Family fun at home from Tameside Culture

MINIATURE GARDEN

23 May marks the beginning of Children's Gardening Week.

We may not all have a garden or patch of greenspace, but we can get creative and make our own miniature fantasy garden!

Using an old box lid or tray why not create a tiny fairy garden, an amazing Lego playground or prehistoric home for toy dinosaurs. Make tiny swings, sheds and veggie plots and even a pond!

Why not send photos of your gardens to **events@tameside.gov.uk**
