What's important to me

My dogs Harry and Bonnie

My family and friends

Snacks (especially crisps!)

What I would like to get better at

Reading

Cooking

Running

People describe me as

Friendly

A good listener

Helpful

My job

I am an Educational Psychologist. It is my job to work with children to help them to feel safe and happy in school. I work with children like you to find out what you enjoy, what you are good at, what you might find tricky and what you would like help with.

I use this information to try and make changes you would like.

What we might do together

Talk about what is important to you.

Talk about your likes and dislikes.

Play some games.

Complete questionnaires together.

Complete some puzzles together.

Any questions?

If you have any questions you can write them down or ask someone to write them down for you and I will try my best to answer them when we meet.

What happens next?

First, I'll talk with adults that are important to you. For example, this could be your parent, carer or teacher. They will tell you when I'm coming to visit and check that that's ok with you. If you don't want to meet with me, or do any work, you don't have to. We will only meet if you want to and only do the activities that you feel comfortable with.
