that “rounds off” development. It is a terminal extension, and once developed, the only remaining pressure for growth would be further into Green Belt land. At plan stage, sites in this position should only be allocated where there is a particularly strong and clearly evidenced justification, which has not been demonstrated.

2. Alignment with the Council's own spatial and environmental policies

It is unclear how the allocation of this site aligns with the Council's wider spatial strategy, including policies on:

- settlement form and density
- sustainable locations for growth
- protection of environmental assets and open land at settlement edges

The justification for selecting this site over other options appears limited, and it is not clear why a constrained edge-of-settlement site has been prioritised ahead of alternatives that may carry less long-term harm.

3. Environmental and ecological considerations

The land is currently open grassland and farmland and forms part of the local green environment. No clear information has been provided on what environmental or ecological assessments have informed the allocation.

Residents have observed wildlife activity in and around the site, and it is reasonable to expect that development could affect habitats and ecological networks. At plan stage, the absence of clear evidence on environmental and ecological impacts weighs against allocating the site.

4. Access, traffic and proximity to a school

All access to the site would be via Huddersfield Road and Cedar Avenue, routing traffic through existing residential streets. This is a significant constraint.

There is a school within approximately 500 metres, and traffic congestion at peak times is already an issue. Additional traffic generated by both construction activity and future residents would increase congestion and raise safety concerns, particularly at school-run times.

The Preferred Options Plan does not demonstrate how access, traffic generation or construction movements have been assessed in a way that reflects the realities of the local road network.

5. Impact on existing residents

While detailed design matters are for a future planning application, it is reasonable at plan stage to recognise that developing this site will have impacts on existing homes, including:

- loss of privacy
- loss of light
- visual impact at the settlement edge

The allocation does not explain how these impacts would be mitigated or whether the site can be developed in a way that respects its surroundings.

6. Drainage and surface water risk

Local experience shows that surface water drainage is already an issue in this area. Adjacent gardens experience slow drainage and waterlogging after rainfall, and the land itself struggles to absorb water.

Developing this site would remove permeable ground currently absorbing surface water, increasing the risk of runoff affecting neighbouring properties unless mitigation is both robust and realistic. The plan relies on the assumption that drainage can be addressed later, without providing site-specific evidence at allocation stage.

Given known local conditions, this is a significant concern and should be addressed before the site is taken forward.

7. Infrastructure capacity and mitigation

Local infrastructure is already under pressure, including:

- GP and dental provision
- school capacity
- highway capacity

The plan does not clearly explain how additional demand arising from this allocation would be mitigated. While mechanisms such as CIL and Section 106 contributions may be referenced, there is no clarity on whether they would be sufficient to address local infrastructure deficits.

At plan stage, the Council should be confident that growth can be supported by infrastructure, not reliant on uncertain future mitigation.

8. Consideration of alternatives

It is not clear where or how alternative sites, including brownfield land, have been assessed and discounted in favour of this allocation.

Before releasing a constrained edge-of-settlement site such as Cedar Avenue, the plan should clearly demonstrate that reasonable alternatives have been fully explored and prioritised.

Conclusion

For the reasons above, I respectfully ask the Council to:

- Remove Allocation 6 (Cedar Avenue) from the Preferred Options Plan, and prioritise alternative sites with fewer constraints and less long-term harm; or
- At minimum, reconsider the allocation until clearer evidence is provided on settlement edge impacts, access and traffic, drainage, environmental considerations, infrastructure capacity and alternative site assessment.

This site represents a sensitive and irreversible extension of the settlement boundary, and based on the information currently available, the case for allocating it has not been adequately made.

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Some contradiction regarding environment the use of some green space goes against these plans , the proposed housing plans all to often take the easy option of using large green areas rather than using existing none greensresc thatvare generally smaller but have not yet been exhausted. The proposed sighting of solar panels on werneth low , a place that meets a lot of the goals you have set and is already widely used by many every day to benefit physical and mental health . As our housing increases this place is a benefit to all and will be increasingly so as morecand more will rely on this sanctuary of peascod and views and a safe placeforwild life, the placing of the panels will ruin the habitat for many of the birds we have been trying to protect, the spoiling of the views will ruin, for many a place to relax exercise and enhance our mental health. In practice terms werneth low helps the health of local,people it saves the NHS time and money by having a healthy population. Spoil the outlook of the werneth low and many will not visit and use this valuable resource.

Cc: [REDACTED]
Subject: Representation on the Homes, Spaces & Places Preferred Options Plan

You don't often get email from [REDACTED]. [Learn why this is important](#)

Caution: This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender ([REDACTED]) or know the content is safe. If in doubt, click 'Report Message' at the top of your inbox and select 'Phishing'

This representation is submitted under the Homes, Spaces & Places Preferred Options consultation, and raises issues relating to the soundness and justification of the proposed allocation of Site HSP S2L (Cedar Avenue)

I am responding to the Homes, Spaces & Places Preferred Options Plan in relation to Allocation 6 – Cedar Avenue.

I understand and accept the need for new housing across the borough and support a plan-led approach in principle. My comments are not an objection to development in general, nor to a planning application (none has been submitted), but a specific objection to this site being taken forward as a preferred allocation, when other, less constrained and more sustainable options should be considered first.

1. The site represents a terminal extension of the settlement

The allocation site is surrounded by existing housing estates, roads and Green Belt land. As shown on the plan, there are no further logical opportunities for expansion beyond this site.

This land currently forms the last defensible boundary between the existing estates and open land. Allocating it would permanently redefine the settlement edge and place development directly against Green Belt land, with no scope for further logical or contained growth.

This is not a site that “rounds off” development. It is a terminal extension, and once developed, the only remaining pressure for growth would be further into Green Belt land. At plan stage, sites in this position should only be allocated where there is a particularly strong and clearly evidenced justification, which has not been demonstrated.

2. Alignment with the Council’s own spatial and environmental policies

It is unclear how the allocation of this site aligns with the Council’s wider spatial strategy, including policies on:

- settlement form and density
- sustainable locations for growth

- protection of environmental assets and open land at settlement edges

The justification for selecting this site over other options appears limited, and it is not clear why a constrained edge-of-settlement site has been prioritised ahead of alternatives that may carry less long-term harm.

3. Environmental and ecological considerations

The land is currently open grassland and farmland and forms part of the local green environment. No clear information has been provided on what environmental or ecological assessments have informed the allocation.

Residents have observed wildlife activity in and around the site, and it is reasonable to expect that development could affect habitats and ecological networks. At plan stage, the absence of clear evidence on environmental and ecological impacts weighs against allocating the site.

4. Access, traffic and proximity to a school

All access to the site would be via Huddersfield Road and Cedar Avenue, routing traffic through existing residential streets. This is a significant constraint.

There is a school within approximately 500 metres, and traffic congestion at peak times is already an issue. Additional traffic generated by both construction activity and future residents would increase congestion and raise safety concerns, particularly at school-run times.

The Preferred Options Plan does not demonstrate how access, traffic generation or construction movements have been assessed in a way that reflects the realities of the local road network.

5. Impact on existing residents

While detailed design matters are for a future planning application, it is reasonable at plan stage to recognise that developing this site will have impacts on existing homes, including:

- loss of privacy
- loss of light
- visual impact at the settlement edge

The allocation does not explain how these impacts would be mitigated or whether the site can be developed in a way that respects its surroundings.

6. Drainage and surface water risk

Local experience shows that surface water drainage is already an issue in this area. Adjacent gardens experience slow drainage and waterlogging after rainfall, and the land itself struggles to absorb water.

Developing this site would remove permeable ground currently absorbing surface water, increasing the risk of runoff affecting neighbouring properties unless mitigation is both robust and realistic. The

plan relies on the assumption that drainage can be addressed later, without providing site-specific evidence at allocation stage.

Given known local conditions, this is a significant concern and should be addressed before the site is taken forward.

7. Infrastructure capacity and mitigation

Local infrastructure is already under pressure, including:

- GP and dental provision
- school capacity
- highway capacity

The plan does not clearly explain how additional demand arising from this allocation would be mitigated. While mechanisms such as CIL and Section 106 contributions may be referenced, there is no clarity on whether they would be sufficient to address local infrastructure deficits.

At plan stage, the Council should be confident that growth can be supported by infrastructure, not reliant on uncertain future mitigation.

8. Consideration of alternatives

It is not clear where or how alternative sites, including brownfield land, have been assessed and discounted in favour of this allocation.

Before releasing a constrained edge-of-settlement site such as Cedar Avenue, the plan should clearly demonstrate that reasonable alternatives have been fully explored and prioritised.

Summary

For the reasons above, I respectfully ask the Council to:

- Remove Allocation 6 (Cedar Avenue) from the Preferred Options Plan, and prioritise alternative sites with fewer constraints and less long-term harm; or
- At minimum, reconsider the allocation until clearer evidence is provided on settlement edge impacts, access and traffic, drainage, environmental considerations, infrastructure capacity and alternative site assessment.

This site represents a sensitive and irreversible extension of the settlement boundary, and based on the information currently available, the case for allocating it has not been adequately made.

Ref: homes spaces places feedback - HSP S2E Audenshaw allocation 1 (Ashton canal) and allocation 2 tram stop

With reference to the above, I'd like to inform you that I am strongly against any housing estates located in "allocation one" Ashton Canal and "allocation 2" the tram stop.

Regarding the Ashton canal, there are a number of reasons for this, namely;

The roads surrounding the area are not suitably equipped to take the increased traffic and any increased traffic will put the children who use Ryecroft Hall Park at risk when crossing the local roads.

The traffic around the area is generally gridlocked at the best of times and adding more houses will only compound the matter

From an infrastructure point of view Audenshaw is seriously lacking Doctors Surgeries and Dentists not to mention the Hospital and Schools which are already running a full capacity.

Past surveys (local government sanctioned) have indicated that the air quality around this area is particularly poor this will compound the matters.

Regarding the wildlife on the Ashton canal (allocation1), I note in the past there has been a number of bats flying around this area and alongside the canal I note the occasional herring nesting - additional housing will put the only wildlife we have at risk.

We all need a quality of life and by building these houses it will have a negative effect on the local community from both a commuting/traffic and the quality of air point of view. There are a large number of trees in this area which are great for the environment and air quality and again the wildlife which will be cut down.

This project in my view goes against labourers promise of greener areas for all.

Regarding HSP S2E Audenshaw allocation 2 - tram stop

Again, this will have a negative impact on the local traffic that is at times already at a standstill. The increased traffic will also negatively impact on the quality of air which has been previously mentioned is a problem. Compounding matters by removing all the natural

hedges we have in this area will also have a negative impact - these hedges and green space make Audenshaw an aesthetically pleasing place to live in.

And again, the infrastructure including Hospitals Schools Dentists and Doctors surgeries are seriously lacking within Audenshaw.

Local counsellors in the past have identified this area as the centrepiece of Audenshaw, a cramped housing estate located in this area will put a stop to this and the limited green space we have in audenshaw.

I do hope you take my points into consideration and both housing estates do not proceed.

Kind Regards

A large black rectangular redaction box covering the signature area.

- Regarding HSP S2E Audenshaw Tram Stop. HSP S2D 65 homes.
- 1. 36 Homes! So 2 cars per house = 72 cars, your spokesperson expects 0 cars as on Tram Park. Your plans based on a 2004 prospect!! Get real. Your rep wouldn't/couldn't confirm at this stage if it is social or private homes.
- Concerns:
 - Road structure – roads are not capable to hold the traffic from Asthon – mway and Snipe as it is with a possible 72 more cars??
 - S2D: 65 more homes = 130 cars. Same concerns above to road structure!
 - Schools are overflowing in this area.
 - DRS – not enough no appointments
 - Hospital – not enough capacity
 - Dentist – nothing available unless private
 - To sum up: Two sites additional cars. Approx 202. Your spokes person suggested he expected/proposal people will use train instead of car. Will not happen.
 - Road cannot sustain this amount of additional cars – already gridlocked.
 - DR – not enough in this area and you cannot get appointment
 - Dentist – what are these!! Impossible to get registered.
 - Schools old and oversubscribed.
 - Not enough police
 - Ferral kids in area = no deterrent.
 - Average unit @ A&E – 5-18 hours (personal average for me)
 - Area cluttered with useless signage as it is!!
 - Tram stop area between two main very busy roads as it is
 - Instead of enhancing the area it seems destined you are squeezing an unacceptable amount of houses into a very unstructured area with little or no thought
 - 1. A main concern is putting social housing here as an overflow from Openshaw.
 - 2. Road structure gridlocked.
 - 3. Lack of hospital, school, DR, dentist, parking lack of
 - 4. Lack of police
 - Maybe look at all the fast-food shops and barbers to convert to housing flats? Still no parking.

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I agree that homes are needed but these need to be affordable. Either to buy or rent, not to make a huge profit in taxes. Infrastructure needs to be in place to accommodate housing. Roads need to be safe and not part of further congestion on areas. Nature and wildlife are extremely important. We need to stop destroying our current pockets of nature and building elsewhere. There are many empty buildings and factories that stand empty. These could be used for affordable housing. Our children need to be listened to, they need green land, farmland and nature to explore and learn from. We need to consider our environment carefully if we are to make living in Tameside a better experience.

To: Plan Policy
Subject: HSP S2F Allocation 6, Meadow Lane

You don't often get email from [REDACTED]. [Learn why this is important](#)

Caution: This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender ([REDACTED]) or know the content is safe. If in doubt, click 'Report Message' at the top of your inbox and select 'Phishing'

I would like to object to the plan to build 18 dwellings on such a small area of land on Meadow Lane and the impact it would have on Meadow Lane itself, i.e. the amount of traffic that would be created on an already vehicle saturated area.

I do not object to a smaller quantity of low rise dwellings being built in keeping with the area and without the necessity to take down trees and partial removal of the ancient wall which is part of the history of Meadow Lane.

Let's keep some history in Haughton Green!

Kind regards

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I think it's disgusting that this council doesn't listen to its residents and rail roads through policies and decisions without taking into account what local people want. We don't want large housing developments destroying Greenbelt with the potential for hundreds more cars on our already over congested roads. We don't want solar farms built on Greenbelt that has been left in trust to the people of Hyde and should be free from any development. Tameside council planning are a disgrace and the councillors that support these decisions need getting rid of and replacing with people Who care .

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

Draft Policy HSP S1: Overall Spatial strategy proposes to make provision for at least 9,700 net dwellings between 2022-2042. Under the Places for Everyone Plan ('PfE')(2024), Tameside is expected to deliver 8,235 homes over the Plan Period (2022-2039). It is acknowledged within the HSP Preferred Options that the HSP covers the period up to 2042 by using the minimum requirement figure set out in policy JP-H1 to inform local plan targets. This is derived from the annual average figure for 2022 to 2039. It does not use the new standard method for calculating housing need to calculate the housing requirement past the PfE window.

Separately the Preferred Options Plan at 5.22 states the following:

'As identified by the 2024 NPPF, for decision-making, Tameside can continue to apply the PfE requirement for a period of five years from the date of the adoption of it. PfE was adopted on 21 March 2024 and therefore for the purposes of decision-making its requirements can continue to be applied until 21 March 2029. After 21 March 2029 the council's housing requirement will, on the basis of the current methodology, increase. To reflect this, the council will commit to early review of HSP following its adoption, in particular to consider whether any new standard method has implications of identifying higher levels of housing need at the appropriate time and how these may be best met.'

Under the latest standard method, the housing requirement for Tameside would be 1,030 homes per annum which is an increase of 738 each year and over double the existing target within PfE. Tameside Council ('the Council') has historically recognised issues with housing delivery. Within the Housing Strategy (2019) it was recognised that there was a 'shortfall of land to meet the needs for new homes' and that the Council was 'open for business' to address barriers faced within housing delivery. In the context of poor housing delivery, the proposed revised standard methodology would place enormous additional pressure on Tameside to deliver more housing to meet housing targets.

Draft Policy HSP S1: Overall Spatial strategy proposes to make provision for at least 9,700 net dwellings between 2022-2042. Under the Places for Everyone Plan ('PfE')(2024), Tameside is expected to deliver 8,235 homes over the Plan Period (2022-2039). It is acknowledged within the HSP Preferred Options that the HSP covers the period up to 2042 by using the minimum requirement figure set out in policy JP-H1 to inform local plan targets. This is derived from the annual average figure for 2022 to 2039. It does not use the new standard method for calculating housing need to calculate the housing requirement past the PfE window.

Separately the Preferred Options Plan at 5.22 states the following:

'As identified by the 2024 NPPF, for decision-making, Tameside can continue to apply the PfE requirement for a period of five years from the date of the adoption of it. PfE was adopted on 21 March 2024 and therefore for the purposes of decision-making its requirements can continue to be applied until 21 March 2029. After 21 March 2029 the council's housing requirement will, on the basis of the current methodology, increase. To reflect this, the council will commit to early review of HSP following its adoption, in particular to consider whether any new standard method has implications of identifying higher levels of housing need at the appropriate time and how these may be best met.'

Under the latest standard method, the housing requirement for Tameside would be 1,030 homes per annum which is an increase of 738 each year and over double the existing target within PfE. Tameside Council ('the Council') has historically recognised issues with housing delivery. Within the Housing Strategy (2019) it was recognised that there was a 'shortfall of land to meet the needs for new homes' and that the Council was 'open for business' to address barriers faced within housing delivery. In the context of poor housing delivery, the proposed revised standard methodology would place enormous additional pressure on Tameside to deliver more housing to meet housing targets.

Homes Spaces Places Preferred Option Plan Consultation

A long term and robust approach to responding to this would be to pursue significant housing allocations in sustainable locations, where consisted housing delivery can be secured over the Plan period. Strategic allocations are effective in that they can secure new infrastructure and bring social value through developer contributions, helping to address the affordability issues that are present in the Borough.

Part 2b of Policy HSP S1 seeks to maintain a strong focus on making as much use as possible of suitable previously developed brownfield land and vacant buildings, to meet development needs. This is a sensible and sustainable approach, and the word 'making as much use as possible' is a key term which allows flexibility.

Part O seeks to maintain the borough's Green Belt boundary in accordance with PfE policy JP-G9. This approach is restrictive and means that the only Green Belt release sites are Godley Green Garden Village (2,150 homes) and South of Hyde (400). The rest of this response identifies problems with the existing supply and will underscore the argument that restricting further Green Belt release will place significant pressure on housing delivery.

Q9

Respondent skipped this question

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

Q10

Respondent skipped this question

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Q11

Respondent skipped this question

What are your thoughts on Policy HSP S2C: Hyde Triangle?

Q12

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

Policy HSP S2D seeks to deliver a net increase of 2,230 homes across Ashton. The Interactive Policies Map does not show any Housing Allocations in Ashton Town Centre under Policy S2. Although it does mark a Strategic Regeneration Area under Policy HSP S2 in the town centre. The Preferred Options Plan under Policy HSP S2D seeks to deliver a net increase of 2,230 homes across Ashton, including a significant focus on delivery of apartments within Ashton Town Centre. It is not clear but assumed that this figure includes the 466 modelled as part of the town centre masterplan. Therefore it is unclear where the remaining 1,754 units will come from and if they have been masterplanned and tested or whether this is an estimation. This should be made clear.

We will comment on the assumption that this figure is formed of dwellings expected to be delivered by the Ashton Mayoral Development Zone, to which Policy HSP S2B is necessary. This draft policy states that 'It will see the delivery of a significant number of new homes where development will generally be of a high-density, reflecting its strategic importance, urban character and access to the Bee Network.'

The Ashton masterplan produced in February 2025 by Threesixty Architecture envisages a total of 466 units across the town centre masterplan if all were to be delivered. It is assumed that this is a best case scenario where the masterplan delivers its full capacity. It is acknowledged that £20m of funding has been unlocked to make improvements to town centre projects such as the redevelopment of Ashton Market Square. However given the viability constraints that would naturally fall on high-density apartments at this location, the Council should be cautious in relying on all 466 units shown in that Masterplan to be delivered.

Further, We note that the HSP Preferred Options also includes 1,000 dwellings for a 'Ashton under-Lyne Broad Location' also shown in Table 5.1. It is unclear where the Ashton under Lyne broad location units derive given it is not made clear in the Preferred Options Plan nor the Strategic Housing and Economic Land Availability Assessment (SHELAA) 2025. The National Planning Practice Guidance at Paragraph 026 Reference1 requires that an assessment should be made publically accessible which sets out why a site or broad location has been deemed suitable and available; the type and quantity of housing anticipated; as well as estimated build out rates and a trajectory of anticipated development. If there is not a formal allocation there seems a high element of risk to include this in a housing supply figure. One would question whether it should be relied upon at all given the lack of detail, location or chance of delivery.

Overall the housing supply in Ashton which forms around 3,200 dwellings in total, is largely unclear in terms of how these figures have been arrived at. It appears that this is largely reliant on 'strategic regeneration areas' and the 'Ashton Broad Location' where there is limited information on the capacity of dwellings. Where there is a masterplan, such as at Ashton Town centre, this forms circa 450 units and is proposed at high density, and we would question whether the Council are confident that there is a suitable market for high-density residential offerings in Ashton town centre. Robustly demonstrating the deliverability of these housing numbers should be at the forefront of this Plan.

Q13

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

The housing supply set out at Table 5.1 includes 7,690 dwellings formed of specific sites and allocations, of which Godley Green forms 2,350 homes.

The challenges in initiating the Godley Green project have been well reported. Whilst a version of the outline planning permission gained approval in November 2023, the latest planning application which formed an amendment to the previous outline permission (ref: 21/01171/OUT) was refused at planning committee in January 2026. It is understood that the application will be going to appeal.

Godley Green is estimated to take 15 years to deliver in total and it was previously targeted to start in 2026. The recent decision will incur further delays to the project which will mean that the Godley Green application may not gain approval until 2027 with a start on site potentially taking place later that year at best.

The Council's Strategic Housing and Economic Land Availability Assessment (SHELAA) 2025-2040 includes 1,504 dwellings from the Godley Green Garden Village in the Council's 0-5 years of the housing supply on the basis it was approved in December 2023. In light of the Council's latest decision on Godley Green and the delays associated this, it is unlikely that 1,504 dwellings could be delivered before 2030. Assuming a high delivery rate of 175 dwellings per year starting from 2027, circa 525 dwellings may be delivered by the end of 2030. This is a shortfall of circa 1,000 from what is set out in the SHELAA.

As set out in the HSP Preferred Options Draft, the Council will be required to undertake a review of the HSP Plan in 2029 against the standard methodology for calculating housing need. The pressure which will be placed on the Council at this point is already apparent. However, the delays to Godley Green delivery undermine the Council's existing supply, which will further exacerbate the enormous pressure on the Council to find suitable housing supply.

Are there any sections of the Integrated Assessment that require further explanation or clarification?

Q112

Respondent skipped this question

The evidence supporting the plan has been published as part of this consultation. If you have any comments on the available evidence, please provide these below.

Q113

Respondent skipped this question

If you have any comments on the proposed monitoring framework, please provide these below.

Q114

If you have any other comments you wish to make on the plan not previously covered, please provide these below.

As part of the Call for Sites for the HSP Plan, and the Regulation 18 Consultation, WSP have supported Miller Homes in the promotion of a potential development site at Littlemoss in Ashton-under-Lyne. The site was considered within the latest SHEELA ref: H-DROEST-103 but was discounted as the site is within the Green Belt. The site is approximately 15.99ha. At a housing density of 35 dwellings per hectare the site has the capacity to deliver 350 new homes. A Vision document has been produced for the site (sent with this letter) which shows how the site could also achieve the following:

- 6 ha of blue and green infrastructure
- 2 new children's play areas
- 1.3km of Public Rights of Way integrated as part of a legible street and path network
- 4 enhanced ponds and enhanced ditches

The overall benefits of the site are as follows:

- Provision of a mix of housing, including family homes to help address the local needs of existing residents and the forecast requirements for more housing across the Borough over the next five years.
- Delivery of high-quality homes to broaden the housing offer of the Borough, to complement the smaller and more affordable homes available
- Provision of an extensive area of accessible public open space, green corridors and amenity space of circa 15 acres available for new and existing residents.
- Creation of an east-west linkage to the existing Public Rights of Way and a north-south linear green space to provide connectivity to surrounding open spaces and also to act in part as buffers to the existing residential development to the east and M60 motorway to the west
- Retaining and enhancing the existing Public Rights of Way and bridleway passing through the site, with new links through the site to surrounding paths and bridleways to the north, south and east of the site.
- Improved links and habitat to complement the water bodies at the site.
- Provision of a substantial financial contributions to be utilised by the Council for infrastructure improvements.

The site would therefore provide a myriad public benefits but importantly provide sufficient capacity to provide a substantial contribution to meeting Tameside's identified housing need over the plan period and help address some of the issues raised in this response. This site is in one ownership and has the backing of a national housebuilder which is eager to bring it forward at pace. The Council should be engaging with such willing housebuilders in an attempt to provide the housing that Tameside clearly needs, rather than simply playing a numbers game and hoping that an unidentified, un-masterplanned 'Broad Location' is realised over the Plan period.

The key issue with the Homes, Spaces and Places Preferred Options Plan is the robustness of its housing supply. Unclear and untested strategic allocations and unevidenced 'broad locations' do not given confidence that the number of homes included in the supply can be delivered within the Plan Period. The over reliance on high-density town centre homes on challenging brownfield sites should be complemented by a range of varied greenfield sites. Instead, the Council's 'flagship residential development project', Godley Green as it is described in the Plan, has been refused

by its own Council and will be subject to further delays which is further threatening the housing supply in the Borough. It is very unlikely Godley Green will deliver the number of units over the Plan Period as is anticipated by the SHEELA.

The HSP Preferred Options Plan acknowledges that it will require a review in 2029, when the Council will be subject the standard method for calculating housing need which will almost double Tameside's housing requirement. With problems already lurking within the housing supply the Council need to adopt a more forward thinking approach to housing delivery instead of delaying addressing the issue. Should the Council look to a broader range of sites, including Green Belt sites in sustainable locations, they can future proof their supply against some of the issues raised

in this response. This will relieve some of the pressure the council are due to face upon reviewing the Plan in 2029.

The Council must allocate new housing sites to boost supply to address these issues and avoid the threat of serious undersupply from 2029. Land South of Lumb Lane (Council ref: H-WATERL-049) was previously considered suitable for housing allocation under the 2016 GMSF. The Vision document for Littlemoor submitted alongside this response demonstrates that the site is deliverable, available and suitable. As such, the site should be allocated for residential development as a priority as part of any new Plan.

What are your thoughts on Policy HSP PL7: Landscapes, Townscape and Urban Form?

Q101

What are your thoughts on Policy HSP PL8: Design and Amenity?

The Coal Authority records indicate that within the Tameside area there are recorded coal mining features present at surface and shallow depth including; mine entries, coal workings and reported surface hazards. These features may pose a potential risk to surface stability and public safety.

In light of the above we are pleased to see that Local Plan Policy HSP PL8: Design and Amenity includes a criteria which requires land instability to be investigated and addressed where necessary as part of new development proposals.

Cc: [REDACTED] Planning Mail
Subject: FORMAL OBJECTION - Site HSP S2J: Allocation 1 (Kerry Way)

Some people who received this message don't often get email from [REDACTED]. [Learn why this is important](#)

Caution: This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender ([REDACTED]) or know the content is safe. If in doubt, click 'Report Message' at the top of your inbox and select 'Phishing'

Good evening,

We are residents of [REDACTED] S and writing to formally object to the proposed Kerry Way (HSP S2J:1) industrial allocation.

Our objection is based on the following concerns:

1. Consultation Process

A site notice was displayed on 13 February, which appears to have been only seven days before the consultation deadline. We are concerned that this may not have provided residents with a reasonable opportunity to consider and respond to the proposal. We ask the Council to clarify how this approach aligns with the consultation principles established in **R v Brent LBC ex parte Gunning** (the Gunning Principles) and with the Council's adopted Statement of Community Involvement.

2. Impact on Children and Public Health

The allocation of a 24/7 industrial site in close proximity to Discovery Academy raises serious concerns regarding noise, air quality, and increased heavy goods vehicle (HGV) traffic. Again, we are concerned that these impacts could adversely affect the health and wellbeing of local children, elderly residents, and other vulnerable groups. We request that the Council clearly demonstrate how it has complied with its duties under the Public Sector Equality Duty and ensured that potential health impacts have been properly assessed.

3. Highway Safety and Traffic Impact

Hattersley Road West already experiences congestion, and we are again very concerned that the additional volume of HGV traffic associated with this development could significantly worsen road safety and traffic conditions. In line with paragraph 115 of the National Planning Policy Framework (NPPF), development should only be prevented or refused on highways grounds if there would be an unacceptable impact on highway safety or the residual cumulative impacts on the road network would be severe. We please ask the Council to provide clear evidence that these impacts have been fully assessed and would not reach that threshold.

4. Residential Amenity

We are worried that the proposal does not yet demonstrate adequate and enforceable mitigation measures, including effective noise attenuation and landscaping buffers, to protect the amenity of existing homes on Kerry Way, [REDACTED], and the proposed Manley Grove development.

Given the concerns outlined above, we respectfully request that the Council reconsider the inclusion of this site allocation and ensure full compliance with planning policy and consultation requirements.

Kind regards,

A solid black rectangular box used to redact a signature.

Subject: Development - Cedar Av

[You don't often get email from [REDACTED]. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

Caution: This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender ([REDACTED]) or know the content is safe. If in doubt, click 'Report Message' at the top of your inbox and select 'Phishing'

Asked ChatGPT to write me an objection if anyone wants it

Subject: Objection to Allocation 6 – Cedar Avenue (HSP S2L)

Dear Planning Policy Team,

I am writing to formally object to the proposed development of approximately 35 new homes on Allocation 6 – Cedar Avenue (2.03 hectares).

My objection is based on the following concerns:

1. Impact on Local Infrastructure

The surrounding roads, particularly around Spindle Point and Cedar Avenue, already experience congestion at peak times. An additional 35 homes would significantly increase traffic, parking pressures, and road safety risks, particularly for pedestrians and school children.

2. Pressure on Local Services

Local GP surgeries, schools, and other community services are already stretched. There is no clear evidence that infrastructure improvements will be delivered alongside this development to accommodate increased demand.

3. Loss of Green/Open Space and Wildlife Habitat The site currently provides valuable open space that contributes to local biodiversity and offers visual relief within a densely developed residential area. Development would result in the loss of habitat for wildlife and reduce green space accessible to residents.

4. Character of the Area

Cedar Avenue and the surrounding neighbourhood consist largely of established housing with a defined character and spacing. A new housing estate of this scale risks overdevelopment and would be out of keeping with the existing layout and density of the area.

5. Drainage and Flood Risk

Given increasing incidents of heavy rainfall, there are concerns about surface water drainage. Developing this land may exacerbate flooding risks in surrounding residential streets unless substantial mitigation measures are guaranteed.

For the reasons outlined above, I respectfully request that this site allocation be reconsidered and removed from the Preferred Option Plan.

Thank you for the opportunity to comment on this proposal.

Yours faithfully,

A black rectangular redaction box covering the signature area.

- Ref: HSP S2E Allocation 1: Ashton Canal:
 - Increased volume of traffic and pollution.
 - Slate Lane is an ancient highway and a cycle lane. Lots of young families and elderly residents use this lane regularly.
 - Concerns for lack of infrastructure to meet including access roads, overcrowding capacity doctor and dentist capacity, lack of job opportunities in the area.
 - No public footpath on Slate Lane which will impact if the road is opened up at back of retail park.
 - Anti-social behaviour increase
 - Lack of parking – this is already a problem in this area.
 - Increased noise levels from traffic
 - Ref: HSP S2E Allocation 2: Audenshaw Tram Stop:
 - This road is already a very busy road. There is a high number of road traffic accidents been reported to date.
 - Car parking for proposed homes?

-
- HSP S2E Allocation 1: Ashton Canal
 - We are concerned about:
 - 1. Use of slate lane to site causing noise, emergency access, disruption.
 - 2. Reduction of greenspace and removal of conservation trees
 - 3. Removal of historic railway wall
 - 4. Recently developed signposted cycle route along narrow slate lane
 - 5. When houses purchased in 1984 land opposite was allocated as extension to front gardens and parking area for residents.
 -

I do not want this. Myself along with most of the residents in this area strongly oppose it.

Q32

What are your thoughts on the proposed development allocations in Policy HSP S2L: Stalybridge?

This should not be allowed to happen here. It's a small area of natural beauty and offers us peace and quiet along with security and the fact the area behind Cedar Avenue is not overlooked. We love it this way and makes makes way for beautiful unspoilt country views of the surrounding area.

Q33

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

Definitely do not want it. For reasons outlined in Question 32.

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Stop protesting to build on green belt, or former green belt areas. We don't want this peaceful countryside turning into more soulless overspill housing.

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

Stop proposing to build on green spaces

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

Stop proposing to build on green spaces

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Stop proposing to build on green spaces

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

Stop proposing to build on green spaces

Q12

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

Stop proposing to build on green spaces

Q13

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

Stop proposing to build on green spaces

Q14

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

Stop proposing to build on green spaces

Q15

What are your thoughts on Policy HSP S2E: Audenshaw?

Stop proposing to build on green spaces

Q16

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

Stop proposing to build on green spaces

Q17

What are your thoughts on Policy HSP S2F: Denton?

Stop proposing to build on green spaces

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

Stop proposing to build on green spaces

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Whilst the vision sounds very impressive none of this will be achieved unless substantial financial input is delivered to ensure that each town within the borough has enough services to be able to support children to have the best start in life. The south East side of the borough, Hyde, Tameside and Gee Cross is faced with difficulties in road infrastructure, as it stands to get to Manchester to be on time for a 9am start at work you have to leave home at around 6.30 due to the sheer volume of traffic using the M67 and Hyde Road, don't even think about getting onto the M60 you will be still there at home time!

Q23

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2H: Dukinfield?

Q24

What are your thoughts on Policy HSP S2I: Hyde?

No 2 of the policy net increase of 3180 new houses across Hyde, is unrealistic, the town is currently struggling with access to GPs, dentists, schools placements and even petrol stations, living in the Newton area there have been 3 significant sized housing developments over the last few years with a fourth currently underway at the bottom of Clarendon Road, the area simply cannot take any more housing developments, the road infrastructure is a night mare during rush hour and school areas, doctor availability again is a difficult in itself and with only a limited number of schools in the area it simply isn't sustainable to increase this further. People living in Newton only have access to 2 petrol stations both around 2 miles away, doesn't seem a lot, however factor in the increased traffic due to all the housing developments and the increased heavy HGV traffic to the Newton Business Park each trip to the petrol station can take around 40 minutes, it all becomes incredibly frustrating! The policy is heavily focused on the gee cross side of Hyde pushing for development of Godley Green and its supporting infrastructure, there is little mention of any changes to the Newton/Dukinfield side of Hyde which is an area which could do with investment in recreational areas, replacement of the swimming pool which was closed in Dukinfield and green open park areas.

Q25

What are your thoughts on the proposed development allocations in Policy HSP S2I: Hyde?

HSP21 Victoria Street, this area is a wooded area where badgers and wildlife, there is a natural stream which runs through the area and using this space for employment uses would increase traffic flow significantly on an already under pressure Victoria Street and Talbot Road, Victoria street is a narrow road, and even buses struggle to pass in places, the road struggles to deal with the size of some of the HGVs which go to/leave newton business park with the mini roundabout at matley lane/talbot road and victoria street frequently seeing HGVs struggling to navigate around this. Crossing Matley and Victoria Street during peak times can take upwards of 10 minutes due to the amount of traffic. Cartwright is under pressure with the new housing estate which has been built on it and also restrictions on weights which can use the road, again forcing traffic onto victoria street and Talbot Road, Cartwright street is regular exposed to flooding during heavy rain. The wooded area is an area of beauty and wildlife and to lose this in in an area which at the moment seems to have very little regard for maintaining open green spaces would be impact negatively on the community. This side of Hyde simply can't take any further development. Not only do we talk about traffic, over populations and access to primary services but how does impact on say for instance policing these areas, all this is putting pressure on local services which are already under a lot of strain. It is such a shame to see on the all of proposals Flowery Field Station, Canal Street, Leigh Street, Arnside Drive that the local council seem hell bent on removing green spaces for the people of Hyde, the development of Godley Green is downright criminal for the people of Hyde, Hyde should be promoted as being a town at the foot of the Peak District and embracing all the natural beauty however Policy HSP S2I: Hyde seems determined on destroying this and making Hyde more of an extension of Manchester City Centre!

Q109

Respondent skipped this question

Do you consider that the Integrated Assessment has adequately assessed the potential environmental, social, and economic impacts of the proposed policies and allocations within the Plan?

Q110

Respondent skipped this question

Please give a reason for your answer

Q111

Respondent skipped this question

Are there any sections of the Integrated Assessment that require further explanation or clarification?

Q112

Respondent skipped this question

The evidence supporting the plan has been published as part of this consultation. If you have any comments on the available evidence, please provide these below.

Q113

Respondent skipped this question

If you have any comments on the proposed monitoring framework, please provide these below.

Q114

Respondent skipped this question

If you have any other comments you wish to make on the plan not previously covered, please provide these below.

- 
- I oppose both sites in Audenshaw for house building.
 - The traffic in and around Audenshaw is gridlocked at anytime of the time. There has been so many accidents in the area of Snipe Retail Park and with the trams.
 - Slate Lane site is too small for 60 houses. 0.95 hectares according to statistics is only big enough for 30 houses. This plot overlooks the Snipe Retail, motorway and canal.
 - It may have treebarriers surrounding it, it won't stop all the pollution from motorway and large wagons who park up over night and leave their waste and use it as a toilet.
 - Park Road cannot take any more traffic, cars parked on double yellow lines at the traffic light junction cars can not get in and out. Police do nothing about it.
 - The Green facing tram stop should be used as community garden not housing. People lost their homes on this patch and never settles in new homes. Seems sacrilege to build again.
 - Entrance and exit for cars on this island would be an accident black spot.
 - You build more housing with no extra schools, doctors or dentists.

Postal Address

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

The draft plans do not reflect that vision. They focus solely on homes and building. Nothing about infrastructure to support the people living here

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

You've basically earmarked any green space to build on. There are plenty of directly or brown field sites that sounds be utilised first.

Q9

Respondent skipped this question

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

Q10

Respondent skipped this question

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Q16

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

Q17

Respondent skipped this question

What are your thoughts on Policy HSP S2F: Denton?

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

You wish to build too many houses on two trees, which will turn haughton green into a car park. The green is already impossible to leave in peak times, whether by car or bus. The developments in denton would cause a hugely dense area of housing. There is nothing in the planning about the increase pressure these additional houses will put on services in the local area.

Q19

Respondent skipped this question

What are your thoughts on Policy HSP S2G: Droylsden?

Q20

Respondent skipped this question

Q91

Respondent skipped this question

If you have any further comments on the Travel chapter of the plan, please provide them below.

Page 17

Q92

What are your thoughts on the strategic objective for Places?

You cannot claim to protect green belt by just reclassifying existing green belt so you can build on it.

Q93

No - if No, we'll move on to the Policies Map and Integrated Assessment

Do you wish to answer questions on each of the policy approach under the 'Places' strategic objective?

What are your thoughts on Policy HSP S2L: Stalybridge?

Q32

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2L: Stalybridge?

Q33

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

Q34

Respondent skipped this question

If you have any further comments on the Spatial Framework, please provide them below.

Page 5

Q35

What are your thoughts on the strategic objective for Centres?

I agree with objectives but to do this to Denton when we already live on top of one another cannot see how it will work lol

Q36

Do you wish to answer questions on each of the policy under the 'Centres' strategic objective?

No - if No, we'll move on to the next strategic objective, 'Environment'

Page 6

Q37

What are your thoughts on Policy HSP C1: Network, Hierarchy and Designation of Centres?

Respondent skipped this question

Q38

What are your thoughts on Policy HSP C2: Primary Shopping Areas?

Respondent skipped this question

Q39

What are your thoughts on Policy HSP C3: Development and Change of Use in Designated Centres?

Respondent skipped this question

Q40

What are your thoughts on Policy HSP C4: Local Shopping Areas and Parades?

Respondent skipped this question

Q41

What are your thoughts on Policy HSP C5: Development Involving Main Town Centre Uses?

Respondent skipped this question

Q42

What are your thoughts on Policy HSP C6: Markets?

Respondent skipped this question

Q43

What are your thoughts on Policy HSP C7: Healthier Food Environment?

Respondent skipped this question

Q44

What are your thoughts on Policy HSP HSP C8: Food, Drink and Leisure Uses in Centres?

Respondent skipped this question

Q45

Respondent skipped this question

If you have any further comments on the Centres chapter of the plan, please provide them below.

Page 7

Q46

What are your thoughts on the strategic objective for Environment?

Already problems with old sewage pipes that need replacing causing problems same with water pipes constant leaks. So things like this need sorting before adding to problem

Q47

No - if No, we'll move on to the next strategic objective - 'Homes'

Do you wish to answer questions on each of the policy approach under the 'Environment' strategic objective?

Page 8

Q48

Respondent skipped this question

What are your thoughts on Policy HSP E1: Renewable and Low Carbon Energy?

Q49

Respondent skipped this question

What are your thoughts on Policy HSP E2: Surface Water and Water Efficiency?

Q50

Respondent skipped this question

What are your thoughts on Policy HSP E3: Biodiversity and Geodiversity?

Q51

Respondent skipped this question

If you have any further comments on the Environment chapter of the plan, please provide them below.

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

Too many, understand need housing and agree these need to be built. But not at the expense of people already living here. We first need impact report on how schools, doctors will be impacted and roads not after houses built

Q53

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

No - if No, we'll move on to the next strategic objective - Jobs

Page 10

Q54

Respondent skipped this question

What are your thoughts on Policy HSP H1: Housing Size, Type, Mix and Tenure?

Q55

Respondent skipped this question

What are your thoughts on Policy HSP H2: Meeting Affordable Housing Needs?

Q56

Q60

Respondent skipped this question

If you have any further comments on the Homes chapter of the plan, please provide them below.

Page 11

Q61

What are your thoughts on the strategic objective for Jobs?

Not sure how it will work

Q62

Do you wish to answer questions on each of the policy approach under the 'Jobs' strategic objective?

No - if No, we'll move on to the next strategic objective - People

Page 12

Q63

What are your thoughts on Policy HSP J1: Existing Employment Areas?

Respondent skipped this question

Q64

What are your thoughts on Policy HSP J2: New Employment Development?

Respondent skipped this question

Q65

What are your thoughts on Policy HSP J3: Assessing the Loss of Employment Land or Accommodation?

Respondent skipped this question

Q66

What are your thoughts on Policy HSP J4: The Visitor Economy?

Respondent skipped this question

Q67

If you have any further comments on the Jobs chapter of the plan, please provide them below.

Respondent skipped this question

Page 13

Q68

What are your thoughts on the strategic objective for People?

Yeah right that's you intend to take all our green spaces in Denton and build houses

Q69

No - if No, we'll move on to the next strategic objective - Travel

Do you wish to answer questions on each of the policy approach under the 'People' strategic objective?

Page 14

Q70

Q79

Respondent skipped this question

If you have any further comments on the People chapter of the plan, please provide them below.

Page 15

Q80

What are your thoughts on the strategic objective for Travel?

Get rid of bike lanes waste of space, cycle on pavement anyway. Need roads to be wider. Better parking provisions. Link is up to metro link, better bus services. Maybe households should be limited to how many cars they have

Q81

No - if No, we'll move on to the next strategic objective - Places

Do you wish to answer questions on each of the policy approach under the 'Travel' strategic objective?
