Things to be aware of this month include:

- **Community Champions Event – Hyde Town Hall on Tuesday 1 March.** Tameside Champions invite you to attend a celebration, information and networking event for Tameside residents to find out more about your local community representatives, organisations and charities and learn how they can support you and your family. You will be able to discover what the Tameside Champions are doing in your area and what is on offer from local services, charities and organisations and how you can get involved.
The event will be attended by dignitaries including Madam Mayor and the Executive Leader. There will be presentations, speeches on a range of health, social and community topics, networking opportunities and workshops.
You can learn more about who the Community Champions are and how you can become one.
Tickets are free and everyone is welcome. A free light lunch and drinks will be provided. To sign up to attend, please visit:

- **Call to help support and improve NHS and social care services in Tameside and Glossop** – Residents in Tameside and Glossop are being encouraged to give feedback to support and improve NHS and social care services locally.
Everyone has different needs and experiences of care. Sharing feedback on health and social care services will inform improvements to care in the community and around the country and reward the amazing work of staff, helping to improve care for people, their loved ones and for everyone. Give feedback on your care with the Care Quality Commission at <https://www.cqc.org.uk/give-feedback-on-care>
- **Protect your child from Measles, Mumps and Rubella to give them best start in life** – On 1 February 2022, the Office for Health Improvement and Disparities (OHID), supported by the UK Health Security Agency (UKHSA) and the NHS, launched a new campaign, backed by NHS Tameside and Glossop Clinical Commissioning Group (CCG) and Tameside Council, encouraging parents and guardians of children aged 1

Local engagement and consultations

There are a number of consultations taking place which you may wish to take part in. For further information and to have your say please follow the relevant links below:

- **Pharmacy Needs Assessment** – Pharmaceutical Needs Assessments are used by the NHS to decide whether to approve applications for new pharmacies in an area and by commissioners to identify local health needs that could be addressed by pharmacy services. PNAs include information on:
 - Pharmacies in a local area and the services they currently provide
 - Other local pharmaceutical services, such as dispensing GP surgeries
 - Relevant maps relating to providers of pharmaceutical services in the area
 - Services in neighbouring Health and Wellbeing Board areas that might affect the need for services
 - Potential gaps in provision and likely future needs

While drafting the PNA we would like to use feedback from our residents about pharmacy provision and services in our area in order to gain a greater understanding into the current and future need of pharmacies across Tameside.

The feedback from this consultation will influence the recommendations in the

2022/25 Pharmaceutical Needs Assessment document before it goes to the Health and Wellbeing Board.

The deadline for responses is **7 March 2022**

- **Changes to the way people access health and care services** – During the pandemic, new ways to access care were introduced very quickly. These involved using technology, whilst we were locked down. Services are looking at how they can build on these changes for the future.
What do you think about using different ways to get help for your health and care? This includes using technology.
What are your thoughts on data sharing between different organisations involved in health and care?
Your survey responses will be used anonymously in the reports Healthwatch Tameside produce. The content of these reports will be considered when services are being planned, so it is really important to hear as many views from members of the public as possible. The deadline is **28 February 2022**. [\[Link Removed\]](#)
-

- **Delays in non-urgent care** – Have you delayed asking for help with your health because of the COVID-19 pandemic? Have you experienced delays in getting the care you need (after a GP has referred you)?
How have any delays affected your life?
Your survey responses will be used anonymously in the reports Healthwatch Tameside produce. The content of these reports will be considered when services are being planned, so it is really important to hear as many views from members of the public as possible. Regional engagement and consultations:

- **Neighbourhood Policing Consultation** – Your neighbourhood, your police, your say. Greater Manchester Police are seeking views from members of the public on neighbourhood policing in their area. Under their pledge to build public trust and confidence, they would like thoughts on what people want to see from their neighbourhood policing team. Neighbourhood policing is a crucial part of the future of policing in Greater Manchester, and the results of this survey will influence how the police work together in the community for years to come. The deadline for this is **21 February 2022**. [\[Link Removed\]](#)

National engagement and consultations:

-

-
-
- **School attendance: improving consistency of support** – The DfE are seeking views on what should be included in measures to improve the consistency of school attendance support and management. The following new measures are being proposed:
 - Requiring schools to have an attendance policy, and have regard to statutory guidance on the expectations of schools, academy trusts and governing bodies of maintained schools on attendance management and improvement.
 - Guidance on the expectations of LA attendance services.
 - A clearer more consistent national framework for the use of attendance legal intervention, including a new regulatory framework for issuing fixed penalty notices for absence.
 - Bringing the rules for granting leaves of absence in academies in line with other state funded schools.

The deadline for comments is **8 March 2022**.

Covid-19 opinion and behaviour insight:

The following are some key statistics taken from different pieces of national and regional research indicating what the impact of covid-19 has been for people including businesses. Understanding the impact of Covid-19 will be crucial to our recovery locally and how we plan to build back better.

- Confidence in public transport is increasing with both users and non-users reporting increased levels of confidence in buses and trains
- Half support the lifting of working from home guidance (50%), while 39% oppose

- Nearly 7 in 10 people are confident in the ability of the NHS to deal with those who are ill with Coronavirus (69%)
- Over two-fifths think that the government is planning to relax Covid-19 restrictions too quickly (43%), while 34% think they have got the balance about right, 13% think they are relaxing restrictions too slowly
- Over three-quarters say they followed the lockdown rules of 2020, and don't regret doing so (76%); 13% say they did and now regret doing so, just 6% say they didn't follow the rules
