

2014/15 Department for Transport, Pothole Fund

In 2014 the Department for Transport made £168m available to local authorities to help repair damaged road surfaces and make improvements to surfaces to help stop potholes forming.

The amount made available to Tameside MBC for financial year 2014/15 was £474,852.

This additional funding was used by Tameside's Environmental Services section on a range of works aimed to improve our highway network and make it more resilient to vehicle and weather damage.

For the July - September 2014 we reported a spend of £205,360 on a range of initiatives.

For the October – December 2014 we reported a spend of £130,454.

For the final period, January – March 2015 we spent £139,038. This was spent on further activities to both repair road surfaces which had become damaged and improve surfaces to extend their life by improving resilience.

Major Structural Patching -

£ 75,493

Sites include;

Brecon Crescent,	Ashton-under-Lyne
Bristol Avenue,	Ashton-under-Lyne
Douglas Street,	Ashton-under-Lyne
Hill Street,	Ashton-under-Lyne
