### My job

I am a Trainee Educational Psychologist but you can just call me Jayne.

It is my job to work with young people to help them to feel safe and happy in school.

I work with young people like you to find out what you enjoy, what you are good at, what you might find tricky and what you would like help with.

I use this information to try and make changes you would like.

I'm a trainee which means I'm still learning, just like you! So hopefully you can help me.

### What we might do together

Chat about what is important to you

Play some games

Answer some questions

Complete some tasks together

### Any questions?

If you have any questions you can write them down or ask someone to write them down for you and I will try my best to answer them when we meet.

### What happens if you don't want to work with me?

If you don't want to meet me or do any work you don't have to.

We will only meet and do as much as you want to.

If you have any questions or worries, maybe you could talk to an adult that you know before we meet.
