- **Centres: A place with a range of strong, vibrant and diverse centres which serve their local communities and where people want to spend time.**
- **Travel: A well-connected place, where active travel is the first and natural choice, with high quality public transport connections, where people can travel safely and conveniently to destinations both within and beyond the borough.**
- **Places: A place where our cultural and built heritage are cherished, and where good design creates sustainable, safe, inclusive and accessible places.**
- **Environment: A greener place with a thriving natural environment and clean air, where communities and infrastructure are sustainable and climate resilient.**

Do you consider that the Integrated Assessment has adequately assessed the potential environmental, social, and economic impacts of the proposed policy approaches and strategies within the Plan?

Are there any sections of the Integrated Assessment that require further explanation or clarification?
